Nationalism Croatianism And Yugoslavism Radic:

Nationalism and Yugoslavia Pieter Troch, 2015-08-18 Created after World War I Yugoslavia was a combination of ethnically religiously and linguistically diverse but connected South Slav peoples Slovenes Croats and Serbs but also Bosnian Muslims Macedonians and Montenegrins in addition to non Slav minorities The Great Powers and the country's intellectual and political elites believed that a coherent identity could be formed in which the different South Slav groups in the state could identify with a single Balkan Yugoslav identity Pieter Troch draws on previously unpublished sources from the domain of education to show how the state's nationalities policy initially allowed for a flexible and inclusive Yugoslav nationhood and how that system was slowly replaced with a more domineering and rigid top down nationalism during the dictatorship of King Alexander I who banned political parties and coded a strongly politicised Yugoslav national identity As Yugoslav society became increasingly split between the pro Yugoslav central regime and anti Yugoslav opposition the seeds were sown for the failure of the Yugoslav idea Nationalism and Yugoslavia provides a valuable new insight into the complexities of pre war Yugoslavia

Nationalism, Myth, and the State in Russia and Serbia Veljko Vujačić, 2015-03-26 This book examines the role of Russian and Serbian nationalism in different modes of dissolution of the Soviet Union and Yugoslavia in 1991 Why did Russia's elites agree to the dissolution of the Soviet Union along the borders of Soviet republics leaving twenty five million Russians outside of Russia Conversely why did Serbia's elite succeed in mobilizing Serbs in Croatia and Bosnia for the nationalist cause Combining a Weberian emphasis on interpretive understanding and counterfactual analysis with theories of nationalism Veljko Vujačić highlights the role of historical legacies national myths collective memories and literary narratives in shaping diametrically opposed attitudes toward the state in Russia and Serbia The emphasis on the unintended consequences of communist nationality policy highlights how these attitudes interacted with institutional factors favoring different outcomes in 1991 The book's postscript examines how this explanation holds up in the light of Russia's annexation of Crimea

The Formation of Croatian National Identity Alex J. Bellamy, 2003 This book assesses the formation of Croatian national identity in the 1990s It develops a novel framework calling into question both primordial and modernist approaches to nationalism and national identity before applying that framework to Croatia In doing so the book provides a new way of thinking about how national identity is formed and why it is so important An explanation is

given of how Croatian national identity was formed in the abstract via a historical narrative that traces centuries of yearning for a national state The book shows how the government opposition parties dissident intellectuals and diaspora groups offered alternative accounts of this narrative in order to legitimise contemporary political programmes based on different versions of national identity It then looks at how these debates were manifested in social activities as diverse as football religion economics and language This book attempts to make an important contribution to both the way we study nationalism and national identity and our understanding of post Yugoslav politics and society An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence

Titoism, Self-Determination, Nationalism, Cultural Memory Gorana Ognjenović, Jasna Jozelic, 2016-06-28 This volume provides a more detailed picture which might surprise those who thought they knew everything about Yugoslavia as well as we are hoping to inspire others to read more about this historically social experiment that against all odds actually did exist and prospered for a while in the midst of the spiders web of the global political chaos which lasts still today Contributors cover a range of topics including absolute modernity film and the preservation and creation of memory through clothing among others

The Racial Idea in the Independent State of Croatia Nevenko Bartulin, 2013-11-14 This book traces the intellectual origins of race theory in the pro Nazi Ustasha Independent State of Croatia 1941-1945 This race theory was not as historians of the Ustasha state have hitherto argued a product of a practical accommodation to the dominant Nazi racial ideology Contrary to the general historiographical view which has either downplayed or ignored the important place of race not only in Ustasha ideology and politics but more generally in modern Croatian and Yugoslav nationalism this work stresses the significant role that theories of ethnolinguistic origin and racial anthropology played in defining Croat nationhood from the mid nineteenth to the mid twentieth century Upon the basis of older ideological and cultural traditions the Ustasha state constructed an ideal Aryan racial type

Entangled Histories of the Balkans - Volume Two Roumen Daskalov, Diana Mishkova, 2013-11-14 Modern Balkan history has traditionally been studied by national historians in terms of separate national histories taking place within bounded state territories The authors in this volume take a different approach They all seek to treat the modern history of the region from a transnational and relational perspective in terms of shared and connected as well as entangled histories transfers and crossings This goes along with an interest in the way ideas institutions and techniques were selected transferred and adapted to Balkan conditions and how they interacted with those conditions resulting in mixtures and hybridization The volume also invites reflection on the interacting entities in the very process of their creation and consecutive transformations rather than taking them as givens Contributors include Diana Mishkova Alexander Vezhenkov Constantin Iordachi Roumen Daskalov Tchavdar Marinov Blagovest Njagulov

