Professor Bernice Summerfield: a Life of Surprises Paul Cornell,2002 Professor Bernice Summerfield interstellar archaeologist adventurer and romantic has had either one very big life or a number of only slightly smaller ones This anthology contains stories from many times and places across her long career ranging from the starkly dramatic through the thrilling to the hilarious **The Draconian Rage** Trevor Baxendale,2003-08-01 **Life During Wartime** Paul

Cornell,2005-02 The Braxiatel Collection has been occupied by the Fifth Axis This shouldn't have happened Brax picked this place to be safe and surely he knows the history of time and space Bernice and her friends find themselves living under a military government Bev joins the resistance Adrian is thrown into a prison camp for aliens Jason finds a comfortable little niche for himself in the new administration and Bernice's half human son Peter is now under threat every minute of every day Bernice finds herself caught in the middle of the occupation her old friends and her desperate need to protect her child

Professor Bernice Summerfield and the Glass Prison Jacqueline Rayner,2005-01-01 Don't ever annoy the Fifth Axis They might throw you into the Glass Prison on Deirbhile and then throw away the key Once you're inside there's nowhere to hide They can see your every movement They control you You're going to be watched for the rest of your life wherever you go whoever you are Even if you're a professor of archaeology Even if you're a friend of the famous Irving Braxiatel and you've written several popular coffee table books Even if you're pregnant and your baby's due any day now But of course they know all about your baby And they're planning to take it away That is unless the loony cultists you're locked up with don't get it first *The Worst Thing in the World* Dave Stone,2006-09-01 Oh No It Isn't! Paul Cornell,1998-09-01 *Professor*

Bernice Summerfield and the Squire's Crystal Jacqueline Rayner,2005-01-01 Legend tells of an evil sorceress who used the power of magical crystals to transfer her mind into the bodies of others Her reign of terror was long and bloody and her final defeat the cause of great rejoicing But that's just a legend a story told to children isn't it Finding the last resting place of the Crystal Sorceress is an archaeological dream on a par with discovering the Holy Grail So it's hardly likely that someone will just offer the solution to Professor Bernice Summerfield on a plate But sometimes the unlikely actually happens And one thing that's very very unlikely is that Benny will suddenly find herself to be a member of the opposite gender **A Life in Pieces** Dave Stone,Paul Sutton,Joseph Lidster,2005-02 Benny is on holiday Dealing with sand sea and sunshine Oh and intrusive reality TV camera crews Adrian and Bev are on a secret mission trying to be subtle and undercover Yeah that'll work Irving Braxiatel is on Earth helping an old friend solve a political problem with his usual tact and diplomacy And linking

all of these little sojourns is one Jason Peter Kane He s on trial for his life accused of stealing the legendary Purpura Pawn and somehow everyone else has to try and find a way to help him But is someone out to stop them doing so no matter what the cost Professor Bernice Summerfield and the Dead Men Diaries Paul Cornell,2005-01-01 Who but Professor Bernice Summerfield interstellar archaeologist raconteur boozier and wit would get other people to write her autobiography albeit under threat of death from two bounty hunters sent by a publisher far too concerned about little things like deadlines These stories are an ideal introduction to the life of Bernice Summerfield falling off cliffs getting sacrificed to orange pygmies saving the universe and trying to buy a new outfit **Professor Bernice Summerfield** Rebecca Levene,2005-11-01 The Collection has lost one of its own Someone who made a mistake once and has never been forgiven for it Someone whose hard work and need to make amends has been taken for granted Someone who doesn t fit in Clarissa Jones has been head of administration at the Braxiatel Collection for many years Enough time to really know her way around the place its security its weaknesses its secrets Knowledge in fact of great value to any of the neighbouring powers So it s bad news for everyone when she disappears The Collection has lost one of its own Unless Clarissa has taken others with her *The Infernal Nexus* Dave Stone,2005-01-01 Acting on an abstruse tip off from the reknowned paraphysiologist Dr Rupert Gilhooly Bernice Summerfield has found herself on a probe ship heading deep into the Problematic Heart of the galaxy not knowing what or quite who she might find What she finds is Station Control A place that exists simultaneously in 417 dimensions a brawling souk like Nexus between every world that can or has or ever will be And one of those dimensions is Hell Bernice knows nothing of the rivalries and power plays going on here So she blunders right into them and makes a complete hash of everything natch **Dragons' Wrath** Justin Richards,2000-09-01
