by literature and film uniquely underscore social problems otherwise overlooked by such discourses as politics the law and journalism Defining the 1980s AIDS crisis as a perfect case this book proposes to redefine trauma not simply as an event that happened too soon but rather as an ongoing series of oversights resulting in a failure to acknowledge or witness the humanity of those who suffer

Global Justice and Desire Nikita Dhawan, Antke Engel, Christoph H.E. Holzhey, Volker Woltersdorff, 2015-05-15 Employing feminist queer and postcolonial perspectives Global Justice and Desire addresses economy as a key ingredient in the dynamic interplay between modes of subjectivity signification and governance Bringing together a range of international contributors the book proposes that both analyzing justice through the lens of desire and considering desire through the lens of justice are vital for exploring economic processes A variety of approaches for capturing the complex and dynamic interplay of justice and desire in socioeconomic processes are taken up But acknowledging a complexity of forces and relations of power domination and violence sometimes cohering and sometimes contradictory it is the relationship between hierarchical gender arrangements relations of exploitation and their colonial histories that is stressed Therefore queer feminist and postcolonial perspectives intersect as Global Justice and Desire explores their capacity to contribute to more just and more desirable economies
