Cottingham,2011 This volume examines WIA objectives and the evidence on program performance and impact *Job Training Policy in the United States* Christopher J. O'Leary,Robert A. Straits,Stephen A. Wandner,2004 Reviews federally funded training programmes notably its service providers and the way they operate Considers issues of performance management under the Workforce Investment Act WIA of 1998 Compares public to private training programmes in the US and to the public training in other industrialized nations *Evaluating the Net Impact of School-to-work* ,1997 Governance and Performance Carolyn J. Heinrich,Laurence E. LynnJr.,2000-11-06 Drawing on recent advances in the social sciences this volume shows how rigorous theory based empirical research can help improve the management of public policies and programs and how better governance can lead to better performance These original essays demonstrate how better data and improved statistical techniques have allowed researchers to construct more complex models of governance processes and thereby assess the effects of many variables on policy and program outcomes They present useful research results that illuminate such issues as automatic grade advancement in public schools management of federally funded job training programs reducing welfare caseloads and management of welfare to work programs Illustrating a range of theoretical and methodological possibilities this book shows how more sophisticated research in public management can help improve government performance

Economics of Means-Tested Transfer Programs in the United States, Volume II Robert A. Moffitt,2016-11-15 Few programs in the United States are as controversial as those that constitute the country s safety net which in the past few decades have been broadly transformed and substantially increased in size and scope Many of these programs were discussed in the popular NBER book Means Tested Transfer Programs in the United States published in 2003 This new book sheds light on changes in programs and the results of new research since the first volume Each volume of Economics of Means Tested Transfer Programs in the United States explores four programs in particular This second volume looks into the less standard or newer transfer programs which include Supplemental Security Income Low Income Housing Policy Employment and Training Programs and Early Childhood Education Both volumes of Means Tested Transfer Programs in the United States will constitute a unique single source reference containing analysis of the origins successes failures and developments in the most important recent means tested transfer programs in the United States *Evaluating the Impact of Development Projects on Poverty* Judy L. Baker,2000 Despite the billions of dollars spent on development assistance each year there is still very little known about the actual impact of projects on the poor There is broad evidence on the benefits of

economic growth investments in human capital and the provision of safety nets for the poor But for a specific program or project in a given country is the intervention producing the intended benefits and what was the overall impact on the population Could the program or project be better designed to achieve the intended outcomes Are resources being spent efficiently These are the types of questions that can only be answered through an impact evaluation an approach which measures the outcomes of a program intervention in isolation of other possible factors This handbook seeks to provide project managers and policy analysts with the tools needed for evaluating project impact It is aimed at readers with a general knowledge of statistics For some of the more in depth statistical methods discussed the reader is referred to the technical literature on the topic Chapter 1 presents an overview of concepts and methods Chapter 2 discusses key steps and related issues to consider in implementation Chapter 3 illustrates various analytical techniques through a case study Chapter 4 includes a discussion of lessons learned from a rich set of good practice evaluations of poverty projects which have been reviewed for this handbook

King, 2000 The labor market has changed dramatically in recent decades In the 1980s an average of 2 million workers each year lost their jobs because of the increasingly global economy rapid advances in technology and corporate downsizing During the same period immigration increased and Congress passed welfare reform legislation that required many more Americans to join the workforce Legislators have looked closely at federal job training programs in recent years and in 1998 passed the two major acts mandating change In Improving the Odds experts on labor policy explore the effects of current programs on earnings and employment recommend improvements in programs and assess the methodologies used to measure their effectiveness The editors offer several strategies to help policymakers design programs that fulfill the promise of keeping workers out of poverty Contents Publicly Funded Training in a Changing Labour Market Burt S Barnow and Christopher T King The Economic Demographic and Social Context of Future Employment and Training Programs Frank Bennici Steven Mangum and Andrew M Sum Welfare Employment Programs Impacts and Cost Effectiveness of Employment and Training Activities Lisa Plimpton and Demetra Smith Nightingale The Impact of Job Training Partnership Act Programs for Adult Welfare Recipients Jodi Nudelman Training Success Stories for Adults and Out of School Youth A Tale of Two States Christopher T King with Jerome A Olson Leslie O Lawson Charles E Trott and John Baj Employment and Training Programs for Out of School Youth Past Effects and Lessons for the Future Robert I Lerman Customized Training for Employers Training People for Jobs That Exist and Employers Who Want to Hire Them Kellie Isbell John Trutko and vBurt S Barnow Training Programs for Dislocated Workers Duane E Leigh Methodologies for Determining the Effectiveness of Training Programs Daniel Friedlander David H Greenberg and Philip K Robins Reflections on Training

Policies and Programs Garth L Mangum Strategies for Improving the Odds Burt S Barnow and Christopher T King *Youth and the Postindustrial Future* ,1997 Are Participants Good Evaluators? Jeffrey Smith,Alexander Whalley,Nathaniel Wilcox,2021-10-15 Managers of workforce training programs are often unable to afford costly full fledged experimental or nonexperimental evaluations to determine their programs impacts Therefore many rely on the survey responses of program participants to gauge program impacts Smith Whalley and Wilcox present the first attempt to assess such measures despite their already widespread use in program evaluations They develop a multidisciplinary framework for addressing the issue and apply it to three case studies the National Job Training Partnership Act Study the U S National Supported Work Demonstration and the Connecticut Jobs First Program Each of these studies were subjected to experimental evaluations that included a survey based participant evaluation measure The authors apply econometric methods specifically developed to obtain estimates of program impacts among individuals in the studies and then compare these estimates with survey based participant evaluation measures to obtain an assessment of the surveys efficacy The authors also discuss how their findings fit into the broader literatures in economics psychology and survey research *Resources in Education* ,1995 Handbook of the Economics of Education Eric A.
