Natal Province Of Contrasts:

Natal, Province of Contrasts Gerald S. Cubitt, 1981 *Animated by Uncertainty* Joshua D. Rubin, 2021-09-28 In *Animated by Uncertainty* Joshua D. Rubin analyzes South African rugby through the lens of aesthetic politics. Building on 17 months of ethnographic research with rugby coaches, players, and administrators, the author argues that rugby is a form of performance and further that the qualities that define rugby shape the political ends to which the sport can be put. In this respect, *Animated by Uncertainty* demonstrates that theories of sporting politics cannot afford to overlook the qualities of the sports themselves and it provides a theoretical approach to illustrate how these qualities can be studied. The book also analyzes the ways that apartheid and colonialism inhere in South African institutions and practices. Drawing inspiration from the observation that South Africans could always abandon rugby if they chose to do so, Rubin highlights how the continuing significance of rugby as a form of performance brings traces of South Africa's apartheid and colonial past into the country's contemporary political moment.

Inequality and Development Challenges Maria Clara Couto Soares, Mario Scerri, Rasigan Maharajh, 2018-10-24 This series of books brings together results of an extensive research programme on aspects of the national systems of innovation (NSI) in the five BRICS countries: Brazil, Russia, India, China, and South Africa. It provides a comprehensive and comparative examination of the challenges and opportunities faced by these dynamic and emerging economies. In discussing the impact of innovation with respect to economic, geopolitical, socio-cultural, institutional, and technological systems, it reveals the possibilities of new development paradigms for equitable and sustainable growth. This volume analyses the co-evolution of inequality and NSI across the BRICS economies. It reveals the multi-dimensional character of inequality, going beyond its income aspect to include assets, access to basic services, infrastructure, knowledge, race, gender, ethnicity, and geographic location. In advancing valuable policy recommendations, the book argues that inequalities must be factored in development strategies, given that benefits of innovation are not automatically distributed equally. Original and detailed data, together with expert analyses on wide-ranging issues, make this book an invaluable resource for researchers and scholars in economics, development studies, and political science, in addition to policy makers and development practitioners interested in the BRICS countries.

South Africa as a Multi-Ethnic Society Godfrey Mwakikagile, 2010-06 The author looks at South Africa as a society whose multiple ethnic identities collectively constitute what is probably the most dynamic and most productive country on the continent. The country's ethnic diversity is a source of strength. It also poses challenges, although South Africa has not fractured along ethnic lines as some countries have. The work is also a telescopic survey of the country's history, geography, and cultural landscape, providing a comprehensive picture of this vibrant nation whose population includes immigrants from other parts of the continent who have flocked into South Africa in large numbers since the end of apartheid. Their presence in the rainbow nation has also been a source of tension between the immigrants and black South Africans, especially in the poverty-stricken townships across the country. The

immigrants have also contributed to the nation's ethnic and cultural diversity which is one of the prominent features of the South African society. The book may serve members of the general public who are learning about South Africa for the first time. It may also be helpful to students including those going to South Africa. Those who specialise in South Africa may also find this work to be useful. **South Africa and Its People** Godfrey Mwakikagile, 2008. This work looks at South Africa and its people including all the racial and ethnic groups in all the provinces and their different cultures. It's also a general historical background of South Africa since the founding of the country. Also the country's natural resources in every province is one of the subjects covered in the book. African immigrants in South Africa a relatively new group in the country especially since the end of apartheid is another subject addressed by the author. And there's much more that's covered in this work.

