Civil Society and the Security Sector Marina Caparini, Philipp Fluri, Ferenc Molnár, 2006 This volume analyses the role of civil society in the reform and oversight of the security sector in post communist countries as a key aspect of the transition towards democracy It is widely accepted that civil society actors have an important contribution to make in the governance of the security sector However that specific role has not been subject to much close or comparative examination This book constitutes an attempt to examine and compare experiences of civil society participation in security oversight across Central and Eastern Europe The first part of the volume presents the reader with the theoretical and conceptual background against which the potential role of civil society in security sector governance can be understood and assessed The remainder of the book is comprised of nine country studies of civil society engagement with the security sector Reviewing developments over the past 15 years of regime transformation in the region the book draws upon a rich variety of cases that cast light on the different experiences challenges and successes of civil society actors and the media in democratisation security sector reform and the exercise of democratic oversight of the security sector

Nuclear Energy Safety and International Cooperation Spencer Meredith, III, 2014-07-11 Twenty five years after the Chernobyl explosion disaster struck once again after a tsunami overwhelmed the considerable safety measures at the Fukushima nuclear power plant in Japan However Fukushima had in place a solid containment structure to reduce the spread of radiation in the event of a worst case scenario Chernobyl did not These two incidents highlight the importance of such safety measures which were critically lacking in an entire class of Soviet designed reactors This book examines why five countries operating these dangerous reactors first signed international agreements to close them within a few years then instead delayed for almost two decades It looks at how political decision makers weighed the enormous short term costs of closing those reactors against the long term benefits of compliance and how the political instability that dominated post Communist transitions impacted their choices The book questions the efficacy of Western governments efforts to convince their Eastern counterparts of the dangers they faced and establishes a causal relationship between political stability and compliance behavior This model will also enable more effective assistance policies in similar situations of political change where decision makers face considerable short term costs to gain greater future rewards This book provides a valuable resource for postgraduate students academics and policy makers in the fields of nuclear safety international agreements and democratization

Confronting Totalitarian Minds: Jan Patočka on Politics and Dissidence Aspen E. Brinton, 2021-05-01 The Czech philosopher Jan Patočka not only witnessed some of the most turbulent politics of twentieth century Central Europe but shaped his philosophy in response to that tumult One of the last students of Edmund Husserl and Martin Heidegger he inspired Václav Havel and other dissidents who confronted the Communist regime before 1989 as well as being actively involved in authoring and enacting Charter 77 He died in 1977 from medical complications

resulting from interrogations of the secret police **Confronting Totalitarian Minds** examines his legacy along with several contemporary applications of his ideas about dissidence solidarity and the human being's existential confrontation with unjust politics Expanding the current possibilities of comparative political theory the author puts Patocka's ideas about dissidence citizen mobilization and civic responsibility into conversation with notable world historical figures like Mahatma Gandhi Vaclav Havel Dietrich Bonhoeffer and other contemporary activists In adding a fresh voice to contemporary conversations on transcending injustice **Confronting Totalitarian Minds** seeks to educate a wider audience about this philosopher's continued relevance to political dissidents across the world

Ukraine at a Crossroads Nicolas Hayoz, 2005 As the Orange Revolution has shown modern day Ukraine has undeniably come a long way since the dissolution of the Soviet Union This volume contains papers delivered at conferences about Ukraine held at the University of Fribourg Switzerland in 2001 and 2002 Supplementary articles have been solicited from recognized experts in the field to provide a comprehensive picture of a country in transition and to explain some of the challenges of Ukraine's New Deal

FDI and the Investment Climate in the CIS Countries Mr. Clinton R. Shiells, 2003-11-01 In view of disappointing levels of inward foreign direct investment FDI this paper examines capital flows into the Commonwealth of Independent States CIS countries and investigates the main impediments to a more favorable investment climate Direct investment inflows have generally been related to natural resource extraction or energy transportation infrastructure projects large privatization transactions and debt equity swaps to pay for energy supplies Low FDI inflows despite strengthening macroeconomic performance has reflected a weak investment climate particularly owing to incomplete structural reforms IMF staff working on the countries concerned cited burdensome tax systems widespread corruption extensive state intervention coupled with weak legal and regulatory frameworks and incomplete structural reforms as the main impediments

Understanding Post-Soviet Transitions Christoph H. Stefes, 2006-07-25 This book provides an account of systemic corruption within the context of post Soviet economic and political transitions Focusing on Armenia and Georgia it shows how systemic corruption has developed since the fall of Soviet rule and how corruption has shaped the emerging economic and political systems of these two countries

