Women, Writing, and Language in Early Modern Ireland Marie-Louise Coolahan, 2010-01-28 This book examines writing in English Irish and Spanish by women living in Ireland and by Irish women living on the continent between the years 1574 and

1676 This was a tumultuous period of political religious and linguistic contestation that encompassed the key power struggles of early modern Ireland This study brings to light the ways in which women contributed they strove to be heard and to make sense of their situations forging space for their voices in complex ways and engaging with native and new language traditions The book investigates the genres in which women wrote poetry nuns writing petition letters depositions biography and autobiography It argues for a complex understanding of authorial agency that centres of the act of creating or composing a text which does not necessarily equate with the physical act of writing The Irish English and European contexts for women s production of texts are identified and assessed The literary traditions and languages of the different communities living on the island are juxtaposed in order to show how identities were shaped and defined in relation to each other Marie Louise Coolahan elucidates the social political and economic imperatives for women s writing examines the ways in which women characterized female composition and describes an extensive range of cross cultural multilingual activity

Women and Early Modern Cultures of Translation Hilary Brown, 2022 Women and Early Modern Cultures of Translation Beyond the Female Tradition is a major new intervention in research on early modern translation and will be an essential point of reference for anyone interested in the history of women translators Research on women translators has often focused on early modern England the example of early modern England has been taken as the norm for the rest of the continent and has shaped research on gender and translation more generally This book brings a new European perspective to the field by introducing the case of Germany It draws attention to forty women who can be identified as translators in sixteenth and seventeenth century Germany and shows how their work does not fit easily into traditional narratives about marginalization and subversiveness The study uses the example of Germany to argue against reading the work of translating women primarily through the lens of gender and to challenge claims about the existence of a female translation tradition which transcends the boundaries of time and place Broadening our perspective to include Germany provides a more nuanced and informed account of the position of women within European translation cultures and forces us to rethink gender as a category of analysis in translation history The book makes the case for a new woman interrogated approach to translation history to borrow a concept from Carol Maier and as such it will provide a blueprint for future work in the area Provided by publisher

Gender and Emotions in Medieval and Early Modern Europe: Destroying Order, Structuring Disorder Susan Broomhall, 2016-03-03 States of emotion were vital as a foundation to society in the premodern period employed as a force of order to structure diplomatic transactions shape dynastic and familial relationships and align religious beliefs practices and communities At the same time societies understood that affective states had the potential to destroy order creating undesirable disorder and instability that had both individual and communal consequences These had to be actively managed through social mechanisms such as children s education acculturation and training and also through religious intellectual and textual practices that were both socio cultural and individual Presenting the latest research from an international team

of scholars this volume argues that the ways in which emotions created states of order and disorder in medieval and early modern Europe were deeply informed by contemporary gender ideologies Together the essays reveal the critical roles that gender ideologies and lived structured and desired emotional states played in producing both stability and instability

Exemplary Tales of Love and Tales of Disillusion María de Zayas y Sotomayor, 2010-07-15 At the height of Mar a de Zayas s popularity in the mid eighteenth century the number of editions in print of her work was exceeded only by the novels of Cervantes But by the end of the nineteenth century Zayas had been excluded from the Spanish literary canon because of her gender and the sociopolitical changes that swept Spain and Europe Exemplary Tales of Love and Tales of Disillusion gathers a representative sample of seven stories which features Zayas s signature topics gender equality and domestic violence written in an impassioned tone overlaid with conservative Counter Reformation ideology This edition updates the scholarship since the most recent English translations with a new introduction to Zayas s entire body of stories

Patrick Graham, David Bagchi, 2020-01-01 The publication of Martin Luther's Ninety Five Theses in 1517 immediately elicited responses from dozens of Roman Catholics in Germany and beyond While Luther's works and those of his leading supporters have been available in English translation for many years those of most of his Catholic opponents have not In order to address this imbalance win a fairer hearing for the Catholic opposition and make it possible for students to understand both sides of the sixteenth century religious debates translators have drawn on the rich resources of the Kessler Reformation Collection at the Pitts Theology Library to present here introductions to and translations of ten Catholic pamphlets The volume begins with an essay sketching the larger background for these publications The editors hope is that this book will prove useful for teaching and research and will foster a deeper understanding of the sixteenth century theological discussions by allowing today's readers to hear voices that have been mostly silent in the English speaking world for centuries *Observant Reforms and Cultural Production in Europe* Pietro Delcorno, Bert Roest, 2023-08-09 The impetus of religious reform between ca 1380 1520 which expressed itself in a variety of Observant initiatives in many religious orders all over Europe and also brought forth the Devotio moderna movement in the late medieval Low Countries had considerable repercussions for the production of a wide range of religious texts and the embrace of other forms of cultural production scribal activities liturgical innovations art music religious architecture At the same time the very impetus of reform within late medieval religious orders and the wish to return to a more modest religious lifestyle in accordance with monastic and mendicant rules and ultimately with the commands of Christ in the Gospel made it difficult to wholeheartedly embrace the material consequences of learning literary and artistic prowess as the very pursuit of such pursuits ran against basic demands of evangelical poverty and humility This volume explores how this tension was negotiated in various Observant and Devotio moderna contexts and how communities connected with these movements instrumentalized various types of writing learning and other forms of cultural expression to further the cause of religious reform defend it against order internal and external criticism to shape recognizable reform identities for themselves and to transform religious life in society as a whole *Heart of Europe* Peter H. Wilson, 2016-04-04 An Economist and Sunday Times Best Book of the Year Deserves to be hailed as a magnum opus Tom Holland The Telegraph Ambitious seeks to rehabilitate the Holy Roman Empire's reputation by re-examining its place within the larger sweep of European history Succeeds splendidly in rescuing the empire from its critics Wall Street Journal Massive ancient and powerful the Holy Roman Empire formed the heart of Europe from its founding by Charlemagne to its destruction by Napoleon a millennium later An engine for inventions and ideas with no fixed capital and no common language or culture it derived its legitimacy from the ideal of a unified Christian civilization though this did not prevent emperors from clashing with the pope for supremacy In

this strikingly ambitious book Peter H Wilson explains how the Holy Roman Empire worked why it was so important and how it changed over the course of its existence The result is a tour de force that raises countless questions about the nature of political and military power and the legacy of its offspring from Nazi Germany to the European Union Engrossing Wilson is to be congratulated on writing the only English language work that deals with the empire from start to finish A book that is relevant to our own times Brendan Simms *The Times* The culmination of a lifetime of research and thought an astonishing scholarly achievement *The Spectator* Remarkable Wilson has set himself a staggering task but it is one at which he succeeds heroically *Times Literary Supplement* **Historiography: Oxford Bibliographies Online Research Guide** Ann

Memoirs Marie Mancini, Hortense Mancini, 2009-05-15 The memoirs of Hortense 1646 1699 and of Marie 1639 1715 Mancini nieces of the powerful Cardinal Mazarin and members of the court of Louis XIV represent the earliest examples in France of memoirs published by women under their own names during their lifetimes Both unhappily married Marie had also fled the aftermath of her failed affair with the king the sisters chose to leave their husbands for life on the road a life quite rare for women of their day Through their writings the Mancinis sought to rehabilitate their reputations and reclaim the right to define their public images themselves rather than leave the stories of their lives to the intrigues of the court and to their disgruntled ex husbands First translated in 1676 and 1678 and credited largely to male redactors the two memoirs reemerge here in an accessible English translation that chronicles the beginnings of women's rights to personal independence within the confines of an otherwise circumscribed early modern aristocratic society
