Love Is The Enemy:

Love is the Enemy Barbara Cartland, 1973 **'Love Your Enemies'** John Piper, 1979 **On Love and Charity** Saint Thomas Aquinas, 2008-07

Among the great works of Thomas Aquinas the Commentary on the Sentences of Peter Lombard has suffered almost total neglect among translators. Such neglect is surprising considering that the massive Commentary more than 4 000 pages in the last printed edition is not only Aquinas's first systematic engagement with all the philosophical and theological topics on which he expended his energy over the span of a short career but is also characterized by an exuberance and elaborateness seldom found in his subsequent writings. Although Chenu had already drawn attention decades ago to the importance of studying this youthful tour de force for a fuller understanding of Thomas's more mature work the Commentary on the Sentences has remained a closed book for many modern students of Thomistic and medieval thought because of its relative inaccessibility in English or in Latin. The present volume containing all the major texts on love and charity makes available what is by far the most extensive translation ever to be made from the Commentary with the added benefit that the better part of the translation is based on the as yet unpublished critical edition of the Leonine Commission. The collection of texts from all four books has a tight thematic coherence that makes it invaluable to students of Thomas's moral philosophy, moral theology and philosophical theology. In addition the inclusion of parallel texts from Aquinas's first Parisian Commentary as well as from his second Roman attempt at a commentary the recently rediscovered *Lectura Romana* makes this edition all the more valuable for those who wish to track the internal development of Thomas's thinking on these matters. The new availability of so many rich passages from the Commentary on the Sentences will encourage and facilitate use of a magnificent resource that deserves to be better known. The printed volume is supplemented by a web based document containing a fuller introduction, webnotes and a bibliography. To reach this supplementary information [click here](#).

ABOUT THE TRANSLATORS Peter A Kwasniewski is associate professor of philosophy and theology at Wyoming Catholic College and editor of *Wisdom's Apprentice: Thomistic Essays in Honor of Lawrence Dewan*. O P Thomas Bolin O S B is a monk at the Monastero di San Benedetto in Norcia, Italy. Joseph Bolin is adjunct professor of philosophy at the International Theological Institute in Garmisch Austria and adjunct instructor of Latin for the Austrian Program of the Franciscan University of Steubenville.

PRAISE FOR THE BOOK T he present volume contains by far the most extensive English translation from the *Scriptum* to date. The translators of *On Love and Charity* have aimed to give a translation which is neither too literal nor too liberal, trying to find the golden mean between an unintelligibly Latinised or an enjoyable but unfaithful English version. This impressive volume will be of a great help for those wishing to study Aquinas and the issue of love in more depth. B Toth

Mystical Love in the German Baroque Isabella van Elferen, 2009 *Mystical Love in the German Baroque* Theology Poetry Music identifies the cultural and devotional conventions underlying expressions of mystical love in poetry and music of the German baroque It sheds new light on the seemingly erotic overtones in settings of the Song of Songs and dialogues between Christ and the faithful soul in late 17th and early 18th century cantatas by Heinrich Schütz Dieterich Buxtehude and Johann Sebastian Bach While these compositions have been interpreted solely as a secularizing tendency within devotional music of the baroque period Isabella van Elferen demonstrates that they need to be viewed instead as intensifications of the sacred Based on a wide selection of previously unedited or translated 17th and 18th century sources van Elferen describes the history and development of baroque poetic and musical love discourses from Schütz's early works through Buxtehude's cantatas and Bach's cantatas and Passions This long and multilayered discursive history of these compositions considers the love poetry of Petrarch European reception of petrarchan imagery and traditions its effect on the madrigal in Germany and the role of Catholic medieval mystics in baroque Lutheranism Van Elferen shows that Bach's compositional technique based on the emotional characteristics of text and music rather than on the depiction of single words allows the musical expression of mystical love to correspond closely to contemporary literary and theological conceptions of this affect
