National Geographic British Isles Laminated Wall Map:

National Geographic Treasures , Britain and Ireland Executive National Geographic Maps, National Geographic Maps - Reference, 2018-02-23 National Geographic's Executive political map of Britain and Ireland is both an attractive addition to any study or classroom and an informative tool for exploring these fascinating countries. The map features thousands of place names, major highways and roads, airports, ferry routes, bodies of water, and more. Handy indexes make it easy to identify the counties, districts, council areas, unitary authorities, and metropolitan districts of Ireland, Northern Ireland, Scotland, Wales, and England. An inset provides detail of the Shetland Islands. National parks are clearly indicated in green vignettes, and shaded relief reveals the interesting and varied topography of these island nations. English and Gaelic Irish share official status per the Republic of Ireland's constitution, so place names are rendered in both. In the Gaeltacht, or predominantly Irish speaking regions, only Irish place names have official status and are used on signposts. These districts are found within the counties of Cork, Donegal, Galway, Kerry, Mayo, Meath, and Waterford. The map is encapsulated in heavy duty 16 mil laminate, which makes the paper much more durable and resistant to the swelling and shrinking caused by changes in humidity. Laminated maps can be framed without the need for glass, so the frames can be much lighter and less expensive. Map Scale 1:1 678 000.
