Nietzsche and the Politics of Reaction Matthew McManus, 2023-01-01 This book is intended as a major interdisciplinary contribution to the study of Nietzsche's thought in particular and the political right more generally Historically the assessment of Nietzsche's politics has ranged from denouncing him as a forerunner to Nazism to claiming he effectively did not have articulated political convictions During the latter half of the 20th century he surprisingly became a major theoretical influence on a variety of post structuralist radical critics who saw in his perspectivism and genealogy of power useful tools to critique existent structures of domination This collection of essays reframes the debate by looking at Nietzsche's constructive political project defending aristocratic values from the levelling influence of the herd and its liberal socialist and democratic spokesmen The essays will also explore how this defense of aristocratic values continues to have an

influence on the political right inspiring moderates like Jordan Peterson and far right authors and activists like Aleksandr Dugin and Steve Bannon **Forthcoming Books** Rose Arny,2003 **Fieldiana** ,1912
