[The Great Caliphs](#) Amira K. Bennison, 2014-05-14 This endlessly informative history brings the classical Islamic world to life In this accessibly written history Amira K Bennison contradicts the common assumption that Islam somehow interrupted the smooth flow of Western civilization from its Graeco Roman origins to its more recent European and American manifestations Instead she places Islamic civilization in the longer trajectory of Mediterranean civilizations and sees the Abbasid Empire 750 1258 CE as the inheritor and interpreter of Graeco

Roman traditions At its zenith the Abbasid caliphate stretched over the entire Middle East and part of North Africa and influenced Islamic regimes as far west as Spain Bennison's examination of the politics society and culture of the Abbasid period presents a picture of a society that nurtured many of the civilized values that Western civilization claims to represent albeit in different premodern forms from urban planning and international trade networks to religious pluralism and academic research Bennison's argument counters the common Western view of Muslim culture as alien and offers a new perspective on the relationship between Western and Islamic cultures *Nomadism in Iran* Daniel T. Potts, 2014 Potts examines the development of nomadism in Iran over the course of three millennia Evidence of nomadism in prehistory is examined and found insufficient to justify claims of its great antiquity The background of the earliest nomadic groups identified as Persian tribes by Herodotus is examined within the context of the migration of Iranian speakers onto the Iranian plateau in the late second or early first millennium B C Thereafter evidence of nomadic groups in Late Antiquity and early Islamic times is reviewed *Marble Past, Monumental Present* Michael Greenhalgh, 2009 This survey and synthesis of the structural and decorative uses of Roman remains particularly marble throughout the mediaeval Mediterranean deals with the Christian West but also Byzantium and Islam each the inheritor of much Roman territory It includes a 5000 image DVD
