Safer Sex The New Morality

Peter L. Allen

Safer Sex The New Morality:

Safer Sex Evelyn Lerman, 2000 The attitudes thinking and policies in European countries where the teen pregnancy rates are much lower than those in the United States are examined in this plea for domestic societal change Research in the Netherlands France and Germany found that nonjudgmental attitudes access to safer sex practices and comprehensive sex education are the norm This book looks to European principles and proposes that the United States put aside philosophical and religious differences and work together to protect teens from early unwanted pregnancy and sexually transmitted disease Topics covered include family values the influence of the media AIDS and STDs contraception abstinence sex education abortion and religion This book is geared toward teen providers teachers religious leaders politicians public health officials medical providers and parents in short anyone who has respect for teens and their ability with appropriate and honest guidance to make responsible decisions

A Dressmaker's Threads Evelyn Lerman, 2013-04-12 A Dressmakers Threads The Life and The Legacy of My Russian Immigrant Mother is about a remarkable woman a dressmaker who with a sick husband and an infant escaped from the Czars Armies landing at Ellis Island in 1920 Her courage her fearlessness her work ethic her sense of humor and her love for education drove her to 18 hour workdays and success To her success meant having the ability to take care of her sick husband before the days of medical insurance and sending her three daughters to college She did it all with grace and joy reveling in her childrens progress learning English with an accent she could never forgive in herself and enjoying life to its fullest Her legacy lives on in her children grandchildren and even the great grandchildren who never knew her

Dating and Sexuality in America Jeffrey S. Turner, 2003-11-04 A highly informative account of trends concepts and problems related to dating and sexuality in the United States along with thought provoking coverage of today s most important issues and controversies A history of dating and sexuality illuminates new trends and problems that were absent just a few decades ago The most important dating and sexuality issues facing teenagers today are explored including solutions and implications for educational intervention The work elucidates how dating unfolds and how sexual attitudes and behaviors impact intimacy Valuable information about organizations and individuals as well as print and electronic resources are included in this authoritative work

Why Guilt . . . After Sex Pierre Fenelon, 2018-04-23 The book is about encouraging the Biblical teaching of sexual relation the way God intended it for us to be This is a different way of approaching the issue the who the what the why and the how about the specific subject in understanding its benefit our responsibility perhaps some consequences and mostly the accountability to the one that gave it to us freely

Moral Threats and Dangerous Desires Deborah Lupton, 2013-10-23 Since 1981 AIDS has had an enormous impact upon the popular imagination Few other diseases this century have been greeted with quite the same fear loathing and prejudice against those who develop it The mass media and in particular the news media have played a vital part in making sense of AIDS This volume takes an interdisciplinary perspective combining cultural studies history of medicine and contemporary

social theory to examine AIDS reporting There have been three major themes dominating coverage the gay plague dominant in the early 1980s panic stricken visions of the end of the world as AIDS was said to pose a threat to everyone in the late 1980s and a growing routinising of coverage in the 1990s This book lays bare the sub textual ideologies giving meaning to AIDS news reports including anxieties about pollution and contagion deviance bodily control the moral meanings of risk the valorisation of drugs and medical science Drawing together the work of cultural and political theorists sociologists and historians who have written about medicine disease and the body as well as that of theorists in Europe and the USA who have focused their attention specifically on AIDS this book explores the wide theoretical debate about the importance of language in the social construction of illness and disease This text offers insights into the sociocultural context in which attitudes towards people with HIV or AIDS and people's perceptions of risk from HIV infection are developed and the responses of governments to the AIDS epidemic are formulated

Nursing Ethics Janie B. Butts, Karen Rich (MN.), Karen L. Rich, 2005 Based on the concept that compassionate relationships between nurses and patients form a vital element of humanistic nursing *Nursing Ethics Across the Curriculum and Into Practice* provides foundational knowledge about ethics to prepare nursing students for the moral issues they will experience daily Derived from theoretical foundations clinical evidence and case study this text is ideal for nursing students by providing decision making approaches and models rationale for decisions and management of care for various topics Addressing a wide array of nursing moral issues this text includes current scholarly literature related news briefs and research and legal findings regarding ethical issues

