Psychotherapy Of Cocaine Addiction Entering The Interpersonal World Of The Cocaine Addict:

Psychotherapy of Cocaine Addiction David Mark, Jeffrey Faude, 1997 The widely accepted disease model of addiction overlooks the fact that helping addicts to change their lives is fundamentally an interpersonal and societal act because even the seemingly objective chemical effects of cocaine are inevitably integrated into a larger world of meanings and relationships Addicts are demonized in our society and the consequences of their social alienation profoundly affect not only them but also their therapists and the process of therapy as well Mark and Faude describe an approach to treating cocaine addiction whose centerpiece is learning to develop relationship episodes with the patient concrete narratives of actual events in the patient's life Sharing generous clinical examples they demonstrate how engagement in this mutual activity illuminates and transforms the subjective interpersonal and cultural experience of the cocaine user

Brief Interventions and Brief Therapies for Substance Abuse Kristen Lawton Barry, 1999 This TIP presents the historical background outcomes research rationale for use and state of the art practical methods and case scenarios for implementation of brief interventions and therapies for a range of problems related to substance abuse This TIP is based on the body of research conducted on brief interventions and brief therapies for substance abuse as well as on the broad clinical expertise of the Consensus Panel Because many therapists and other practitioners are eclectically trained elements from each of the chapters may be of use to a range of professionals

The Self Psychology of Addiction and its Treatment Richard B. Ulman, Harry Paul, 2013-04-03 In the time of Freud the typical psychoanalytic patient was afflicted with neurotic disorders however the modern day psychotherapy patient often suffers instead from a variety of addictive disorders As the treatment of neurotic disorders based on unconscious conflicts cannot be applied to treatment of addictive disorders psychoanalysis has been unable to keep pace with the changes in the type of patient seeking help To address the shift and respond to contemporary patients needs Ulman and Paul present a thorough discussion of addiction that studies and analyzes treatment options Their honest and unique work provides new ideas that will help gain access to the fantasy worlds of addicted patients The Self Psychology of Addiction and Its Treatment emphasizes clinical approaches in the treatment of challenging narcissistic patients struggling with the five major forms of addiction Ulman and Paul focus on six specific case studies that are illustrative of the five forms of addiction They use the representative subjects to develop a self psychological model that helps to answer the pertinent questions regarding the origins and pathway of addiction This comprehensive book links addiction and trauma in an original manner that creates a greater understanding of addiction and its foundations than any clinical or theoretical model to date

Gender and Addictions Shulamith Lala Ashenberg Straussner, Elizabeth Zelvin, 1997 Recognizing that men and women have different patterns and different needs the book emphasizes the relational model of female psychological development formulated by such theorists as Miller Chodorow and Gilligan which illuminates women's functional focus on connection and relationship as opposed to men's on separation and individuation

Addictions in the Gay and Lesbian Community Jack Drescher, Jeffrey Guss, 2001-01-23 Gain fresh insights into the social psychological and biochemical aspects of substance and sexual addictions Addictions in the Gay and Lesbian Community explores the unique clinical considerations involved in addiction treatment for gay and lesbian clients Using approaches ranging from Jungian analysis to cognitive therapy to twelve step programs the researchers and clinicians represented here share their expertise in working clinically with drug and alcohol problems as well as compulsive sexual behaviors in gay men and lesbians Effectively treating addictions in gay men and lesbians requires the clinician to understand not only the basic patterns of use and abuse but also to recognize and address the clients special concerns Gay and lesbian clients often face a variety of social and emotional barriers to overcoming addictive behaviors including internalized homophobia leading to deep feelings of shame about their sexual needs the need to stay closeted or face unacceptable consequences affecting work friends and family the temptations of circuit parties and gay bars feelings of social isolation and a desperate desire to fit in through use of drugs or alcohol the interlocking role of drugs and sex homophobia shame secrets and loneliness mainstream treatment options that fail to address gay and lesbian specific issues and identities Addictions in the Gay and Lesbian Community offers both personal experiences of addiction and recovery and insightful original research into the sources and treatment of addictions among gays and lesbians It provides scholarly examinations of successful techniques for evaluating and treating gay and lesbian adolescents professionals and health care workers as well as a discussion of a treatment center geared to the needs of gays lesbians and bisexuals suffering from addiction A perceptive study of Jungian techniques for treating sexual compulsions includes an appendix written by the client giving his point of view Addictions in the Gay and Lesbian Community offers well written scholarly studies moving personal testimony and proven practical ideas for successful evaluation and treatment of gay men and lesbians with addictive disorders

