**The Heart Has Its Reasons** Beata Toth, 2016-05-26 The Heart Has Its Reasons explores a hitherto neglected area of theological anthropology the unity of human emotion and reason embodied in the Biblical concept of the heart While the theological contours of human rationality have long been clearly drawn and presented as the exclusive seat of the image of God affectivity has been relegated to a secondary position With the reintegration of the body into recent philosophical and theological discourses a number of questions have arisen if the image also resides in the body how does this change one's view of the theological significance of human affect In what way is our likeness to God realised in the whole of what we are Can one overcome the traditional dissociation between intellect and affect by a renewed theory of love In conversation with patristic and medieval authors like Irenaeus Tertullian Gregory of Nyssa Maximus and Thomas Aquinas and in dialogue with more recent interlocutors such as Blaise Pascal Ricoeur Marion Milbank and John Paul II Beata Toth pursues a novel theological vision of the essential unity of our humanity      **English Couplets** M.R. **Faith Has Its Reasons** Kenneth Boa, Robert M. Bowman Jr., 2012-01-05 A most accessible but thoroughly practical primer on apologetics      Philosophy and Desire Hugh J. Silverman, 2014-04-23 Philosophy and Desire the seventh book in the well known Continental Philosophy series examines questions of desire desire for another person desire for happiness desire for knowledge desire for a better world desire for the impossible desire in text desire in language and desire for desire itself The theme of desire is explored through readings of contemporary figures such as Merleau Ponty Bataille Sartre de Beauvoir Levinas Irigaray Barthes Derrida and Derrida A hot timely topic in philosophy today Expands the contemporary debates      Trilogy Victor Duna, 2023-04-26 No About the Book information available at this time      In Defense of Sentimentality Robert C. Solomon, 2004-08-26 Philosophy has as much to do with feelings as it does with thoughts and

thinking Philosophy accordingly requires not only emotional sensitivity but an understanding of the emotions not as curious but marginal psychological phenomena but as the very substance of life In this the second book in a series devoted to his work on the emotions Robert Solomon presents a defense of the emotions and of sentimentality against the background of what he perceives as a long history of abuse in philosophy and social thought and art and literary criticism The title piece reopens a classic debate about the role of sentimentality in art and literature In subsequent chapters Solomon discusses not only such moral sentiments as sympathy and compassion but also grief gratitude love horror and even vengeance He also defends with appropriate caution the seven deadly sins The emotions at least some emotions are essential to a well lived life They are or can be virtues features of the human condition without which civilized life would be unimaginable The Journal of a Disappointed Man W. N. P. Barbellion, 2023-09-18 W N P Barbellion s The Journal of a Disappointed Man is a deeply personal and introspective account of the author s struggle with illness and the existential crises that accompany it Written in a diary format the book offers a raw and honest portrayal of Barbellion s physical and emotional pain as well as his musings on life death and the nature of human existence The literary style is introspective with poignant reflections that resonate with readers on a profound level The book s unique blend of autobiography and philosophical inquiry places it within the tradition of existentialist literature making it a compelling and thought provoking read Barbellion s skillful use of language and emotive expressions add depth to the narrative creating a work that is both impactful and emotionally resonant As a talented writer and introspective thinker Barbellion brings a unique perspective to the exploration of suffering disappointment and the search for meaning in life His ability to convey complex emotions and philosophical insights makes The Journal of a Disappointed Man a timeless and poignant read for anyone grappling with existential questions or seeking solace in the face of adversity

**Learning to Love Others** Richard Peace, 2015-04-28 At the heart of Jesus call to us is the call to love others But this can be so difficult For one thing others are not always very lovable for another loving others sometimes gets in the way of our own self interests But if we want to follow Jesus love needs to be our lifestyle and the way we treat others really does matter It s not all sacrifice and pain though To be in loving relationship with others is to be truly alive and it s the source of our greatest joy This study will help you love others the way Jesus desires You ll learn how to study the Bible as you examine and discuss topics such as Loving Others Loving Our Families Fellowship with Others Getting Along with Others Opposition from Others Sharing Our Faith with Others Serving Others Each chapter has three main sections Group Study materials for a sixty to ninety minute small group Bible study Study Resources notes and comments for use in both group and personal study Personal Study a series of reflection questions for use by group members on their own during the week Extra help is available at the end of the book in the sections The Art of Leadership tips on how to lead a small group and Small Group Leader s Guide notes on each session The goal of PILGRIMAGE GUIDES is to understand what it means for us to meet and know Jesus Through an examination of the spiritual disciplines of Bible study prayer and worship