Crustal Evolution of Southern Africa A. J. Tankard, Martin Martin, K. A. Eriksson, D. K. Hobday, D. R. Hunter, W. E. L. Minter, 2012-12-06. Syntheses of the geology of major areas of the Earth's crust are increasingly needed in order that the features of and the problems associated with the secular evolution of the continents can be understood by a wide audience. Southern Africa is fortunate in having a remarkable variety of geological environments developed without many breaks over 3.8 Ga and many of the rock groups are household names throughout the geological world. In one respect the geology of Southern Africa is particularly important: cratonization clearly began as early as 3.0 Ga ago in contrast to about 2.5 Ga in most other continental areas such as North America. This book documents very well the remarkable change in tectonic conditions that took place between the Early and Mid Precambrian: we have here evidence of the very earliest development of rigid lithospheric plates. This book is a tribute to the multitudes of scientists who have worked out the geology of Southern Africa over many years and decades. Whatever their discipline each provided a step in the construction of this fascinating story of 3.8 Ga of crustal development. In the book the reader will find a detailed review of the factual data together with a balanced account of interpretative models without the indulgence of undue speculation. One of its attractions is its multidisciplinary approach which provides a stimulating challenge to the reader. **Climate Prediction and Agriculture**

Mannava VK Sivakumar, James Hansen, 2007-05-26. Improved adaptation of food production particularly in areas where climate variability is large holds the key to improving food security for human populations. Increasing climate knowledge and improved prediction capabilities facilitate the development of relevant climate information and prediction products for applications in agriculture to reduce the negative impacts due to climate variations and to enhance planning activities based on the developing capacity of climate science. This book based on an International Workshop held in Geneva in 2005 reviews the advances made so far in seasonal climate predictions and their applications for management and decision making in agriculture and identifies the challenges to be addressed in the next 5 to 10 years to further enhance operational applications of climate predictions in agriculture especially in the developing countries. **Emerging Infectious Diseases**, 2014

African Contrasts Robert Henry Wishart Shepherd, Bertram Garrett Paver, 1947 Shots in the Dark Jon Cohen, 2001. In

1984 it was announced that an AIDS vaccine would be ready for testing in two years More than 15 years later only one vaccine has made it to a field trial This text explains the reasons for this slow progress Planning in a Global Era Andy Thornley,2017-03-02 Globalization was the buzzword of the last decade Advances in communication technology computing and air travel have all contributed to the establishment of what has been referred to as a network society that encompasses the globe Such arguments clearly have a significance on planning an activity which has been concerned with controlling and shaping the use of space This volume brings together contributions from across the world in order to address some of the questions that arise from such global changes The opening section addresses the globalization debate directly raising some theoretical issues and exploring the planning implications across a range of world cities This is followed by an exploration of the way the theoretical debate about planning may need to advance to encompass contemporary forces A number of more specific accounts addressing the need for adaptation are offered The final section focuses on two aspects housing and sustainability which persist as wicked problems and are likely to remain at the top of the agenda in the third millennium

South African Dialogue: Contrasts in South African Thinking on Basic Race Issues N. J. Rhodie,1972

Precambrian Geology Alan M. Goodwin,2016-02-06 The main goal of this book is to provide a modern comprehensive statement on the Earth's Precambrian crust It uses geographic and tectonic location lithostratigraphy geochronology and petrogenesis as a basis for considering Precambrian coastal evolution including the role of plate tectonics Detailed consideration is given to the endogenic and exogenic processes which formed the continental crust and also to its subsequent secular evolution across Precambrian time An essential reference volume for every Precambrian geologist *Marriage markets and fertility in South Africa with comparisons to Britain and Sweden* Seble Worku-Yergou Belay,2007 **Geology of Southwest Gondwana** Siegfried Siegesmund,Miguel A. S. Basei,Pedro Oyhançabal,Sebastian Oriolo,2018-02-02 This book focuses on the geological evolution of Southwest SW Gondwana and presents state of the art insights into its evolution It addresses the diachronic assembly of continental fragments derived from the break up of the Rodinia supercontinent later amalgamated to build SW Gondwana during the Neoproterozoic Cambrian transition which on a global scale includes parts of present day South America Africa and Madagascar The book presents 24 state of the art reviews including the most crucial controversies Most experienced scientists about the geology of SW Gondwana from Europe Africa South America and Australia present contributions on key areas addressing the interactions between the main cratons and fold belts on both sides of the South Atlantic Ocean Chapters related to the geology of the major Archean Paleoproterozoic cratons and Neoproterozoic Brazilian Pan African fold belts enable readers to gain an in depth understanding of the tectonometamorphic and magmatic evolution of SW Gondwana The book covers a wide range of issues including metallogenetic sedimentary paleobiological and paleoclimatic processes and allows a deep insight into this key period of the Earth's evolution **Agriculture and Ecosystem Resilience in Sub Saharan Africa** Yazidhi Bamutaze,Samuel

