Carney,1975 Faith and Race in American Political Life Robin Dale Jacobson,Nancy D. Wadsworth,2012-02-02 Drawing on scholarship from an array of disciplines this volume provides a deep and timely look at the intertwining of race and religion in American politics The contributors apply the methods of intersectionality but where this approach has typically considered race class and gender the essays collected here focus on religion too to offer a theoretically robust conceptualization of how these elements intersect and how they are actively impacting the political process Contributors Antony W Alumkal Iliff School of Theology Carlos Figueroa University of Texas at Brownsville Robert D Francis Lutheran Services in America Susan M Gordon independent scholar Edwin I Hernandez DeVos Family Foundations Robin Dale Jacobson University of Puget Sound Robert P Jones Public Religion Research Institute Jonathan I Leib Old Dominion University Jessica Hamar Martinez University of Arizona Eric Michael Mazur Virginia Wesleyan College Sangay Mishra University of Southern California Catherine Paden Simmons College Milagros Peña University of Florida Tobin Miller Shearer University of Montana Nancy D Wadsworth University of Denver Gerald R Webster University of Wyoming *The Publishers' Trade List Annual* ,1973

Nation of Devils Stein Ringen,2013-09-24 How does a government get the people to accept its authority Every government must make unpopular demands on its citizens the challenge is that power is not enough the populace must also be willing to be led **A Nation of Wusses** Ed Rendell,2012-05-29 Governor Ed Rendell explains why America's leaders rarely call for sacrifice for the greater good to avoid making any sacrifices themselves Rendell has seen job security become the primary consideration of any person with power in America their own job security Most politicians and bureaucrats can see no further ahead than the next election sometimes no further than the next press conference Americans are rarely afraid of sacrifice and hard work when they mean building a better future but when was the last time you heard of a leader of anything making a sacrifice for the greater good The people can only win when they make it clear to the powers that be that making the right choices even the hard ones is the key to winning the next election Explains in rollicking stories ranging from the profane to the profound that most hard choices are only hard because the polls conflict with your principles Ed Rendell rose to the top of Philadelphia then Pennsylvania then national politics by doing what he thought was right and there were plenty of times that looked like it would be his downfall as well This book revisits the high points of Ed Rendell's career and current landscape to define the political fights his peers seem just as afraid of winning as losing Rendell is a former head of the Democratic National Committee a current MSNBC Senior Political Analyst and a Partner at Ballard Spahr LLP

American Democracy Promotion Michael Cox,John Ikenberry,Takashi Inoguchi,2000-08-31 Why does the United States promote democracy How successful has it been And why do critics often attack it for doing so These are at least three of the

questions examined in this wide ranging discussion of American efforts to recast the international order in its own political image The answers provided by a distinguished group of analysts are as diverse as they are challenging to traditional ways of thinking about US democracy promotion in terms of either a misconstrued moralism or an ideological facade masking some deeper more sinister purpose As we enter into the Twenty First century with American hegemony intact it is vital to understand what drives the world s last remaining superpower And this original study helps us do precisely that by exploring in detail and depth one of the more contentious least analysed and most misunderstood aspects of American foreign policy