we experience what it means to be a spiritual pilgrim walking in a new way with God And we look at how this new way changes the way we view others and live our lives in Christ PILGRIMAGE GUIDES Learning to Love God Learning to Love Ourselves Learning to Love Others Love... and Death Abraham Kaplan,2025-10-01 In these eleven talks originally presented as the highly acclaimed television series The Worlds of Abraham Kaplan a great teacher discusses the most important questions of traditional and contemporary human experience Dr Kaplan s views reflect a deep concern for human dignity and a sensitive awareness of the obstacles which often hinder our self understanding our relationships and our happiness With wisdom and humane wit Kaplan deals with the attitudes and emotions which many of us feel but which few of us can articulate On Women the kind of discrimination which makes a problem for women blacks Catholics Jews Chicanos and all sorts of minorities and special groups in our society is this they are responded to differently in situations in which the differences make no difference On Religion authentic religious life in all cultures and all faiths is something that comes out of the fullness of a man s heart It is a gift in which we express our love rather than something which comes out of the poverty of our lives as a demand that something be given to us On Morals the great moral leaders of mankind the prophets the teachers the martyrs they have been the very men and women who made trouble On Technology We talk of modern technology as a Frankenstein monster that threatens to destroy us the symbol is perhaps better than is often appreciated Frankenstein was not the name of the monster Frankenstein was the name of the human being who created the monster On Loneliness I believe that one of the tragedies of our time is that if we have no other way of relating to others we do so by violence On Aging In many ways it is the old that are to be envied by the young they have so much less to lose that often they are capable of much more dedication and commitment to the values ideals and principles which provide meaning to all our lives On Death To die in a manner that is worthy of a human being is to die with a sense of one s identity as the human being he is as the locus of all the human values which intersect which come to a meeting point in his being as an embodiment of human dignity With Abraham Kaplan as Alfred Slote notes in his Foreword the reader is in the hands of a master teacher a philosopher a gadfly and a delightful and impassioned storyteller Love and Death is a book to own to ponder and to give to friends you cherish **Toward a Psychology of Awakening** John Welwood,2002-02-12 A guide to understanding the relationship between Western psychology and the contemplative spirituality of the East and how one s spiritual journey can be enriched by both How can we connect the spiritual realizations of Buddhism with the psychological insights of the West In Toward a Psychology of Awakening John Welwood addresses this question with comprehensiveness and depth building on his innovative psychospiritual approach to health healing and spirituality He covers the following topics What can the spiritual methodologies of the East teach us about psychological health What issues arise when the recognition of our larger nature challenges our very conception of individual self What new directions become possible when psychological work is undertaken in a spiritual context How does Western psychological understanding affect our approach to spirituality Welwood

s psychology of awakening brings together three major dimensions of human existence personal interpersonal and suprapersonal in one overall framework of understanding and practice      *The Moral Psychology of Love* Arina Pismenny, Berit Brogaard, 2022-03-28 Under what circumstances can love generate moral reasons for action Are there morally appropriate ways to love Can an occurrence of love or a failure to love constitute a moral failure Is it better to love morally good people This volume explores the moral dimensions of love through the lenses of political philosophy psychology and neuroscience It attempts to discern how various social norms affect our experience and understanding of love how love relates to other affective states such as emotions and desires and how love influences and is influenced by reason What love is affects what love ought to be Conversely our ideas of what love ought to be partly determined by our conception of what love is      Sanctified and Consecrated for Spiritual Ministry Zacharias Tanee Fomum, 2015-12-30 God has done everything He had to do for the sanctification of the believer In this book Professor Fomum delves into the believer s responsibility to do what he must do in order to practically experience sanctification It is up to the believer to take all necessary steps to make evident the new quality of life that God is showing him Sanctified and Consecrated for Spiritual Ministry shows you step by step how to place at the disposal of the Lord a pure and available vessel that is yourself which he can use in His service at His discretion anywhere anytime and for any purpose If you are not sanctified you don t have the kind of quality vessel that God needs to be consecrated to Him If you are sanctified but are not consecrated God can t use you for astounding and outstanding spiritual ministry The content of this book is therefore fundamental for all those who are called to a narrow walk with God and to spiritual ministry for Him This book if strictly applied will make you an effective and useful minister in the hands of the Lord      **Love** Robert C. Solomon, 2010-12-08 Love our hearts yearn for it we fall into it or out of it we ll do almost anything to attain and keep it Those who have experienced the power of love whirl from its embrace It is delicious anguish gut wrenching pain and intoxicating allure Nations go to war over it crimes are committed to satisfy its demands lives are often ruined because of it and extraordinary feats of courage and sacrifice are performed in its name But beyond the cliches and greeting card platitudes do we really understand what love is and how it alters the way we think feel and behave Should love be viewed as little more than a lusty romp or is there more to it What is the relationship between love and romance caring concern compassion thoughtfulness sex and the many other components that our society jumbles together in this potent potpourri whose power can give strength to the weakest among us or turn powerhouses of strength into emotional mush It is precisely because love is such an important part of our lives that we owe it to ourselves to reach beyond overwhelming passion and the roadblocks of illusion to achieve real understanding of this extraordinary human phenomenon It won t always be easy in fact it s sometimes quite painful But the rewards are many for those who will risk exploring their own cherished attitudes about a subject that has held us in its grip for centuries and shows no signs of letting go Some of the topics covered are What I Feel in My Heart On the Alleged Origins of Romantic Love What Do I Want When I Want You Why

**The Journal of a Disappointed Man** W. N. P. Barbellion,1919      **Love in Contemporary British Drama** Korbinian Stöckl,2021-01-18 Despite the recent turn to affects and emotions in the humanities and despite the unceasing popularity of romantic and erotic love as a motif in fictional works of all genres the subject has received surprisingly little attention in academic studies of contemporary drama Love in Contemporary British Drama reflects the appeal of love as a topic and driving force in dramatic works with in depth analyses of eight pivotal plays from the past three decades Following an interdisciplinary and historical approach the study collects and condenses theories of love from philosophy and sociology to derive persisting discourses and to examine their reoccurrence and transformation in contemporary plays Special emphasis is put on narratives of love s compensatory function and precariousness and on how modifications of these narratives epitomise the peculiarities of emotional life in the social and cultural context of the present Based on the assumption that drama is especially inclined to draw on shared narratives for representations of love the book demonstrates that love is both a window to remnants of the past in the present and a proper subject matter for drama in times in which the suitability of the dramatic form has been questioned      Biblical Sermons Haddon W. Robinson,1997-02-01 Haddon Robinson s method as presented in Biblical Preaching is employed in twelve expository messages offering concrete examples of how experienced preachers have made Robinson s homiletical principles work for them Robinson comments on each expository message interviews each preacher and contributes a sermon of his own The book shows how successfully his method of developing sermons can be adapted to different contexts      **About Love** Robert C.
