Nathaniel Hawthorne A Study Of The Short:

Nathaniel Hawthorne Nancy L. Bunge, 1993 One of the first American short story writers Nathaniel Hawthorne is also among the finest A sampling of his stories reads like an anthology of great literature My Kinsman Major Molineux The Celestial Railroad The Minister's Black Veil The Maypole of Merry Mount The Birthmark Common to all Hawthorne's work is an intellectual emotional and psychological richness that may well remain unparalleled in fiction today Indeed as scholars learn more about history literature sociology and psychology the more they unlock secrets in Hawthorne's work Few writers of any generation genre or language have shared or even approached Hawthorne's lucid vision of the mind's hidden landscape More remarkable perhaps was the compassion he felt for his subjects while exploring their sin guilt cruelty and arrogance Human beings he felt can afford to face their flaws because they have the capacity to grow beyond them Even his peers acknowledged his place in literary history D H Lawrence called Hawthorne the American wonder child with his magical allegorical insight Henry James wrote an entire book of criticism about him and Herman Melville in deference to Hawthorne's great power of blackness dedicated *Moby Dick* to his friend and neighbor Nancy Bunge investigates the whole of Hawthorne's short fiction canon including a number of the less celebrated stories Her specific and detailed analyses include fresh commentaries on Hawthorne's lush and demanding fiction including observations afforded by the moral social and historical interpretations of the stories Many of her theories are not found in the extant body of criticism and still others take the general patterns of critical interpretation to new levels Bunge's thorough inspection also sheds light on the relation of the fiction to Hawthorne's own biography including his Puritan roots

Pitts, 1980 *The Complete Works of Nathaniel Hawthorne* Nathaniel Hawthorne, 2022-11-13 Nathaniel Hawthorne's *The Complete Works of Nathaniel Hawthorne* presents a rich tapestry of 19th century American literature encompassing his most renowned novels short stories and essays Notable for their intricate exploration of moral complexity human nature and the interplay of light and darkness these works exemplify the author's unique literary style characterized by his use of symbolism allegory and psychological depth Rooted in the American Romantic movement Hawthorne's writings reflect the cultural and sociopolitical milieu of his time with themes that resonate through his portrayals of sin guilt and the quest for redemption Hawthorne born in 1804 in Salem Massachusetts was deeply influenced by his Puritan ancestry and the historical backdrop of New England which informed much of his literature His experiences with transcendentalism and friendships with contemporaries like Ralph Waldo Emerson and Henry James also shaped his narrative voice and thematic focus The echoes of his own struggles with morality and identity played a vital role in the profound philosophical inquiries present throughout his oeuvre This collection is an essential read for scholars and enthusiasts of American literature alike Hawthorne's adeptness at weaving complex characters and timeless themes invites readers to delve into the human psyche making his works as relevant today

as they were in the past A powerful exploration of the depths of the human condition The Complete Works of Nathaniel Hawthorne is a cornerstone of literary study that deserves a place on every bookshelf *The Undergraduate's Companion to American Writers and Their Web Sites* Larry G. Hinman,2000-12-15 An outstanding research guide for undergraduate students of American literature this best selling book is essential when it comes to researching American authors Bracken and Hinman identify and describe the best and most current sources both in print and online for nearly 300 American writers whose works are included in the most frequently used literary anthologies Students will know exactly what information is available and where to find it *Hawthorne's Wilderness: Nature and Puritanism in Hawthorne's The Scarlet Letter and "Young Goodman Brown"* Marina Boonyaprasop,2013-06-01 Nathaniel Hawthorne is one of America s most noted and highly praised writers and a key figure in US literature Although he struggled to become an acknowledged author for most parts of his life his work stands in the limelight of the American literary consciousness Graham 5 For he is a direct descendant of Massachusetts Bay colonists in the Puritan era of the 17th and 18th century New England served as a lifelong preoccupation for Hawthorne and inspired many of his best known stories Hence in order to understand the author and his work it is crucial to apprehend the historical background from which his stories arose The awareness of the Puritan legacy in Hawthorne s time and their Calvinist beliefs which contributed to the establishment of American identity serve as a basis for fathoming the intention behind Hawthorne s writings His forefathers concept of wilderness became an important part of their religious life and in many of Hawthorne s tales nature can be perceived as an active agent for the plot and the moral message Therefore it is indispensable to consider the development behind the Puritan perception as well as the prevailing opinion on nature during the writer s lifetime After the historical background has been depicted the author himself is focused His ambiguous character and non persistent lifestyle are the source of many themes which can be retrieved from his works Thus understanding the man behind the stories is necessary in order to analyze the tales themselves Seclusion nature and Puritanism are constantly recurring topics in the author s life and work To become familiar with Hawthorne s relation to nature his ancestors and religion it is essential to understand the vast amount of symbols his stories His stories will be brought into focus and will be analyzed on the basis of the historical and biographical facts and further his particular style and purpose will be taken into consideration The second part of this book analyzes two of the author s most eminent and esteemed works namely Young Goodman Brown and The Scarlet Letter in terms of nature symbolism and the underlying moral intention Further it is examined to which extent the images correspond to the formerly explained historical facts and Hawthorne s emphasized characteristic features The comparison of the two works focuses on the didactic purpose for in all of his works Hawthorne s aim was to give a lesson Thus it will *Sketches and Studies* Nathaniel Hawthorne,2015-11-19 Nathaniel Hawthorne was an American novelist Dark Romantic and short story writer **A Study Guide for Nathaniel Hawthorne's "My Kinsman, Major Molineux"** Gale, Cengage Learning,2016-07-12 A Study Guide for Nathaniel

Duncan Faherty, 2007 In this interdisciplinary study Faherty argues that throughout the late eighteenth and early nineteenth centuries Americans conceptualized their still unsettled political and social states through metaphors of home building During this period a pervasive concern with the design and furnishing of houses helped writers to manage previous encounters with settlements both native and European and to imagine and remodel a new national ideal By aligning the period's architectural concerns registered in both the interior and exterior of houses with concurrent debates about the need to create a national identity in the wake of the American Revolution Faherty registers how representations of the house were a crucial locus for debating broadly shared concerns about the anxieties of nation building Topics include Abraham Lincoln's use of architectural motifs in his 1858 senatorial campaign the house divided against itself speech the arguments about domestic identity embodied in the designs of Mount Vernon and Monticello the lingering import of colonial and indigenous settlements on post revolutionary culture as registered in the work of William Bartram and Lewis and Clark Charles Brockden Brown's representations of the multivalent legacies of Pennsylvania's architectural landscapes Washington Irving's attempts to preserve and remodel national architectural and literary practices by underscoring the manufactured nature of European cultural production the shifting importance of the house and American attitudes toward nature in the work of three
