Naskapi The Savage Hunters Of The Labrad:

Naskapi Frank G. Speck, 1977 Originally published in 1935 *Naskapi, the Savage Hunters of the Labrador Peninsula* [by] Frank G. Speck Frank Gouldsmith Speck, 1935 **Naskapi** Frank Gouldsmith Speck (anthropologue).), 1977 *Woman Who Mapped Labrador* Mina Hubbard, Anne Hart, 2005 The definitive Hubbard combining her previously unpublished diary a full biography and new maps that break down her daring canoe trip day by day **The Yearbook of Symbolic Anthropology** Erik Schwimmer, 1978-01-01 **Of Wolves and Men** Barry Lopez, 2024-06-25 Originally published in 1978 this classic exploration of humanity's complex relationship with and understanding of wolves returns with a new afterword by the author Humankind's relationship with the wolf is the sum of a spectrum of responses ranging from fear to admiration and affection Lopez's classic careful study has won praise from a wide range of reviewers and improved the way books on wild animals are written *Of Wolves and Men* explores the uneasy interaction between wolves and civilization over the centuries and the wolf's prominence in our thoughts about wild creatures Drawing upon an impressive array of literature history science and mythology as well as extensive personal experience with captive and free ranging wolves Lopez argues for the wolf's preservation and immerses the reader in its sensory world creating a compelling portrait of the wolf both as a real animal and as imagined by different kinds of men A scientist might perceive the wolf as defined by research data while an Eskimo hunter sees a family provider much like himself For many Native Americans the wolf is also a spiritual symbol a respected animal that can strengthen the individual and the community With irresistible charm and elegance *Of Wolves and Men* celebrates careful scientific fieldwork dispels folklore that has enabled the Western mind to demonize wolves explains myths and honors indigenous traditions allowing us to understand how this remarkable animal has become so prominent for so long in the human heart *Interpreting Human Rights* Rhiannon Morgan, Bryan Turner, 2009-05-07 In recent decades human rights have come to occupy an apparently unshakable position as a key and pervasive feature of contemporary global public culture At the same time human rights have become a central focus of research in the social sciences embracing distinctive analytical and empirical agendas for the study of rights This volume gathers together original social scientific research on human rights and in doing so situates them in an open intellectual terrain thereby responding to the complexity and scope of meanings practices and institutions associated with such rights Chapters in the book examine diverse theoretical perspectives and examine such issues as the right to health indigenous peoples' rights cultural politics the role of the United Nations women and violence the role of corporations and labour law Written by leading scholars in the field and from a range of disciplines across the social sciences this volume combines new empirical research with both established and innovative social theory **Maine to Greenland** Wilfred E. Richard, William Fitzhugh, 2014-08-05 *Maine to Greenland* is a testament to one of the world's great geographic regions the Maritime Far Northeast For more than three decades William W Fitzhugh and Wilfred E Richard have explored the Northeast's Atlantic corridor and its fascinating history habitat and culture

The authors powerful personal essays and Richard s stunning photography transport readers to this vibrant region joining Smithsonian archaeological expeditions and trekking in vast and amazing terrain Following Fitzhugh and Richard s travels north from Maine to the Canadian Maritimes Newfoundland and northern Quebec then to Labrador Baffin and Ellesmere islands and Greenland we view incredible landscapes uncover human history and meet luminous personalities along the way Fully illustrated with 350 full color photographs Maine to Greenland is the first in depth treatment of the Northeast Atlantic corridor and essential for armchair travelers locals tourists or anyone who has journeyed there Today green technology climate change and the opening of the Arctic Ocean have transformed the Maritime Far Northeast from an icy frontier into a global resource zone and an increasingly integrated international crossroads In our rapidly converging world we have much to learn from the Maritime Far Northeast and how its variety of cultures have adapted to rather than changed their environments during the past ten thousand years Maine to Greenland is not only a complete account of the region s unique culture and environment but also a timely reminder that amidst the very real consequences of climate change the inhabitants of the Maritime Far Northeast can show us grounded and sustainable ways of living **Beyond War** Douglas P.

