The two month long Election Day in Florida made one thing clear We need to find ways to make the American political system more responsive to the demands of all citizens This book provides a critical assesement of a broad range of electoral reforms proposed to enhance responsive government The book aims not only to analyze the obstacles to full political participation but to capitalize on the window of opportunity that election 2000 has provided to make our political system more truly democratic to realize democracy s moment Democratic Paths and Trends Barbara Wejnert,2010-07-16
Presents the issues of democratic trends This title addresses worldwide changes and developments of democratization from historical and contemporary perspectives It also presents discourses on the diffusion of democracy paths of democratic transitions worldwide trends towards democratization as well as discussion about democracy in retreat *Democracy and the Ten Commandments* Robert Kimball Shinkoskey,2016-07-12 For 2 000 years Western culture has leaned heavily on the Ten Commandments for guidance in religion ethics and morality The author drawing upon modern Biblical science demonstrates that those laws were designed for an entirely different purpose to provide alternatives to repressive policies Israel reeled under in Egypt The Decalogue is a political document designed to limit government intrusion into private lives Its precepts deal with matters like political parties and intellectual freedom central banking and taxation occupational choice free economy humane working conditions local government right to life and international relations land possession and inheritance equal justice and education and citizenship and public health The author s interpretation necessitates a wholesale repositioning of Biblical religion The Bible is not a book about religious worship but is rather a book about citizen empowered local democracy This essay suggests a way out of the woods for an American democracy that has lost its way in a headlong veer toward heavy handed central government **Building a Community of Citizens** Don E. Harris,2002-01-01 This book reflects each contributor s vision of the future visions that range from the enthusiastic and hopeful to the pessimistic and fearful **Constitutional Democracy Under Stress** Peter L. Biro,Peter L. Biro,2022-12-31 Constitutional democracy is not just any old form of democracy It has a peculiar logic and is

premised upon some exacting criteria and principles including good laws and institutions predicated on specific fundamental core values and principles But it is when fully ingrained in the public sensibility a sort of civic serum necessary to inoculate free citizens against the ravages of anti democratic populism authoritarianism racism nativism discrimination xenophobia corruption self dealing and much worse The need for civic inoculation of that sort is urgent today globally The essays in this volume probe the sources and malaise now confronting Constitutional Democracy However they go much further Many of the essays are indeed road maps for a realistic and cultivated response to our present condition The clues for a rehabilitated democracy are found here analytically but also prescriptively
