History of Mathematical Tables Martin Campbell-Kelly,Mary Croarken,Raymond Flood,Eleanor Robson,2003-10-02 The oldest
known mathematical table was found in the ancient Sumerian city of Shuruppag in southern Iraq Since then tables have been
an important feature of mathematical activity table making and printed tabular matter are important precursors to modern
computing and information processing This book contains a series of articles summarising the technical institutional and
intellectual history of mathematical tables from earliest times until the late twentieth century It covers mathematical tables
the most important computing aid for several hundred years until the 1960s data tables eg Census tables professional tables
eg insurance tables and spreadsheets the most recent tabular innovation The book is presented in a scholarly yet accessible
way making appropriate use of text boxes and illustrations Each chapter has a frontispiece featuring a table along with a
small illustration of the source where the table was first displayed Most chapters have sidebars telling a short story or history
relating to the chapter The aim of this edited volume is to capture the history of tables through eleven chapters written by
subject specialists The contributors describe the various information processing techniques and artefacts whose unifying
concept is the mathematical table

Before It's Too Late Arnold Rosen,2009-09-03 They came from city and countryside
and many walks of life Some were drafted many enlisted but the 47 veterans who are profiled in this book wherever they
served and whatever they went on to after their military service have one noteworthy element in common they were patriots
who put their lives on the line when needed and gave their support in World War II the Korean War and the Vietnam War
They helped make history and a future for us all
