desire to make films but also find a new alternative vision of Mailer himself Norman Mailer was not just a writer but more he was one of the most influential Postmodern artists of the twentieth century with deep roots in the cinema He allowed the cinema to not only influence his aesthetic approach but sanctioned it as his easiest crafted analogy for exploring sociological imagination in his writing Mailer once suggested Film is legitimately more interesting than books and with that in mind readers of Norman Mailer might begin to rethink his oeuvre through the viewfinder of the film medium as he was equally as passionate about working within cinema as he was about literature itself **Business Digest** ,1918 **Sessional Papers of the Dominion of Canada** Canada.