Fry,2009-04-10 A profoundly heartening view of human nature Beyond War offers a hopeful prognosis for a future without war Douglas P Fry convincingly argues that our ancient ancestors were not innately warlike and neither are we He points out that for perhaps ninety nine percent of our history for well over a million years humans lived in nomadic hunter and gatherer groups egalitarian bands where warfare was a rarity Drawing on archaeology and fascinating recent fieldwork on hunter gatherer bands from around the world Fry debunks the idea that war is ancient and inevitable For instance among Aboriginal Australians warfare was an extreme anomaly Fry also points out that even today when war seems ever present the vast majority of us live peaceful nonviolent lives We are not as warlike as we think and if we can learn from our ancestors we may be able to move beyond war to provide real justice and security for the world *The Laughing People* Serge

Bouchard,2021-08-18 The Laughing People translated from the award winning *Le peuple rieur* conveys the richness and resilience of the Innu while reminding us of the forces old and new that threaten their community This memoir and tribute tells the tale of the very long journey of a very small nation recounting both its joie de vivre and its crosses borne Readers follow Serge Bouchard a young anthropologist in the 1970s as he arrives in Ekuanitshit Mingan Quebec and comes to know its residents His observations and questions document a community weathering yet another season of change skidoos replace dogsleds and forests are bulldozed for prefabricated housing while nonetheless defying external pressures to assimilate or disappear altogether Returning to these texts fifty years later Bouchard moves beyond platitudes of strength and dives into wide scale injustices to present the sacrifices and beauty of the Innu people on individual terms Whether recounting the impact of the residential school system on Georges Mestokosho the wave of Innu activism inspired by An Antane Kapeshe or the uncelebrated work of women like Nishapet Enim The Laughing People presents an opportunity for readers to be part of

the preservation and proliferation of these important stories At the Font of the Marvelous Anthony Wonderley, 2009-06-01 The folktales and myths of the Iroquois and their Algonquian neighbors rank among the most imaginatively rich and narratively coherent traditions in North America Inspired by these wondrous tales Anthony Wonderley explores their significance to Iroquois and Algonquian religions and worldviews Mostly recorded around 1900 these oral narratives preserve the voice and something of the outlook of autochthonous Americans from a bygone age when storytelling was an important facet of daily life Grouping the stories around shared themes and motifs Wonderley analyzes topics ranging from cannibal giants to cultural heroes and from legends of local places to myths of human origin Approached comparatively and historically these stories can enrich our understanding of archaeological remains ethnic boundaries and past cultural interchanges among Iroquois and Algonquian peoples Indigenous Cultures in an Interconnected World Claire Smith, Graeme K. Ward, Graeme Ward, 2000 Papers based on the 1997 Fulbright Symposium of the same name **The Origin of Table Manners** Claude Lévi-Strauss, 1990-11-08 The Origin of Table Manners is the third volume of a tetralogy devoted to American Indian mythology Unlike the first two volumes The Raw and the Cooked From Honey to Ashes which are devoted to South American myths the present one establishes relations with North America which is the subject of the fourth The Naked Man In the course of the analysis the myths link up with ideas of more general interest Thus we find discussions of numeration of morals and of the origin of the novel The Origin of Table Manners is thus of special interest to students of American Indian mythology although it contains ideas of interest to other fields and even to the general reader Daniel C Raffalovich American Anthropologist An immense anthropological erudition is here wielded by one of the world's finest minds and the myths themselves have never been taken more seriously Lévi Strauss raises issues and then resolves them with the suspenseful cunning of a mystery novelist John Updike New Yorker **The Bungling Host** Daniel Clément, 2018-08-01 Daniel Clément examines the Bungling Host tale known in a multitude of indigenous cultures in North America and beyond In this groundbreaking work he reveals fuller meaning to these stories than previously recognized and underscores the limits of structuralism in understanding them The Music and Dance of the World's Religions E. Rust, 1996-08-23 Despite the worldwide association of music and dance with religion this is the first full length study of the subject from a global perspective The work consists of 3 816 references divided among 37 chapters It covers tribal regional and global religions and such subjects as shamanism liturgical dance healing and the relationship of music mathematics and mysticism The referenced materials display such diverse approaches as analysis of music and dance description of context direct experience observation and speculation The references address topics from such disciplines as sociology anthropology history linguistics musicology ethnomusicology theology medicine semiotics and computer technology Chapter 1 consists of general references to religious music and dance The remaining 36 chapters are organized according to major geographical areas Most chapters begin with general reference works and bibliographies then continue with topics specific to the region or religion This book

