I Never Knew That About Royal Britain Christopher Winn, 2012-04-05 With the royal wedding around the corner there is no better time than the present to get acquainted with Royal Britain. Bestselling author Christopher Winn explores Britain's royal past unearthing a rich legacy of castles and palaces, cathedrals and country retreats, battlefields and monuments where kings and queens lived and died. In this exploration of royal British history discover whose heart is buried near the Tower of London, which palace was built on top of a mulberry garden, the world's oldest and largest occupied castle and the first building in Britain to have latrines. From the Palace of Scone to the Palace of Westminster from Pembroke Castle the birthplace of Henry VII to Pontefract Castle where Richard II starved to death and from banqueting halls to beheading sites this gem of a book is guaranteed to inform and amuse in equal measure.

The Representation of the Past Kevin Walsh, 2002-09-11 The 1980s and early 1990s have seen a marked increase in public interest in our historic environment. The museum and heritage industry has expanded as the past is exploited for commercial profit. In *The Representation of the Past* Kevin Walsh examines this international trend and questions the packaging of history which serves only to distance people from their own heritage. A superficial unquestioning portrayal of the past he feels separates us from an understanding of our cultural and political present. Here Walsh suggests a number of

ways in which the museum can fulfill its potential by facilitating our comprehension of cultural identity