Inhabiting Implication in Racial Oppression and in Relational

Psychoanalysis Rachel Kabasakalian-McKay, David Mark, 2022-11-21 What does it feel like to encounter ourselves and one another as implicated subjects both in our everyday lives and in the context of our work as clinicians and how does this matter With contributions from a diverse group of relational psychoanalytic thinkers this book reads Michael Rothberg's concept of the implicated subject the notion that we are continuously implicated in injustices even when not perpetrators as calling us to elaborate what it feels like to inhabit such subjectivities in relation to others both similarly and differently situated Implication and anti Black racism are central to many chapters with attention given to the unique vulnerability of racial minority immigrants to Native American genocide and to the implication of ordinary Israelis in the oppression of Palestinians The book makes the case that the therapist's ongoing openness to learning of our own implication in enactments is central to a relational sensibility and to a progressive psychoanalysis As a contribution to the necessary and long overdue conversation within the psychoanalytic field about racism social injustice and ways to move toward a just society this book will be essential for all relational psychoanalysts and psychotherapists

De-Idealizing Relational Theory Lewis Aron, Sue Grand, Joyce A. Slochower, 2018-06-13 Self examination and self critique for psychoanalytic patients this is the conduit to growth Yet within the field psychoanalysts haven't sufficiently utilized their own methodology or subjected their own preferred approaches to systematic and critical self examination Across theoretical divides psychoanalytic writers and clinicians have too often responded to criticism with defensiveness rather than reflectivity De Idealizing Relational Theory attempts to rectify this for the relational field This book is a first in the history of psychoanalysis it takes internal dissension and difference seriously rather than defensively Rather than saying that the other's reading of relational theory is wrong distorted or a misrepresentation this book is interested in querying how theory lends itself to such characterizations How have psychoanalysts participated in conveying this portrayal to their critics Might this dissension illuminate blind spots and highlight new areas of growth It's a challenge to engage in psychoanalytic self critique To do so requires that we move beyond our own assumptions and deeply held beliefs about what moves the treatment process and how we can best function within it To step aside from ourselves to question the assumed to take the critiques of others seriously demands more than an absence of defensiveness It requires that we step into the shoes of the psychoanalytic Other and suspend not only our theories but our emotional investment in them There are a range of ways in which our authors took up that challenge Some revisited the assumptions that underlay early relational thinking and expanded their sources Greenberg at best we examine some but never all of our assumptions and ideas We recognize retrospectively how very challenging a task this was it asked writers to engage in what we might think of as a self analysis of the countertransference Taken together these essays represent a significant effort at self critique and we are enormously proud of it Each chapter critically assesses and examines aspects of relational theory and technique considers its current state and its relations to other psychoanalytic approaches De Idealizing Relational Theory will appeal to all relational psychoanalysts and psychoanalytic psychotherapists Primer for

Treating Substance Abusers Jerome D. Levin, 1999-06 Is abstinence necessary What is the role of hypnosis What is the pink cloud This encyclopedic primer written in an easy question and answer format contains everything a clinician needs to know about substance abuse and addiction Dr Jerome David Levin outlines the treatment of chemical and other addictions such as compulsive gambling compulsive sexuality and codependency He covers the full complexity of substance abuse diagnosis and treatment with a biopsychosocial approach and multimodal interventions ranging from detoxification and rehabilitation programs to cognitive and behavioral treatments self help groups and individual and family therapy A clear comprehensive book that presents an integrated picture of a complex phenomenon this primer can be profitably read either straight through or as a reference text

Substance-abusing High Achievers Abraham J. Twerski, 1998 Denial of addiction is the most prominent symptom of individuals who have problems with alcohol and substance abuse Whatever its psychodynamics their denial is reinforced by 1 fear that acknowledgment and treatment might jeopardize their professional status and 2 the misconception that intellectual superiority constitutes a safeguard against loss of control High achievers doctors lawyers business executives clerics nurses professors are particularly vulnerable to such denial Moreover their spouses may share the fear that exposure could jeopardize and even undermine the family's livelihood Some people become high achievers or overachievers in order to compensate for feelings of inadequacy and unworthiness These feelings almost invariably surface in the substance abuser antedating the onset of abuse A particular challenge in treating this population is to address the negative consequences of low self esteem without crippling the impulse to excel Dr Twerski demonstrates that chemical dependency is indeed an equal opportunity destroyer and he illuminates the makeup of high achieving substance abusers as their narratives unfold Addicted individuals will recognize themselves in these pages while providers of human services will discover ways and means to diagnose and intervene
