Reconstructing Criminality In Latin America

Carlos Aguirre, Robert Buffington

Reconstructing Criminality In Latin America:

Reconstructing Criminality in Latin America Carlos A. Aguirre, Robert Buffington, 2000-02 The only reader currently available on criminality in Latin America *Reconstructing Criminality in Latin America* reconstructs the way in which different Latin American societies have viewed described defined and reacted to criminal behavior Crime in Latin America is explored in terms of gender race class and criminological theory The highly readable essays in this book explore how Catholic notions of sin natural law the divine rights of absolutist monarchs liberal rights of man positivism and social Darwinism received a sympathetic even enthusiastic endorsement from policy makers throughout Latin America *Reconstructing Criminality in Latin America* also shows how new methodologies have given scholars deeper insight into the significance of crime in Latin American societies The selections testify that the insights of scholars like Eric Hobsbawm and Michel Foucault are the foundations of modern histories of crime in Latin America This book is ideal for criminal justice sociology and Latin American social history courses

Reconstructing Criminality in Latin America Carlos Aguirre, Robert Buffington, 2000 The only reader currently available on criminality in Latin America *Reconstructing Criminality in Latin America* reconstructs the way in which different Latin American societies have viewed described defined and reacted to criminal behavior Crime in Latin America is explored in terms of gender race class and criminological theory The highly readable essays in this book explore how Catholic notions of sin natural law the divine rights of absolutist monarchs liberal rights of man positivism and social Darwinism received a sympathetic even enthusiastic endorsement from policy makers throughout Latin America *Reconstructing Criminality in Latin America* also shows how new methodologies have given scholars deeper insight into the significance of crime in Latin American societies The selections testify that the insights of scholars like Eric Hobsbawm and Michel Foucault are the foundations of modern histories of crime in Latin America This book is ideal for criminal justice sociology and Latin American social history courses

Violence and Crime in Latin America Gema Santamaría, David Carey, 2017-02-21 According to media reports Latin America is one of the most violent regions in the world a distinction it held throughout the twentieth century The authors of *Violence and Crime in Latin America* contend that perceptions and representations of violence and crime directly impact such behaviors creating profound consequences for the political and social fabric of Latin American nations Written by distinguished scholars of Latin American history sociology anthropology and political science the essays in this volume range from Mexico and Argentina to Colombia and Brazil in the twentieth and twenty first centuries addressing such issues as extralegal violence in Mexico the myth of indigenous criminality in Guatemala and governments selective blindness to violent crime in Brazil and Jamaica The authors in this collection examine not only the social construction and political visibility of violence and crime in Latin America but the justifications for them as well Analytically and historically these essays show how Latin American citizens have sanctioned criminal and violent practices and incorporated them into social relations everyday practices and institutional settings At the same time the

authors explore the power struggles that inform distinctions between illegitimate versus legitimate violence Violence and Crime in Latin America makes a substantive contribution to understanding a key problem facing Latin America today In its historical depth and ethnographic reach this original and thought provoking volume enhances our understanding of crime and violence throughout the Western Hemisphere Criminal and Citizen in Modern Mexico Robert Buffington,2000-01-01 Criminal and Citizen in Modern Mexico explores elite notions of crime and criminality from the late eighteenth to the early twentieth century In Mexico these notions represented contested areas of the social terrain places where generalized ideas about criminality transcended the individual criminal act to intersect with larger issues of class race gender and sexuality It was at this intersection that modern Mexican society bared its soul Attitudes toward race amalgamation and indios lower class lifestyles and l peros women and sexual deviance all influenced perceptions of criminality and ultimately determined the fundamental issue of citizenship who belonged and who did not The liberal discourse of toleration and human rights the positivist discourse of order and progress the revolutionary discourse of social justice and integration sought in turn to disguise the exclusions of modern Mexican society behind a veil of criminality to proscribe as criminal those activities that criminologists penologists and anthropologists clearly linked to marginalized social groups This book attempts to lift that veil and to gaze like Jos Guadalupe Posada at the grinning calavera that it shields Crime and the Administration of Justice in Buenos Aires, 1785-1853 ,2006-01-01 Crime and the Administration of Justice in Buenos Aires 1785 1853 analyzes the emergence of the criminal justice system in modern Argentina focusing on the city of Buenos Aires as a case study It concentrates on the formative period of the postcolonial penal system from the installation of the second Audiencia the superior justice tribunal in the viceroyalty of R o de la Plata in 1785 to the promulgation of the Argentine national constitution in 1853 when a new phase of interregional organization and codification began Through analysis of criminal cases Barreneche shows how different interpretations of liberalism the changing roles of the new police and the military and the institutionalization of education all contributed to the debate on penal reform during Argentina s transition from colony to state Only through understanding the historical development of legal and criminal procedures can contemporary social scientists come to grips with the struggle between democracy and authoritarianism in modern Argentina *Rethinking Development in Latin America* Charles H. Wood,Bryan R. Roberts,2010-11-01 **Liberalism as Utopia** Timo H. Schaefer,2017-08-07 This book explores the legal culture of nineteenth century Mexico and explains why liberal institutions flourished in some social settings but not others Street Democracy Sandra C. Mendiola Garcia,2017-04-01 No visitor to Mexico can fail to recognize the omnipresence of street vendors selling products ranging from fruits and vegetables to prepared food and clothes The vendors compose a large part of the informal economy which altogether represents at least 30 percent of Mexico s economically active population Neither taxed nor monitored by the government the informal sector is the fastest growing economic sector in the world In Street Democracy Sandra C Mendiola Garc a explores the political lives and

