## Seoul Sketches:

*Seoul's Historic Walks in Sketches* Janghee Lee, 2018-08-16 Seoul is a rapidly changing city the epitome of the latest trends and technology But looking closely in between the skyscrapers there lie hints that reveal an alternate story a story of a 600 year old capital city Seoul's Historic Walks in Sketches discovers and brings to life these stories From the Joseon era's palaces and fortresses to modern skyscrapers of glass and steel built on historic sites the author's pencil sketches bring forth a new dimension of Seoul Accompanying the illustrations are his insightful witty commentaries on local history that go a long way in presenting readers with a captivating view of the unknown city a city almost exotic in its mystery A city its architecture and its history 15 must see attractions in old town Seoul Through the Joseon Dynasty 1392 1910 Japanese colonial rule the Korean War industrialization and democratization movements countless stories of the changing times have been engraved in the nooks and crannies of Seoul This book is a retrospect of the forgotten city of Hanyang old Seoul reviving the history once lived within the four ancient great gates Many of the places covered in this book are among Seoul's most famous landmarks and popular tourist attractions yet the sagas unraveled at each destination impart an unconventional perspective The author's remarkably discerning eye notices and depicts the minute details most would miss around the city For those unmoved by the textbook photographs and dry histories of existing guides to Seoul this book's intimate charm is sure to please The ever changing city of Seoul Sites and stories unfamiliar even to locals It would be an understatement to say that this book is only dedicated to tracking down the historical traces of Seoul As the author says Seoul isn't an antique it's an ever changing organism He discusses the recent changes that have proven significant to the city and introduces hidden attractions around the city from an ecological park on a skyscraper rooftop to evidence of historical figures cleverly hidden in amongst the buildings Seoul Historic Walks in Sketches contains extraordinary and unmatched insight into the city

Design Studio Works, Sketches & Essays Kyeong Jae Lee, 2015-02-19 I come from Seoul Korea where layers of ancient beauty and high end technology coexist The city has been evolving swiftly in ways that no single individual can fully comprehend and continues onward toward an exciting but unpredictable future I have witnessed this change and have felt overwhelmed but inspired by this wild transformation The pace of change has become a motivation for me to learn more design more and love more If a city is a jigsaw puzzle then creating architecture is like filling in the missing pieces without knowing what the entire picture should look like I used to be afraid to make a mistake thinking that a wrong move may stay and stain the beloved city for decades But then I realized that adding a piece is not just a passive process but a mutually interactive one the moment I make a move it generates a new context This revelation completely changed the way I see the world and emboldened me to be a more proactive forward thinking architect **SEOUL Magazine(서울 매거진) September 2018** Seoul Selection, 2018-08-28 SEOUL Magazine is a travel and culture monthly designed to help both expats and tourists get the most of their stay in the city whether they're in for only a few days or dedicated lifers who are always in search of