Education of Harris Bailey Book Three Richard Schroeder, **Legislating Morality** Norman L. Geisler, Frank Turek, 2003-02-12 America's moral decline is not secret An alarming number of moral and cultural problems have exploded in our country since 1960 a period when the standards of morality expressed in our laws and customs have been relaxed abandoned or judicially overruled Conventional wisdom says laws cannot stem moral decline Anyone who raises the prospect of legislation on the hot topics of our day abortion family issues gay rights euthanasia encounters a host of objections As long as I don't hurt anyone the government should leave me alone No one should force their morals on anyone else You can't make people be good Legislating morality violates the separation of church and state *Legislating Morality* answers those objections and advocates a moral base for America without sacrificing religious and cultural diversity It debunks the myth that morality can't be legislated and amply demonstrates how liberals moderates and conservatives alike exploit law to promote good and curtail evil This book boldly challenges prevailing thinking about right and wrong and about our nation's moral future

The Wages of Sin Peter L. Allen, 2000-06 Discusses diseases and ailments that have been connected to sex throughout history and the reactions to them that have been shaped by religion or morality

After the Wrath of God Anthony Michael Petro, 2015 *After the Wrath of God* is the first book to tell the story of American religion and the AIDS epidemic Petro argues that AIDS effected a shift in Christian rhetoric regarding sexuality

The Moral Panics of Sexuality B. Fahs, M. Dudy, S.

Stage,2013-09-12 A provocative feminist analysis of the moral panics of sexuality this interdisciplinary edited collection showcases the range of historical and contemporary crises we too often suppress including vagina dentata vampires cannibalism age appropriateness breast cancer menstrual panics and sex education **Adolescent Addiction** Cecilia A. Essau,Paul Delfabbro,2020-03-01 Adolescent Addiction Second Edition offers researchers and clinicians a single volume resource on the nature extent and treatment of addictive problems in adolescents The book is divided into three main parts Part one addresses the foundations of addictive problems including developmental social and neurobiological factors Part two addresses common addictions among adolescents New chapters include e cigarette smartphone social networking and exercise addiction Part three discusses challenges and recommendations for future research in adolescent addiction All chapters in part two follow a similar format to introduction and clinical characteristics screening and clinical assessment methods epidemiology comorbidity course and outcome protective and risk factors evidence based clinical strategies for prevention and treatment and a concise summary of key clinical points Introduces the foundations to understanding addiction Examines the epidemiology comorbidity course and outcome of addictions Provides screening and clinical assessment methods Summarizes evidence based clinical strategies for treatment Covers both substance addiction and behavioral addictions New chapters on e cigarette smartphone internet and exercise addiction Principles of Biomedical Ethics Tom L. Beauchamp,James F. Childress,2001 For many years this has been a leading textbook of bioethics It established the framework of principles within the field This is a very thorough revision with a new chapter on methods and moral justification **Christian Morality** Geoffrey W. Sutton,Brandon Schmidly,2016-08-08 Should society care about Christian morality Are Christians out of touch with complex moral decision making Christian Morality An Interdisciplinary Framework for Thinking about Contemporary Moral Issues provides readers with a framework for identifying and applying Christian moral principles to divisive issues First readers learn of the theological and philosophical foundations of Christian ethics Two additional chapters explain how personal and social factors influence our capacity to think critically and Christianly about morality Second readers will learn about forming Christian moral judgments by seeing how different thinkers address six contemporary moral issues abortion same sex relationships equal treatment of men and women in the workplace sex education and racial bias in incarceration polices **The Moral Economy of AIDS in South Africa** Nicoli Nattrass,2004 This relevant and accessible work is a valuable resource for readers with an interest in AIDS policy and the social and economic implications of the pandemic Ethics in Obstetrics and Gynecology Laurence B. McCullough,Frank A. Chervenak,1994 This book offers a comprehensive and clinically practical approach to ethics in the everyday practice of obstetrics and gynecology The topics the authors address include contraception abortion selective termination of multifetal pregnancies gynecologic cancer in vitro fertilization surrogacy prenatal diagnosis fetal therapy cephalocentesis prematurity HIV infection and court ordered cesarean delivery The issues involved in making decisions in many of these areas are a

