Howard University: the First Hundred Years, 1867-1967 Rayford W. Logan,1969 When Rayford W Logan s astute history of Howard University appeared in 1969 Logan was in a unique position to analyze one of the nation s most prominent African American colleges He had recently completed

nearly thirty years at Howard as a history professor living and teaching through almost a third of the school's first century. Drawing from his own knowledge and university documents, Logan traced Howard's chronology from 1866 when it was conceived as a theological seminary for African American ministers to the increasingly successful and in Logan's words cosmopolitan institution of the 1960s. Logan detailed university milestones including Howard's founding by an act of Congress in 1867 and the election of Dr. Mordecai W. Johnson, the university's first black president, in 1926, as well as the accomplishments of Howard graduates. More than thirty years after its first publication, Logan's engaging account is essential for a thorough understanding of Howard and its place in the legacy of historically black universities. **The Horn Book**

More than a meditation on often frustrating legal efforts to fight inequality and racism, Meltsner, also a novelist and playwright, vividly recounts the life of a New York City kid struggling to make sense of coming of age amidst the tumult of vast demographic and cultural changes in the City Now, available in a quality eBook edition. **THURGOOD MARSHALL** NARAYAN CHANGDER, 2024-02-03.
