Catholics, and Pilgrim Wayfarers L. Lamar Nisly,2011 Flannery O Connor Tim Gautreaux and Walker Percy are all Catholic writers from the South and seem to embody very fully both parts of that label Yet as quickly becomes clear in their writing their fiction employs markedly different tones and modes of addressing their audience O Connor seems intent on shocking her reader whom she anticipates will be hostile to her deepest beliefs Gautreaux gently and humorously engages his reader inviting his expected sympathetic audience to embrace the characters needed moral growth Percy satirically lampoons an array of social ills and failings in the Church as he tries to get his audience laughing with him while he makes his deadly serious point about the flaws he finds in the church and larger culture Why do these three writers assume such divergent images of their audience Why do texts by three writers who each embrace their Southern locale and their Catholic beliefs seem to have so little in common To answer these questions Nisly helps readers understand these authors fiction by examining the role that place and time had in shaping each author s idea of an audience and by extension his or her manner of addressing that audience More specifically Nisly focuses on each author s experience of Catholic community and each author s placement in relation to the Second Vatican Council Linking together biographical information and a reading of their fiction Nisly argues that O Connor s Gautreaux s and Percy s sense of audience has been shaped in significant ways by each author s own local experience of Catholicism in his or her home region as well as the larger global changes of Vatican II that transformed Roman Catholicism *Cincinnati Magazine* ,1978-08 Cincinnati Magazine taps into the DNA of the city

Folk Music USA: The Changing Voice Of Protest Ronald D. Iankford,2005-09-10 The Changing Voice of Protest Music is the definitive story of American folk music focussing on how a minority music genre suddenly became the emergent voice of a generation at the end of the Eisenhower years From Kingston Trio's Tom Dooley in 1958 to Bob Dylan's electric performance at the Newport Folk Festival in 1965 folk music wove itself from American culture and grew to define it influencing the hippie 60s Civil Rights demonstrations and brewing anti war sentiment before eventually becoming absorbed into popular music The author also explores how authentic folk is now experiencing a second revival taking its place in our contemporary fascination with roots music and modern ideals of equality justice and social unrest **22 Accessible Road**
