Developing National Urban Policies Debolina Kundu, Remy Sietchiping, Michael Kinyanjui, 2020-08-17

This book discusses and analyzes past and ongoing national urban policy development efforts from around the globe particularly those that can lead the way toward smart and green cities In view of the adoption of the UN s 2030 Agenda for Sustainable Development especially the goal to have cities that are inclusive safe resilient and sustainable urban policies that can help achieve this goal are urgently needed The UN Habitat

HABITAT III puts national urban policies at the heart of implementing and rethinking the urban agenda and identifies them as being integral to the equitable and sustainable development of nations Against this background this important book which gathers contributions from academics planners and urban specialists reviews existing urban policies from developing and developed nations discusses various countries smart and green urban policies and outlines the way forward As such it is essential reading for all social scientists planners designers architects and policymakers working on urban development around the world

Resources in Education ,1997 **Urban Issues** Leonard O. Gertler,1976 Making Man s Environment is a stimulating introductory series surveying planning in Canada concepts issues problems and information related to urban and regional Leonard O Gertler the General Editor is a professor in the School of Urban and Regional Planning at the University of Waterloo He brings to the series a unique and contemporary viewpoint that is at once immediate and far reaching Professor Gertler is a former member of the Research Advisory Committee for the Canada Council on Urban and Regional Research and was formerly the Director General of the Research Branch Ministry of State for Urban Affairs He is the author of other respected studies and books and is recognized as one of Canada s authorities in the field of urban studies Urban Issues Leonard O Gertler Urban Issues is a general introduction both to the series and to the key issues of urban and regional planning in Canada today The book begins with a brief historical survey of the development of Canadian cities before providing a detailed examination of the most critical problems related to land transportation regional development and the formulation of sound planning principles

The Ancestry of Regional Spatial Planning Louis C. Wassenhoven,2018-09-20 This book is not a historical or archaeological treatise but rather a study in which the author looks at the past not as a historian but as a planner who has the ambition to unravel the early manifestations of his discipline a discipline which did not exist as such in remote periods but the ingredients of which were nevertheless present The author has observed the past equipped with knowledge and understanding of what regional planning was in the second half of the twentieth century and still is He stands in the period of the first decades after the Second World War which were the formative years of regional planning and looks back at bygone ages He discusses ideas and literature from the immediate post war period in order to examine the ancestry of regional planning through their lens The book will attract a broad range of readers because of its approach and its wide coverage of historical periods and world regions Although Europe is the main focus the book contains material on all continents and all periods the ancient world the medieval age and the modern era The history of Urban Planning is taught and researched widely but the history or pre history before the twentieth century of Regional Spatial Planning is not This book will fill that vacuum