Rotten States? Leslie Holmes, 2006-06-08 Official corruption has become increasingly prevalent around the world since the early 1990s The situation appears to be particularly acute in the post communist states Corruption be it real or perceived is a major problem with concrete implications including a lowered likelihood of foreign investment In **Rotten States** Leslie Holmes analyzes corruption in post communist countries paying particular attention to Bulgaria Hungary Poland and Russia as well as China which Holmes argues has produced through its recent economic liberalization a system similar to post communism As he points out these countries offer useful comparisons they vary in terms of size religious orientation ethnic homogeneity and their approaches to and economic success with the transition from communism Drawing on data including surveys commissioned especially for this study Holmes examines the causes and consequences of official

corruption as well as ways of combating it. He focuses particular attention on the timing of the recent increase in reports of corruption, the relationship between post communism and corruption and the interplay between corruption and the delegitimation and weakening of the state. Holmes argues that the global turn toward neoliberalism with its focus on ends over means, flexibility and a reduced role for the state has generated much of the corruption in post communist states. At the same time he points out that neoliberalism is perhaps the single most powerful tool for overcoming the communist legacy which is an even more significant cause of corruption. Among the conclusions that Holmes draws is that a strong democratic state is needed in the early stages of the transition from communism in order to prevent corruption from taking hold.

Power and Policy in Putin's Russia Richard Sakwa, 2013-09-13 The volume provides a retrospective analysis of Putin's eight years as president between 2000 and 2008. An international group of leading specialists examine Putin's leadership in an informed and balanced manner. The authors are drawn from Russia itself as well as from Europe, America and Australasia. Coverage includes general analysis of the Putin presidency, the ideology underlying the thinking of the regime, issues of institutional development including coverage of parties, parliament and elections, developments in the federal system, corruption and changes in the configuration of the elite. The impact of energy on changes in political economy provides the background to an assessment of Russia's re-emergence as a great power in international affairs, accompanied by analysis of the difficulties in Russia's relations with its former Soviet neighbours and the European Union. The authors examine the interaction between power and policy and draw some conclusions about the dynamics of Putin's system of government and thus of the fate of Russia. This book was published as a special issue of *Europe Asia Studies*. *Defense and Security* Karl DeRouen Jr., Uk Heo, 2005-09-27 An authoritative up to date examination of the national security and defense policies of 50 influential nations and regions across the globe. *Defense and Security: A Compendium of National Armed Forces and Security Policies* presents highly readable, authoritative essays profiling the defense and security policies of over 50 individual countries and regions with a focus on present day developments. Written by leading national and international scholars and edited by eminent political science experts Karl DeRouen and Uk Heo, the essays take an in depth look at each nation's current security situation, defense spending, present and potential military confrontations, civil-military relations, alliances, relations to terrorism and other topics of importance. Historical events and conflicts are highlighted as well, with emphasis on the post Cold War era. The essays are parallel in structure, allowing readers to pinpoint similarities and draw comparisons among nations. The two volume set also includes a detailed introduction featuring a cross national comparison. **Taxes and Trust** Marc P. Berenson, 2018-01-25 *Taxes and Trust* is the first book on taxes to focus on trust and the first work of social science to concentrate on how tax policy actually gets implemented on the ground in Poland, Russia and Ukraine. It highlights the nuances of the transitional Ukraine case and explains precisely how and why that borderland country differs from the more ideal types of coercive Russia and compliance oriented Poland. Through nine bespoke taxpayer surveys and

unprecedented bureaucratic survey and more than fifteen years of qualitative research the book emphasizes the building and accumulation of trust to transition from a coercive tax state to a compliant one The context of the book will appeal to students and scholars of taxation worldwide and to those who study Russia and Eastern Europe This title is also available as Open Access

[Living Gender after Communism](#) Janet Elise Johnson, Jean C. Robinson, 2006-12-12 How has the collapse of communism across Europe and Eurasia changed gender In addition to acknowledging the huge costs that fell heavily on women *Living Gender after Communism* suggests that moving away from communism in Europe and Eurasia has provided an opportunity for gender to multiply from varieties of neo traditionalism to feminisms from overt negotiation of femininity to denials of gender This development in turn has enabled some women in the region to construct their own gendered identities for their own political economic or social purposes Beginning with an understanding of gender as both a society wide institution that regulates people's lives and a cultural toolkit which individuals and groups may use to subvert or transvalue the sex gender system the contributors to this volume provide detailed case studies from Belarus Bosnia the Czech Republic Poland Romania Russia and Ukraine This collaboration between young scholars most from postcommunist states and experts in the fields of gender studies and postcommunism combines intimate knowledge of the area with sophisticated gender analysis to examine just how much gender realities have shifted in the region Contributors are Anna Brzozowska Karen Dawisha Nanette Funk Ewa Grigar Azra Hromadzic Janet Elise Johnson Anne Marie Kramer Tania Rands Lyon Jean C Robinson Iulia Shevchenko Svetlana Taraban and Shannon Woodcock

The State of Access Jorrit De Jong, Gowher Rizvi, 2009-11-01 This book documents a worrisome gap between principles and practice in democratic governance *The State of Access* is a comparative cross disciplinary exploration of the ways in which democratic institutions fail or succeed to create the equal opportunities that they have promised to deliver to the people they serve In theory rules and regulations may formally guarantee access to democratic processes public services and justice But reality routinely disappoints for a number of reasons exclusionary policymaking insufficient attention to minorities underfunded institutions inflexible bureaucracies *The State of Access* helps close the gap between the potential and performance in democratic governance