economic significance of this otherwise overlooked population focusing on the radical street vendors during the 1970s and 1980s in Puebla Mexico's fourth largest city. She shows how the Popular Union of Street Vendors challenged the ruling party's ability to control unions and local authorities' power to regulate the use of public space. Since vendors could not strike or stop production like workers in the formal economy, they devised innovative and alternative strategies to protect their right to make a living in public spaces. By examining the political activism and historical relationship of street vendors to the ruling Institutional Revolutionary Party (PRI), Mendiola García offers insights into grassroots organizing, the Mexican Dirty War, and the politics of urban renewal issues that remain at the core of street vendors' experience even today.

Seeing and Beyond Deborah J. Johnson, David Ogawa, Kermit Swiler Champa, 2005. This volume is an exciting eclectic collection of essays in honor of Kermit S. Champa, a leading scholar of impressionism and critic of twentieth-century art. The lead essay by David Carrier is followed by others from several generations of scholars and museum curators trained by Professor Champa. Together they cover an extremely wide historical range from the eighteenth to twenty-first centuries and honor Professor Champa's own scholarly rigor, methodological diversity, and intellectual breadth through topics ranging from art history to cultural studies.

Jacket In the Wake of Neoliberalism Karen Ann Faulk, 2012-11-21. Understanding the various meanings given to human and citizenship rights in Argentina is an important task, particularly so given the nation's prominence in global discussions. An exporter of tactics, ideas, and experts, Argentina has become a site of innovation in the field of human rights. This book investigates two prominent Buenos Aires protest organizations, Memoria Activa and the BAUEN workers cooperative, to consider how each has framed its demands within a language of rights. Fundamentally, this book is concerned with the complex interrelationship between the discourse of human rights and the neoliberal project. In exploring the way in which rights talk is used and adapted locally by various activist groups, the book looks at the mutually formative and contentious interactions between ideas of human rights, rights of citizenship, and the concrete and envisioned social relationships that form the basis for social activism in the wake of neoliberalism.

This book delves into Reconstructing Criminality In Latin America. Reconstructing Criminality In Latin America is a vital topic that must be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Reconstructing Criminality In Latin America, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
 - Chapter 1: Introduction to Reconstructing Criminality In Latin America
 - Chapter 2: Essential Elements of Reconstructing Criminality In Latin America
 - Chapter 3: Reconstructing Criminality In Latin America in Everyday Life
 - Chapter 4: Reconstructing Criminality In Latin America in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, the author will provide an overview of Reconstructing Criminality In Latin America. This chapter will explore what Reconstructing Criminality In Latin America is, why Reconstructing Criminality In Latin America is vital, and how to effectively learn about Reconstructing Criminality In Latin America.
 3. In chapter 2, this book will delve into the foundational concepts of Reconstructing Criminality In Latin America. This chapter will elucidate the essential principles that need to be understood to grasp Reconstructing Criminality In Latin America in its entirety.
 4. In chapter 3, the author will examine the practical applications of Reconstructing Criminality In Latin America in daily life. This chapter will showcase real-world examples of how Reconstructing Criminality In Latin America can be effectively utilized in everyday scenarios.
 5. In chapter 4, this book will scrutinize the relevance of Reconstructing Criminality In Latin America in specific contexts. The fourth chapter will explore how Reconstructing Criminality In Latin America is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, the author will draw a conclusion about Reconstructing Criminality In Latin America. This chapter will summarize the key points that have been discussed throughout the book.
- This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Reconstructing Criminality In Latin America.
