down for use in certain lectures on Whistler and his art The lectures were as is this book a tribute to the great painter The reminiscences are mostly personal Many of the anecdotes though perhaps equally familiar to others were had from the artist's own lips The views concerning his art whether right or wrong were formed while watching him at work day after day and after many interviews in which now and then he would speak plainly concerning art At the same time not so much as a thought must be attributed to him unless expressly quoted The biographical data just sufficient to furnish a connecting thread and aid in the appreciation have been gathered from casual sources and are no doubt subject to incidental corrections Only when a duly authorized life and letters is published by those who have access to the material that must exist will the great artist be known by the world as he really was a profoundly earnest serious loving and lovable man Meanwhile those who believe in his art must like the writer speak their convictions for what they are worth About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
