EMMANUELE BAUMGARTNER **Love Cures** Laine E. Doggett,2012-04-30 What is love Popular culture bombards us with
notions of the intoxicating capacities of love or of beguiling women who can bewitch or heal to the point that it is easy to
believe that such images are timeless and universal Not so argues Laine Doggett in *Love Cures* Aspects of love that are
expressed in popular music such as love is a drug sexual healing and love potion number nine trace deep roots to Old French
romance of the high Middle Ages A young woman heals a poisoned knight A mother prepares a love potion for a daughter
who will marry a stranger in a faraway land How can readers interpret such events In contrast to scholars who have
dismissed these women as fantasy figures or labeled them witches Doggett looks at them in the light of medical and magical
practices of the high Middle Ages *Love Cures* argues that these practitioners as represented in romance have shaped modern
notions of love *Love Cures* seeks to engage scholars of love marriage and magic in disciplines as diverse as literature history
anthropology and philosophy **Eleanor of Aquitaine** William W. Kibler,2012-03-21 Eleanor of Aquitaine was the wife of
two kings Louis VII of France and Henry II Plantagenet of England and the mother of two others Richard the Lionhearted and
John Lackland In her eventful often stormy life she not only influenced the course of events in the twelfth century but also

encouraged remarkable advances in the literary and fine arts In this book experts in five disciplines history art history music French and English literature evaluate the influence of Eleanor and her court on history and the arts Elizabeth A R Brown views Eleanor as having played a significant role as parent and politician but not as patron Rebecca A Baltzer takes a new look at the music of the period that was written by and for Eleanor her court and her family Mosh Lazar reexamines her relationship to the courtly love literature of the period Eleanor S Greenhill and Larry M Ayres reassess her influence in the realm of art history Rossell Hope Robbins traces the lines extending from the French courtly literature of Eleanor s period down into fourteenth century Chaucerian England The essays reflect divergent but generally complementary assessments of this remarkable woman s influence on her own era and on future times as well This volume is the result of a symposium held at the University of Texas in 1973 Medium Aevum Charles Talbut Onions, Jack Arthur Walter Bennett, 1937 Includes section Reviews *Out of Love for My Kin* Amy Livingstone, 2011-02-23 In *Out of Love for My Kin* Amy Livingstone examines the personal dimensions of the lives of aristocrats in the Loire region of France during the eleventh and twelfth centuries She argues for a new conceptualization of aristocratic family life based on an ethos of inclusion Inclusivity is evident in the care that medieval aristocrats showed toward their families by putting in place strategies practices and behaviors aimed at providing for a wide range of relatives Indeed this care and in some cases outright affection for family members is recorded in the documents themselves as many a nobleman and woman made pious benefactions out of love for my kin In a book made rich by evidence from charters which provide details about life events including birth death marriage and legal disputes over property Livingstone reveals an aristocratic family dynamic that is quite different from the fictional or prescriptive views offered by literary depictions or ecclesiastical sources or from later historiography For example she finds that there was no single monolithic mode of inheritance that privileged the few and that these families employed a variety of inheritance practices Similarly aristocratic women long imagined to have been excluded from power exerted a strong influence on family life as Livingstone makes clear in her gender conscious analysis of dowries the age of men and women at marriage lordship responsibilities of women and contestations over property The web of relations that bound aristocratic families in this period of French history she finds was a model of family based on affection inclusion and support not domination and exclusion

Reading Across Cultures Caroline Gruenbaum, 2025-07-15 Reading across Cultures explores a body of innovative Jewish literary works from the Middle Ages In late twelfth and thirteenth century Ashkenaz the Jewish communities in northern France Germany and England Jewish authors translated several Old French and German stories into Hebrew These stories are distinctly non Jewish drawing on the Christian romances of King Arthur and Alexander the Great and the classical fables of Aesop Caroline Gruenbaum argues that these translations rather than adapting stories that reflected Jewish religious or cultural practice represent a body of secular Hebrew literature in Ashkenaz and evidence of a shared literary culture between Jews and Christians in medieval Europe Reading Hebrew animal fables folktales and chivalric romance Gruenbaum describes an intellectual climate that allowed the literati of medieval Ashkenaz to read across cultures In these translations produced by medieval Jews for entertainment and for wisdom Gruenbaum finds a new literary awakening in Ashkenaz
