## **Nasser Of Egypt The Search For Dignity:**

**Nasser of Egypt** Wilton Wynn, 1959      Nasser's Egypt, Arab Nationalism, and the United Arab Republic James P. Jankowski, 2002 During the crucial decade of the 1950s in Egypt both Gamal Abdel Nasser and the idea of Arab nationalism were assuming more and more influence in Egypt and the greater Arab world Exploring this phenomenon James Jankowski also offers important insights into the political context in which Nasser maneuvered Jankowski focuses on the period from the 1952 Revolution in Egypt to the dissolution of the short lived union of Egypt and Syria in 1961 and on the outlook and actions of Nasser the dominant figure in Egypt's new revolutionary regime Concisely and convincingly he identifies the unique blend of ideological and practical considerations that led Egypt to a progressively deeper involvement in Arab nationalism He draws on newly available materials from the U S and British archives and on the memoir literature now available in Arabic to present a detailed reconstruction of this formative period in Egyptian political history Jankowski traces Egypt's and Nasser's movement from a peripheral to a central position in Arab nationalist politics      Nasser and His Generation P.J. Vatikiotis, 2022-09-30 First published in 1978 Nasser and His Generation is one of the most important books on modern Egyptian history It goes much further than a simple history of the Nasser regime or a psychobiography of the Egyptian ruler It examines his personality attitudes and beliefs and how these were informed or acquired and seeks to explain what and who he was But it also considers Nasser to be a representative of a generation of Egyptians many of whom rode on his bandwagon to power serve him and then more or less promptly forgot him The first two parts set the scene for the emergence of the military regime highlighting the disintegration of the old political order which the Free Officers overthrew in 1952 Part Three deals with Nasser in his several capacities as absolute ruler of Egypt and his relations with Arabs Israel and the rest of the world Part Four provides a depiction of Nasser as the absolute ruler and Part Five attempts a general assessment of Nasser's personality and his impact on Egypt Based on archival sources and extensive interviews with many of his associates closest members of his family and his deepest enemies this volume is a must read for any student of political history African studies Middle East studies and political science      **Nasser's Blessed Movement** Joel Gordon, 1992 This book explores the early years of military rule following the Free Officer's coup of 1952      **The Quest for Hegemony in the Arab World** Podeh, 2022-02-22 The struggle between Egypt and Iraq over Arab hegemony constitutes the main theme of this study Focussing on the struggle over Middle Eastern defense between 1945-58 and culminating in the conflict over the Baghdad Pact 1955-58 it sheds new light on Arab politics during the period under review This research concentrates predominantly on the regional actors The underlying assumption is that policies were not necessarily formulated in Washington and London and that often enough major decisions taken in Ankara Cairo Baghdad Damascus Amman and other Arab capitals affected decision makers in Western capitals The Quest for Hegemony in the Arab World is based on newly released British American and Israeli documents as well as on all available Arab sources The study's value rests upon its discussion of the Baghdad Pact

a significant event which was hitherto neglected yet marked a watershed in modern Arab history This study s approach offers an analytical framework with which the present struggle for hegemony in the Arab world may be examined

**Judges and Generals in the Making of Modern Egypt** Mahmoud Hamad,2018-10-25 Why do authoritarian regimes survive How do dictators fail What role do political institutions play in these two processes Many of the answers to these questions can be traced to the same source the interaction between institutions and preferences Using Egypt as a case study Professor Mahmoud Hamad describes how the synergy between judges and generals created the environment for the present government and a delicate balance for its survival The history of modern Egypt is one of the struggle between authoritarian governments and forces that advocate for more democratic rights While the military has provided dictatorial leaders the judiciary provides judges who have the power to either support or stymie authoritarian power Judges and Generals in the Making of Modern Egypt provides a historically grounded explanation for the rise and demise of authoritarianism and is one of the first studies of Egypt s judicial institutions within a single analytical framework

**Egypt Since the Revolution (RLE Egypt)** P.J. Vatikiotis,2013-01-03 As the leaders of a revolutionary nationalist regime the Egyptian Free Officers who came to power following the 1952 Revolution committed themselves to the attainment of goals associated with modernization namely rapid economic development based on State planning and industrialization and the political mobilization of society along State decreed lines Arising from a conference held at the Centre of Middle Eastern Studies at SOAS with contributions from scholars from the Arab world Europe and the US as well as the UK these papers raise the questions most important to students of economic and political development

*A Brief History of Egypt* Arthur Goldschmidt,2008 Chronicles the history of Egyptian politics economics social and cultural developments from ancient times to the present

*Confronting Fascism in Egypt* Israel Gershoni,James Jankowski,2009-10-21 Confronting Fascism in Egypt offers a new reading of the political and intellectual culture of Egypt during the interwar era Though scholarship has commonly emphasized Arab political and military support of Axis powers this work reveals that the shapers of Egyptian public opinion were largely unreceptive to fascism openly rejecting totalitarian ideas and practices Nazi racism and Italy s and Germany s expansionist and imperialist agendas The majority although not all of Egyptian voices supported liberal democracy against the fascist challenge and most Egyptians sought to improve and reform rather than to replace and destroy the existing constitutional and parliamentary system The authors place Egyptian public discourse in the broader context of the complex public sphere within which debate unfolded in Egypt s large and vibrant network of daily newspapers as well as the weekly or monthly opinion journals emphasizing the open diverse and pluralistic nature of the interwar political and cultural arena In examining Muslim views of fascism at the moment when classical fascism was at its peak this enlightening book seriously challenges the recent assumption of an inherent Muslim predisposition toward authoritarianism totalitarianism and Islamo Fascism

**Futile Diplomacy, Volume 4** Neil Caplan,2015-05-15 This book first published in 1997 focuses on the Anglo American cooperation

which began during the relatively uneventful years 1953 and 1954 and which led to a covert operation code named Alpha which aimed unsuccessfully at convincing Egyptian and Israeli leaders to consider a settlement through secret negotiations. As with the other three volumes that make up *Futile Diplomacy* this volume comprises Dr Caplan's expert in depth analysis with a wealth of primary source documents making this a key reference source in the study of the Arab Israeli conflict.

Middle East: Tricontinental Hub United States. Department of the Army, 1965 *The Politics of Migration in Modern Egypt* Gerasimos Tsourapas, 2019 Examines how authoritarian regimes employ labour emigration in order to remain in power both in Egypt and beyond *Routledge Library Editions: Egypt* Various Authors, 2021-07-09 Routledge Library Editions Egypt brings together as one set or individual volumes a series of previously out of print classics from a variety of academic imprints. With titles ranging from *Education in Egypt* to *Egypt in Transition* from *Egyptian Religion* to *Egypt's Economic Potential* this set provides in one place a wealth of important reference sources from a wide range of authors expert in the field. **Middle East: Tricontinental Hub: A strategic survey** United States. Department of the Army, 1965 **Nieman Reports**, 1959 *Futile Diplomacy - A History of Arab-Israeli Negotiations, 1913-56* Neil Caplan, 2021-03-04 These four volumes provide a careful and balanced behind the scenes account of the intricate diplomatic activity of the period between 1913 and 1956. Exploiting a range of available archive sources as well as extensive secondary sources they provide an authoritative analysis of the positions and strategies which the principal parties and the would be mediators adopted in the elusive search for a stable peace. The text of each volume comprises both analytical historical chapters and a selection of primary documents from archival sources providing an essential reference source for the student of the Arab Israeli conflict and its long history. *LIFE*, 1970-10-09 *LIFE Magazine* is the treasured photographic magazine that chronicled the 20th Century.