Kyamanywa, Bal Ram Singh, Gorettie Nabanoga, Rattan Lal, 2019-05-22 This volume discusses emerging contexts of agricultural and ecosystem resilience in Sub Saharan Africa as well as contemporary technological advances that have influenced African livelihoods In six sections the book addresses the sustainable development goals to mitigate the negative impacts on agricultural productivity brought about by climate change in Africa Some of the challenges assessed include soil degradation land use changes natural resource mismanagement declining crop productivity and economic stagnation This book will be of interest to researchers NGOs and development organizations Section 1 focuses on climate risk management in tropical Africa Section 2 addresses the water ecosystem agriculture nexus and identifies the best strategies for sustainable water use Section 3 introduces Information Communication Technology ICT and how it can be used for ecosystem and human resilience to improve quality of life in communities Section 4 discusses the science and policies of transformative agriculture including challenges facing crop production and management Section 5 addresses landscape processes human security and governance of agro ecosystems Section 6 concludes the book with chapters uniquely covering the gender dynamics of agricultural ecosystem and livelihood resilience

Demographic Research, Volume 5 MPI für demografische Forschung, 2004 *Principles of Precambrian Geology* Alan M. Goodwin, 1996-06-18 Principles of Precambrian Geology is an update to the 1991 book Precambrian Geology The Dynamic Evolution of the Continental Crust by the same author The new edition covers the same topics in a more concise and accessible format and is replete with explanatory figures tables and illustrations The book serves as a modern comprehensive statement on the Earth's Precambrian crust covering the main aspects of distribution lithostratigraphy age and petrogenesis of Precambrian rocks by continent within the context of the Earth's evolving continental crust Principles of Precambrian Geology provides a suitable framework for assessing various Earth dynamic and biospheric hypotheses including the modern plate tectonic paradigm and the Gaian hypothesis Despite the concise format the new edition provides extensive updated references to support the information presented It is designed to serve the needs of student teacher explorationist and general student of the continental crust Updated to provide more concise accessible information Extensive illustrations tabulations and maps Provides a framework for assessing recent hypothesis on Earth dynamics Covers main aspects of distribution lithostratigraphy age and protogenesis of Precambrian rocks

Biogeography and Ecology of Southern Africa Marinus J.A. Werger, A.C. van Bruggen, 2012-12-06 Southern Africa is certainly not a naturally bounded area so that there are several possibilities for delineating it and concepts about its extent Wellington discussed the various possibilities for delineation and suggested that one line stands out more clearly and definitely as a physical boundary than any other namely the South Equatorial Divide the watershed between the Zambezi and Rufiji Rivers on the one hand and the Zambezi Cunene and Rovuma Rivers on the other This South Equatorial Divide is indeed a major line of separation for some organisms and is also applicable in a certain geographical sense though it does not possess the slightest significance for many other groups of organisms ecosystems or geographical and physical

features of Africa The placing of the northern boundary of southern Africa differs in fact strongly per scientific discipline and is also influenced by practical considerations regarding the possibilities of scientific work as subordinate to certain political realities and historically grown traditions This is illustrated for example in such works as the Flora of Southern Africa where the northern boundary of the area is conceived as the northern and eastern political boundaries of South West Africa South Africa and Swaziland Botswana traditionally included in the area covered by the Flora Zambesiaca thus forms a large wedge in Southern Africa