will be of use to anyone with an interest in music dance religion or culture *An Inquiry Into the Ethnic Resolution of Mesolithic Regional Groups* ,1990 Recent Western European Mesolithic research has greatly augmented our understanding of the time and space parameters of material derived from settlements Perusals of those regularities have led to a renewed scrutiny of the ethnographic literature in an attempt to perceive the resulting temporal and spatial units as anthropologically relevant regional groups The proposition that the breeding population was identical to the ethnic identity of the participants is untenable After a review of the physical anthropological composition of that population and its forms of social and spatial organization the emic relevance of decorative ornamentation and costume is established in terms of society specific styles Proceeding from a series of tenets of processual ethnographic analogy the ornaments extant in the post glacial hunter fisher gatherer cultures of Western Europe are examined for their formal properties and time and space parameters By means of an explicit set of postulates they are tested for the identification definition and territorial placement of mesolithic social ethnic and linguistic groups Home Is the Hunter Hans M. Carlson,2009-05-01 The James Bay Cree lived in relative isolation until 1970 when Northern Quebec was swept up in the political and cultural changes of the Quiet Revolution The ensuing years have brought immense change for the Cree who now live with the consequences of Quebec s massive development of hydroelectricity timber and mineral resources in the North Home Is the Hunter presents the historical environmental and cultural context from which this recent story grows Hans Carlson shows how the Cree view their lands as their home their garden and their memory of themselves as a people By investigating the Cree s relationship with the land and their three hundred years of contact with outsiders the author illuminates the process of cultural negotiation at the foundation of ongoing political and environmental debates This book is more than a story of dam building and industrial logging in northern Quebec It offers a way of thinking about indigenous peoples struggles for rights and environmental justice in Canada and elsewhere **The Naked Man** Claude Lévi-Strauss,1990-11-08 The Naked Man is the fourth and final volume of Mythologiques written by the most influential and probably the most controversial anthropologist of our time Myths from North and South America are set side by side to show their transformations in passing from person to person and place to place a myth can change its content and yet retain its structural principles Apart from the complicated transformations discovered and the fascinating constructions placed on these the stories themselves provide a feast Betty Abel Contemporary Review L vi Strauss uses the structural method he developed to analyze and decode the mythology of native North Americans focusing on the area west of the Rockies The author takes the opportunity to refute arguments against his method his chapter Finale is a defense of structural analysis as well as the closing statement of this four volume opus which started with an Ouverture in The Raw and the Cooked Library Journal The culmination of one of the major intellectual feats of our time Paul Stuewe Quill and Quire **Monograph series** Statens etnografiska museum (Sweden),1953 **I Dreamed the Animals: Kaneuketat: The Life of an Innu Hunter** , This is Kaniuekutat s book In it he tells the story of his life and that of

Innu culture in the northern parts of Labrador The pages of this book are filled with the voice of Kaniuekutat giving his account of an Innu hunter s life and the problems and distress that have been caused by sedentarization and village life Kaniuekutat invites us to see Innu society and culture from the inside the way he lives it and reflects upon it He was greatly concerned that young Innu may lose their traditional culture and the skills necessary to make a living as hunters and wanted to convey a message the Innu must take care of their language their culture and their traditions
