Nationalism, Technology and the Future of Canada Wallace Gagne, 1976      **Nationalism, Technology and the Future of Canada** Wallace Gagne, 1976      **The New Practical Guide to Canadian Political Economy** Daniel Drache, Wallace Clement, 1985-01-01 The New Practical Guide to Canadian Political Economy is a handy reference to the vast range of research and writing that political economists in Canada have completed to the date of publication The book is divided into twenty five subject bibliographies each one compiled and introduced by an expert in the field The overall range of subjects includes economic development in Canada Canada's external economic relations regional disparities and regional development social and economic classes women Native peoples politics and the Canadian state nationalism culture and political thought The book is indexed by author and includes a helpful shortlist of the staples in Canadian political economy Published in 1985 The New Practical Guide to Canadian Political Economy remains a useful reference to some of the classic literature of the discipline      **Canadian Intellectuals, the Tory Tradition, and the Challenge of Modernity, 1939-1970** Philip Massolin, 2015-05-27 In this well researched book Philip Massolin takes a fascinating look at the forces of modernization that swept through English Canada beginning at the turn of the twentieth century Victorian values agrarian religious and the adherence to a rigid set of philosophical and moral codes were being replaced with those intrinsic to the modern age industrial secular scientific and anti intellectual This work analyses the development of a modern consciousness through the eyes of the most fervent critics of modernity adherents to the moral and value systems associated with Canada's tory tradition The work and thought of social and moral critics Harold Innis Donald Creighton Vincent Massey Hilda Neatby George P Grant W L Morton Northrop Frye and Marshall McLuhan are considered for their views of modernization and for their strong opinions on the nature and implications of the modern age These scholars shared concerns over the dire effects of modernity and the need to attune Canadians to the realities of the modern age Whereas most Canadians were oblivious to the effects of modernization these critics perceived something ominous far from being a sign of true progress modernization was a blight on cultural development In spite of the efforts of these critics Canada emerged as a fully modern nation by the 1970s Because of the triumph of modernity the toryism that the critics advocated ceased to be a defining feature of the nation's life Modernization in short contributed to the passing of an intellectual tradition centuries in the making and rapidly led to the ideological underpinnings of today's modern Canada      *A Political Economy of Canadian Broadcasting* David Skinner, 2025-01-31 A Political Economy of Canadian Broadcasting takes readers from the days of the telegraph to the current digital age examining the role of public broadcasting in the wider context of regulation private capital and foreign programming This comprehensive history spans over a hundred years highlighting the shifting technological character of the media system within anglophone Canada and the key place of public broadcasting within it Situated in Canada's broader economic history David Skinner's account ably demonstrates how broadcast regulation has been derived from the historical

relationships between the Canadian state and private capital and that this has tended to sideline its social goals The book concludes with suggestions for encouraging the creation of distinctively Canadian programming Coming just after the first major reform to Canada's broadcast legislation in three decades *A Political Economy of Canadian Broadcasting* is a timely contribution to the history of broadcasting and the policy discussions that frame it *Multinationals in Canada: Theory, Performance and Economic Impact* A.M. Rugman, 2013-03-09 Multinational enterprises have become one of the distinctive institutions of our times Controversy over their economic and political effects and over appropriate public policy responses has become common in home and host countries and in international agencies Much of this debate is reminiscent of the role of large corporations generally particularly in their interregional and intergroup effects The multinational setting however would have raised distinctive issues even apart from the strong surges of nationalism and anti imperialism which have marked recent history Canada has a long and unusual experience with such enterprises Foreign control of capital in the nonfinancial industries manufacturing petroleum and gas other mining and smelting utilities merchandising was already 20 percent in 1930 and 25 percent in 1948 It rose to 36 percent by the late 1960s but has since receded to about 30 percent In 1975 fully 55 percent of the capital in manufacturing was controlled outside Canada as was 72 per cent of that in petroleum and gas and 58 percent in other mining These figures exceed those of other developed countries although there have been striking increases in recent decades About 80 percent of the direct investment capital in Canada is from the United States Recently Canadians have become aware of a surge of Canadian direct investment abroad which on a flow basis has exceeded inflows exclusive of retained earnings for most of the 1970s *For Canada's Sake* Gary Richard Miedema, 2005 This study uses the Centennial Celebrations of 1967 and Expo 67 to explore how religion informed Canadian nation building and national identities in the 1960s *North of Empire* Jody Berland, 2009-10-07 Theorizes the relationship between nation media and globalization by way of Canadian cultural studies *Failure of l'Action Libérale Nationale* Patricia Dirks, 1991-08-01 The ALN gained widespread business popular and church support by promising francophones both control of a modern Quebec economy and preservation of the traditional social order As Dirks shows however this support came from people with different and sometimes contradictory objectives causing internal tensions which weakened the ALN from the outset This weakness was compounded by poor leadership financial difficulties and the tactics of the other political parties in Quebec The Quebec Liberal and Conservative Parties worked independently to undermine the ALN and any possibility of its gaining power in Quebec Maurice Duplessis leader of the Quebec Conservative party skilfully exploited the ALN's weaknesses in the interests of his own party by the formation of the Union Nationale This coalition of the ALN and the provincial Conservatives capitalized on the popularity of the ALN to win the provincial election of 1935 but ensured that power remained in the hands of what was essentially the Quebec Conservative Party Dirks insight into the political history of Quebec is informed by a multitude of sources She conducted interviews with many of the leading political players of the time

including the late Paul Gouin the original leader of the ALN She also consulted many public and private archives including Gouin's and was allowed unrestricted access to Duplessis papers for the period up to 1939 the year the ALN ceased to exist In relating the rise and fall of the ALN to the socio economic ideological and political developments which shaped Quebec during the early decades of the twentieth century Dirks reveals its long term impact on the operation and organization of political parties in Quebec and Canada Missed Opportunities Marc Raboy,1990 In Missed Opportunities Marc Raboy reveals the short sightedness behind the traditional view of Canadian broadcasting policy as an instrument for promoting a national identity and culture He argues that Canadian broadcasting policy has served as a political instrument for reinforcing a certain image of Canada against insurgent challenges such as maintaining the image of Canada as a political entity distinct from the United States and acting against internal threats most notably from Quebec It has served as a vehicle for the development of private broadcasting industries and to further the general interests of the Canadian state Most of the time Raboy maintains this policy has been the object of vigorous public dispute Canadian Society Harry H. Ethnic Conflict in the Western World Milton J. Esman,2019-06-07 Why in the late 1960's did ethnic minorities such as Scots and Welsh Quebecois Bretons and Basques unexpectedly begin to protest and assert their demands with fresh vigor confidence and even violence What are the factors that help to explain the activation of these ethnic political movements some of which now threaten the continued integrity of such long established states as Canada and Great Britain This book represents the first systematic attempt to deal with the re emergence of ethnic conflict in Western societies In addition to three historical and theoretical essays there are eleven case studies of countries where ethnic nationalism has become politically significant In a concluding chapter the editor comments on the theoretical and policy implications of the country studies George Grant and the Future of Canada Yusuf K.
