Growing Leaders Within Michael Coquyt, Brian K. Creasman, 2017-07-20 Growing Leaders Within A Process toward Teacher Leadership will aid school administrators in the task of growing and empowering teacher leaders The goal of growing teacher leaders is to grow a school culture of shared decision making and collaborative leadership It is through this transformation that teacher leaders help school administrators to create a laser focus on student success The underpinnings of the book are based on academic research resulting in a seven step process to growing teacher leaders which is distinctive from other books about teacher leadership Schools may have several teacher leader candidates but it is the responsibility of the school administration to ensure that the right individuals are chosen to become part of the school s leadership team The role of teacher leadership can be diminished if the wrong individuals are selected In response to this the book offers school administrators a research based pragmatic