Contested Nationalism Nina Caspersen, 2010-01-01 Only unity saves the Serbs is the famous call for unity in the Serb nationalist doctrine But even though this doctrine was ideologically adhered to by most of the Serb leaders in Croatia and Bosnia disunity characterized Serb politics during the Yugoslav disintegration and war Nationalism was contested and nationalist claims to homogeneity did not reflect the reality of Serb politics This book provides a comprehensive analysis of Serb politics and challenges widespread assumptions regarding the Yugoslav conflict and war It finds that although Slobodan Milosevic played a highly significant role he was not always able to control the local Serb leaders Moreover it adds to the emerging evidence of the lack of importance of popular attitudes hardline dominance was generally based on the control of economic and coercive resources rather than on elites successfully playing the ethnic card It moves beyond an assumption of automatic ethnic outbidding and thus contributes toward a better understanding of intra ethnic rivalry in other cases such as Israel Palestine Northern Ireland Nagorno Karabakh and Rwanda *Italy, Yugoslavia, and the Controversy over the Adriatic Region, 1915-1920* Stefano Bianchini, 2024-08-16 This book explores the path that led to the Treaty of Rapallo 1920 between Italy and the new Kingdom of the Serbs Croats and Slovenes later the Kingdom of Yugoslavia in the aftermath of the First World War when the territories of the former Austro Hungarian Empire were allotted to new and existing states with regard as far as possible to the nationalities of the people living in the various territories in addition to the future of Montenegro and Albania Based on vast archival documentation and published sources the contributors to this book discuss the nature of the disputes which arose in the Adriatic area often as the result of the inhabitants of the different territories being of several nationalities and examine how the disputes were concluded The book charts the disappointments of both Italians and Yugoslavs the Italians disappointed that the terms of the Treaty of London of 1915 which promised Dalmatia to Italy in return for Italy entering the war against the Austro Hungarian Empire were not fulfilled The Yugoslavs were disappointed losing territories containing large Yugoslav populations The volume considers public opinion the words positions and actions of leading politicians and the continuing consequences of the settlement many of them adverse consequences for particular

cities and localities Presenting a comprehensive approach to the Adriatic controversy this book will be of interest to those studying European history of international relations diplomatic negotiations and nationalism modern history Central Asian Eastern European and Russian Studies **Stjepan Radic: Croatian Political and Peasant Leader** Michael Mitchell Todorovich,1949 **Breaking the South Slav Dream** Kate Hudson,2003-06-20 This is a revisionist history of the rise and fall of Yugoslavia Assessing the geopolitical and strategic reasons for its creation and dismemberment it is an important corrective to much contemporary theorising about the destruction of the Yugoslav state Kate Hudson draws attention to the role of foreign states whose involvement in Yugoslavia did much to destabilise the region and explains how and why this happened Tracing the state s origins from 1918 through war and the Tito years she explains the distortion of the socialist economy resulting from Yugoslavia s unusual position between the two Cold War blocs and the economic collapse of the 1980s as part of the US s drive for a free market She also investigates the true causes and effects of the recent wars in Croatia Bosnia and Kosovo and brings the book up to date with an analysis of Milosevic s downfall and events in Macedonia and Montenegro *Genocide and Fascism* Aristotle Kallis,2008-09-25 This book investigates how fascism as an ideology and political praxis reconfigured the ideological political and moral landscape of interwar Europe generating an atmosphere of extreme license that facilitated the leap into eliminationist violence It demonstrates how fascist ideology linked the prospect of violent cleansing to utopias of national racial regeneration thus encouraging and legitimizing targeted hatred against particular others It also shows how the diffusion and internationalization of fascism in the 1930s produced a sense of a revolutionary new beginning and created a transnational fascist new order in which Nazi Germany came to occupy a potent position of authority The book analyzes how the eliminationist initiative and precedent of Nazi Germany became a second license that empowered fascist regimes across Europe to embark on their own eliminationist projects with diminished accountability Finally it examines how this license enhanced by the actions of fascists and the collapse of order caused by World War Two released individuals and communities from the burden of legal and moral accountability turning them into accomplices in the most wide brutal and devastating genocidal campaign that the continent had ever experienced

Religion and Politics in Interwar Yugoslavia Maria Falina,2023-01-26 Religion and Politics in Interwar Yugoslavia explores the interaction between religion nationalism and political modernity in the first half of the 20th century taking the case of the Serbian Orthodox Church as an example This book historicizes the widely held assumption that the bond between religion and nationalism in the Balkans is a natural one or that this bond has been historically inevitable It tells a complex story of how East Orthodox Christianity came to be at the core of one version of Serbian nationalism by bringing together the themes of religion nationalism politics state building secularization and modernity Maria Falina reconstructs how the ideological fusion between Serbian nationalism and East Orthodox Christianity was forged The analysis emphasizes ideas and ideologies through a close reading of public discourses and historical narratives while paying attention to individual actors

and their personal histories The book argues that the particular political vision of the Serbian Orthodox Church emerged in reaction to and in interaction with the challenges posed by political modernity that were not unique to Yugoslavia These included establishing the modern multinational and multi religious state the fear of secularization and the rise of communism and fascism Religion and Politics in Interwar Yugoslavia makes an important contribution to understanding the history of interwar Yugoslavia 20th century Europe and the ties between religion and nationalism

The Rise and Fall of Communist Yugoslavism Tomaž Ivešić, 2024-03-05 The Rise and Fall of Communist Yugoslavism Soft Nation Building in Yugoslavia examines how the Communist Party of Yugoslavia incorporated the idea of a Yugoslav nation into its ideology and created the Yugoslav Soft Nation Building project after the Second World War With an innovative approach of researching three levels of research from above from below and from the viewpoint of interethnic relations the book brings forward an original concept of soft nation building with a focus on the Slovenian Yugoslav dimension Drawing on archival sources from Ljubljana Zagreb Sarajevo and Belgrade the author argues that after the abandonment of the Yugoslav national idea two Yugoslavisms were created in the mid 1960s State based socialist Yugoslavism was propagated by the Party and had no ethnic connotations only a small proportion of the population identified themselves as Yugoslav in national terms The created vacuum was filled by old national identities The book is of interest to specialists and advanced students of cultural and intellectual history studies of nationalism but also history of science and institutions and the history of everyday life The book aims to appeal to scholars of Balkan South East European and Yugoslav history
