Making Tracks Charlie Gillett, 1988      **Dewey and Elvis** Louis Cantor, 2010-10-01 Beginning in 1949 while Elvis Presley and Sun Records were still virtually unknown and two full years before Alan Freed famously discovered rock n roll Dewey Phillips brought the budding new music to the Memphis airwaves by playing Howlin Wolf B B King and Muddy Waters on his nightly radio show Red Hot and Blue The mid South s most popular white deejay Daddy O Dewey soon became part of rock n roll history for being the first major disc jockey to play Elvis Presley and subsequently to conduct the first live on air interview with the singer Louis Cantor illuminates Phillips s role in turning a huge white audience on to previously forbidden race music Phillips s zeal for rhythm and blues legitimized the sound and set the stage for both Elvis s subsequent success and the rock n roll revolution of the 1950s Using personal interviews documentary sources and oral history collections Cantor presents a personal view of the disc jockey while restoring Phillips s place as an essential figure in rock n roll history

**Higher Ground** Craig Werner, 2007-12-18 An insightful music writer brilliantly reinterprets the lives of three pop geniuses and the soul revolution they launched Soul music is one of America s greatest cultural achievements and Stevie Wonder Aretha Franklin and Curtis Mayfield are three of its most inspired practitioners In midcentury America it was soul music particularly the dazzling stream of recordings made by these three stars that helped bring the gospel vision of the black church into the mainstream energizing the era s social movements and defining a new American gospel where the sacred and the secular met What made this gospel all the more amazing was that its most influential articulators were the sons and daughters of sharecroppers storefront preachers and single parents in the projects whose genius gave voice to a new vision of American possibility Higher Ground seamlessly weaves the specific and intensely personal narratives of Stevie Aretha and Curtis s lives into the historical fabric of their times The three shared many similarities They were all children of the great migration and of the black church But Werner goes further and ties them together with a provocative thesis about American history and culture that compels us to reconsider both the music and the times And aside from the personalities and the history he writes beautifully about music itself the nuts and bolts of its creation and performance in a way that brings a new awareness and understanding to the most familiar music forcing you to listen to songs you ve heard a thousand times with fresh ears In Higher Ground Werner illuminates the lives of three unparalleled American artists reminding us why their music mattered then and still resonates with us today      **Rhythm and Blues, Rap, and Hip-hop** Frank W. Hoffmann, 2005 Presents brief entries covering the history significant artists styles and influence of rhythm and blues rap and hip hop music
