Paul Scott V.R. Badiger,1994 This Is A Critical Study On Paul Scott S Novels It Explores In Depth The Novelist S Private Art Of Writing The Novel As An Image Symbol Or An Extended Metaphor As Well As The Intricate Textural Relationship Between His Art Of Fiction And Vision Of Life      Paul Scott P. Swinden,1980-10-30      **Her Quest for Self: a Journey** Gayreen Lyngdoh,2015-10-14 To journey into the pages of this book is to journey into the colourful world of Chinese and Chinese American culture into slivers of history into gender politics into myth and perhaps even into ourselves In the private struggles and triumphs of Pearl S Bucks and Amy Tans women characters in their quest to re frame and re define themselves and their lives echo the universal experience of women in time and space the stories of love and loss the yearnings and heartaches the joys and sorrows the laughter and the tears and above all their quiet strength and resilience in the face of great odds and injustices that more often than not have marked the female experience through generations The book will no doubt strike a chord in the hearts of the readers and offer a fascinating insight into the heart of a womans world and what it is to be a woman Pearl S Buck and Amy Tan the two authors revisited in this book may both be described as writers who have in their own ways written about the lives of women Through their work they challenged patriarchal assumptions about women by attempting to fashion a distinctive feminine voice that allows for the articulation of womens experiences in their own voices and or through the female perspective This book takes a re look at the women characters in select novels of these two writers examining and analysing their experiences and subjectivities as they journey in quest of the self Special attention is drawn to the role of stories storytelling as a potent means of female expression and of bridging multifarious human divides The urgency of reframing and reinterpreting popular myths as a way of critiquing and changing mindsets where these need to be changed is also explored in depth The book is therefore a critical and insightful study of the works of two women that although written in different periods yet intersect in these pages The novels studied are those relating specifically to China and the Chinese Chinese American experience the main subject being the Chinese woman both in her own local space as well as outside of it Storytelling enables the transmission and perpetuation of values culture and history which as depicted here are crucial to self knowledge and to an understanding of ones place and identity in the universe The self that is represented in these novels therefore is not a self in isolation but a self that is a part and parcel of the human tapestry where race gender culture and history meet and intersect      To Slay The Dreamer Alexander Cordell,2014-08-21 From the Spanish sierras to the French Pyrenees one desperate cause unites them As the stormclouds gather in the passionate fight against the Fascists a young Spanish countess and a trained american assassin join forces with the partisans in a desperate attempt on the life of General Franco TO SLAY THE DREAMER is a rich and compelling story of a group of patriots ready to die for their country a moving novel of dangerous loyalty amidst the ultimate futility of war      **Paul Scott** Jacqueline P.