The Sirex Woodwasp and its Fungal Symbiont: Bernard Slippers, Peter de Groot, Michael John Wingfield, 2011-10-20 The Sirex woodwasp *Sirex noctilio* is the most important invasive alien insect pest of *Pinus* plantations in the Southern Hemisphere It now also threatens pines in North America This book brings together the worldwide knowledge of researchers from Universities and Government institutions as well as forest industry practitioners that have worked on the pest Importantly it is the first comprehensive treatment of the subject since *S. noctilio* was discovered outside its native range around 1900 The book covers all aspects of the biology and management of *S. noctilio* including aspects of the insects taxonomy general life history host plant relationships population dynamics chemical ecology and symbiosis with the fungus *Amylostereum areolatum* The book also contains a comprehensive synthesis of the history and current status of the pest and worldwide efforts to control it including biological control silviculture and quarantine

web mar 13 2018 the j55 api 5ct casing pipe is a comparatively low steel grade in oil drilling it is widely applied for shallow oil and gas extraction because of its low cost among other grades of steel it enjoys wider applications can be generally used in shallow wells geothermal wells and water wells n80 casing

optimum make up torque for 5 5 casing eng tips - Feb 25 2022

web jun 27 2010 ask the api or your casing supplier my baker tech facts book says the recommended makeup torque for 5 1 2 15 5ppf k55 stc casing 2220 ft lbs 5 1 2 15 5ppf k55 ltc casing is 2390ft lbs it doesn t list the makeup for speccial clearance couplings other than the size special clearance 5 1 2 coupling is 5 875 diameter

api 5ct j55 steel casing tubing tustube reliable octg - Aug 14 2023

web api 5ct j55 is a commonly used petroleum casing pipe material it is produced according to the api 5ct standard and used in a variety of well types both oil and natural gas the main purposes of using casing or tubing are to protect the wellbore from collapse and to provide a conduit for well fluids

tubing torque for long thread chart flowtech energy - Jun 12 2023

web opti torq optimum torque nom wt nominal weight common application casing r95 m65 n80 j55 k55 h40 these are commonly used in wells that do not demand stringent strength and anti corrosion requirements the following are the descriptions of two grades h40 and k55 h40 api color code 1 black band or none

api 5ct j55 k55 casing and tubing pipe octalsteel - Sep 15 2023

web api 5ct j55 k55 casing and tubing have same chemical composition and same yield strength 379 552 mpa with different tensile j55 tensile strength minium 517 mpa which k55 is 655 mpa they are relative lower grade and cheaper than n80 l80 p110

api 5ct j55 casing pipe equipoutlet - Mar 29 2022

web the j55 api 5ct casing pipe is a comparatively low steel grade in oil drilling it is widely applied for shallow oil and gas extraction because of its low cost among other grades of steel it enjoys wider applications can be generally used in shallow wells geothermal wells and water wells

mechanical properties of oil casing j55 and k55 in api 5ct - Nov 05 2022

web jul 28 2021 1 heat treatment psl1 requirements in api 5ct j55 and k55 require delivery in rolled state psl2 requirements

in api 5ct j55 and k55 oil casing should be normalized and tempered as a whole 2 tensile test j55 yield strength 379mpa 552mpa tensile strength 517mpa minimum elongation of j55 is 19

casing and tubing octg pipe enpro pipe - Dec 06 2022

web sourcing from all the good api 5ct casing pipe manufacturers in china enpro is working on providing high quality casing pipe with most competitive price especially for the the grades j55 k55 n80 1 and n80q casing moreover enpro is engaged in providing various premium connection casing pipe for the server working conditions

specification of j55 oil casing pipe permanentsteel com - Jul 01 2022

web nov 6 2019 j55 casing pipe is an important equipment for oil drilling its main equipment also includes drill pipe core pipe and casing drill collar and steel pipe for small diameter drilling j55 oil casing specifications are mainly 139 7 7 72 177 8 9 19 244 5 8 94 244 5 10 03 244 5 11 05 etc

api 5ct j55 casing canada steel and casing imports inc - May 31 2022

web the j55 api casing or tubing is widely used in the extraction of natural gas and coalbed methane and can be commonly found in shallow wells geothermal wells and water wells specifications 1 outer diameter 4 1 2 5 5 1 2 6 5 8 7 7 5 8 9 5 8 10 3 4 13 3 8 16 18 5 8 20 2 wall thickness 5 21 16 13 mm 3

tubing casing drill pipe rod specifications - Jan 07 2023