source of conflict and lead to crisis between the physician and patient One of the book's strengths is its emphasis on prevention and if prevention fails management of the conflicts and crises which arise in these areas of medicine The authors develop their preventative and management strategies on the basis of a framework for bioethics in the clinical setting This framework is rigorously established and defended The authors argue that four virtues self effacement self sacrifice compassion and integrity generate the physician's obligation to protect and promote the patient's interest They then identify the three types of patient's interests social role interests subjective interests and deliberative interests and they reinterpret the ethical principles of beneficence and respect for autonomy in terms of these The concept of the fetus as patient the physician's obligation to third parties and the moral standing of fathers and family members are also addressed The implications of their argument sets the stage for the discussions of prevention and management in the remaining sections of the book Ethics in Obstetrics and Gynecology is a unique addition to the literature in both biomedical ethics and obstetrics and gynecology It demonstrates that ethics should be regarded as an essential part of obstetrics and gynecology and that clinical practice is incomplete without it

Biomedical Ethics Reviews • 1988 James M. Humber, Robert F. Almeder, 1989-04-06 Biomedical Ethics Reviews is an annual publication designed to review and update the literature on issues of central importance in bioethics today Ordinarily more than one topic is discussed in each volume of Biomedical Ethics Reviews This year however we have decided to devote the entire volume of Biomedical Ethics Reviews 1988 to discussion of one topic namely AIDS The rationale for this decision should be clear AIDS is arguably the most serious public health threat facing our nation today and the character of the disease is such that it creates special problems for ethicists philosophers theologians educators jurists health care professionals and politicians Indeed the questions that AIDS gives rise to are so numerous and complex that no one text could hope to treat them exhaustively Still if it is impossible in anyone text to deal with all of the perplexing difficulties that AIDS generates it nevertheless remains true that each addition to the AIDS literature contributes to our collective knowledge and in so doing brings us one step closer to resolving at least some of the problems associated with the disease We believe that the articles included in the present volume of Biomedical Ethics Reviews serve this purpose admirably and we hope the reader will agree James M Humber Robert F Almeder vii Contributors Ronald Carson Medical Humanities Institute University of Texas Medical Branch Galveston Texas David J

Ethics, Law and Society Nicky Priaulx, Anthony Wrigley, 2017-07-28 This key collection brings together a selection of papers commissioned and published by the Cardiff Centre for Ethics Law Society It incorporates contributions from a group of international experts along with a selection of short opinion pieces written in response to specific ethical issues The collection addresses issues arising in biomedical and medical ethics ranging from assisted reproductive technologies to the role of clinical ethics committees It examines broader societal issues with particular emphasis on sustainability and the environment and also focuses on issues of human rights in current global contexts The contributors collect responses to

issues arising from high profile cases such as the legitimacy of war in Iraq to physician related suicide The volume will provide a valuable resource for practitioners and academics with an interest in ethics across a range of disciplines *Ethics, Law and Society* Jennifer Gunning, 2022-07-30 This key collection brings together a selection of papers commissioned and published by the Cardiff Centre for Ethics Law Society It incorporates contributions from a group of international experts along with a selection of short opinion pieces written in response to specific ethical issues The collection addresses issues arising in biomedical and medical ethics ranging from assisted reproductive technologies to the role of clinical ethics committees It examines broader societal issues with particular emphasis on sustainability and the environment and also focuses on issues of human rights in current global contexts The contributors collect responses to issues arising from high profile cases such as the legitimacy of war in Iraq to physician related suicide The volume will provide a valuable resource for practitioners and academics with an interest in ethics across a range of disciplines The SAGE Handbook of Marketing Ethics Lynne Eagle, Stephan Dahl, Patrick De Pelsmacker, Charles R. Taylor, 2020-10-05 The SAGE Handbook of Marketing Ethics draws together an exhaustive overview of research into marketing s many ethical conundrums while also promoting more optimistic perspectives on the ways in which ethics underpins organizational practices Marketing ethics has emerged in recent years as the key and collective concern within the ever divergent fields of marketing and consumer research This handbook brings together a rich and diverse body of scholarly research with chapters on all major topics relevant to the field of marketing ethics whilst also outlining future research directions PART 1 Foundations of Marketing Ethics PART 2 Theoretical and Research Approaches to Marketing Ethics PART 3 Marketing Ethics and Social Issues PART 4 Issues in Consumer Ethics PART 5 Ethical Issues in Specific Sectors PART 6 Ethical Issues in the Marketing Mix PART 7 Concluding Comments and Reflections
