National Saving And Economic Performance:

National Saving and Economic Performance John B. Shoven, B. Douglas Bernheim, 2009-02-15 The past decade has witnessed a decline in saving throughout the developed world the United States has the dubious distinction of leading the way The consequences can be serious For individuals their own economic security and that of their families is jeopardized For society inadequate rates of saving have been blamed for a variety of ills decreasing the competitive abilities of American industry slowing capital accumulation increasing our trade deficit and forcing the sale of capital stock to foreign investors at bargain prices Restoring acceptable rates of saving in the United States poses a major challenge to those who formulate national economic policy especially since economists and policymakers alike still understand little about what motivates people to save In *National Saving and Economic Performance* edited by B Douglas Bernheim and John B Shoven that task is addressed by offering the results of new research with recommendations for policies aimed to improve saving Leading experts in diverse fields of economics debate the need for more accurate measurement of official saving data examine how corporate decisions to retain or distribute earnings affect household level consumption and saving and investigate the effects of taxation on saving behavior correlations between national saving and international investment over time and the influence of economic growth on saving Presenting the most comprehensive and up to date research on saving this volume will benefit both academic and government economists

National saving answers to key questions. ,2001 *Report of the National Commission on Economic Growth and Tax Reform* United States. Congress. Senate. Committee on Finance, National Commission on Economic Growth and Tax Reform (U.S.), 1998 *The Economics of Saving and Growth* Klaus Schmidt-Hebbel, Luis Servén, 1999-05-13 A look at major research and policy issues surrounding saving across the world first published in 1999 *Saving, Investment, and Growth in Developing Countries* Klaus Schmidt-Hebbel, Luis Servén, Andrés Solimano, 1994 **President's economic growth proposals** United States. Congress. House. Committee on Ways and Means, 2004 *Population Change and Economic Development in East Asia* Andrew Mason, 2001 The fifteen essays in this volume address from several viewpoints the question of what role population change played in East Asia's rapid economic development **Savings and Economic Growth** United States. Congress. Joint Economic Committee, 1981 **The Political Dimension of Economic Growth** Silvio Borner, Michael Kaser, Martin Paldam, 1998-04-12 The state and its institutions are crucial for economic development for better and for worse This insight informs this important up to date and authoritative survey of new trends in growth economics and the widely divergent economic performance of developing countries for example between Latin America and South east Asia which seemed to be similarly placed just a generation ago The decisive role of the political dimension in

economic growth seems clear but there are many challenges to be met in getting an analytical handle on the precise determinants and in testing empirically for this This is the challenge taken up by the international team of contributors

The Role of National Saving in the World Economy International Monetary Fund,1990-03-19 This paper reviews and analyzes broad developments and considers specific policy measures to foster saving The chapter also describes trends in national saving rates of industrial countries in recent years and briefly discusses the prospects over the medium term The paper also discusses the effects of policy measures on national saving and investment Fiscal monetary and exchange rate policies are all shown to have major implications for saving in developing countries Fiscal restraint is especially important since it increases national saving by both raising public saving and reducing the country s dependence on foreign borrowing Exchange rate devaluation and the unification of exchange markets also appear to be effective in stimulating national saving Interest rates and financial reforms play a crucial role in effecting an efficient allocation of resources including the mobilization of savings to finance domestic investment
