## **Nato Opposition:**

**Violence against Kosovar Albanians, NATO's intervention 1998-1999** Laurence Binet, 2016-05-18 The Violence against Kosovar Albanians NATO's intervention 1998-1999 case study describes the constraints and dilemmas facing Médecins Sans Frontières teams that witnessed a process of terror and expulsion which they described as the deportation of Kosovar Albanians by Serb forces. It also described MSF's reaction to NATO aerial bombings and the control exercised over the refugee camps by this party to the conflict. Should MSF denounce the violence being committed against Kosovars at the risk of being excluded from access to these people and of encouraging the NATO intervention? Should MSF take a stance on the NATO intervention? What sort of relationship should be established with countries that were committed either militarily such as NATO members or politically Greece in the conflict and their civil societies? Should MSF raise the alarm about the absence of the UNHCR in the management of the refugee camps at the risk of reinforcing this marginalization? Is it justifiable to carry out an assessment mission that sacrifices the principle of operational independence by invoking an interpretation of the principle of impartiality that implies a responsibility to assist victims on both sides of a conflict? *NATO's Peace Enforcement Tasks and Policy Communities* Giovanna Bono, 2017-11-30 This book was published in 2003. How has NATO managed to survive and transform itself into a peace enforcement organization? Challenging the dominant assumption that NATO intervened in the Balkans because of the threat that conflicts in the region posed to European security, this book develops a new set of research questions based on the hypothesis of the existence of policy communities. The author demonstrates that there were shifting policy communities in operations that shaped the Alliance's transformation process, arguing that NATO would not have succeeded in assuming peace enforcement tasks without other factors ranging from organisational dynamics, domestic politics and the impact of ad hoc reactions to external events coming into play. Highlighting the role of NATO as an actor in international security, this volume is aimed at academics and practitioners in the field of international relations. **NATO's Southern Allies** John Chipman, 2004-01-14 This book analyses the internal sources of foreign policy within those NATO states whose primary security concerns lie in the southern area of the Alliance. It takes a careful look at foreign and defence policy formulation and assesses the special perspective of each of these countries in turn and the military threats that they face. Attention is paid to the role of the military in society, especially in the geographically peripheral states as the Alliance seeks to adapt to a possible shift southward of some of its security concerns. A full understanding of the politics in each of these states is essential to determine the relative importance of national and Alliance priorities in each country as the tensions between external policies and internal necessities increase. The book offers an assessment of evolving security requirements in the southern region and of the capacity of NATO Mediterranean states to deal individually and collectively with the changing situation. **NATO's Northern Allies** Gregory Flynn, 2021-01-26 This book first published in 1985 analyses the choices made by NATO's northern allies during the 1970s and 80s as well as the

factors that produced these choices Each country study investigates the historical background of the decision to align the existence of specific enduring security preferences and the way in which these have to the extent they have been reconciled in policy The studies then examine defence policy priorities during tranquil periods detail the factors responsible for promoting change in the way each country has formulated security priorities and look at the way in which disputes have been played out in domestic political life Finally the studies analyse the broad outline of future priorities at the end of the Cold War

**Russia, NATO and Cooperative Security** Lionel Ponsard,2006-11-22 This is a comprehensive study of NATO Russian relations since the Cold War Author is a military professional who works as a NATO research advisor Book will be assigned reading at the NATO Defense College Senior Course about 160 people p a and the Senior Staff Officer Course of the NATO School about 800 people p a Will appeal to students of NATO Russian politics IR and security studies in general

**NATO's Eastern Agenda in a New Strategic Era** F. Stephen Larrabee,2004-01-05 NATO s Eastern agenda faces several challenges including consolidating the democratic transitions in Central and Eastern Europe ensuring the security of the Baltic states developing a post NATO enlargement strategy for Ukraine deepening the Russia NATO partnership and engaging the Caucasus and Central Asia The author also considers NATO s broader transformation

**Implementation of the U.S. Arms Embargo (against Portugal and South Africa, and Related Issues).** United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Africa,1973

*Vladimir Putin: Authoritarianism and Anti-Americanism* United States Department of Defense,U.S. Navy,Christopher T. Gans,2023-12-18 This timely anthology Vladimir Putin Authoritarianism and Anti Americanism explores the intricate and often turbulent relationship between Russian governance under Putin s regime and its anti American stance Through a diverse range of literary styles from analysis to official documentation this collection offers a comprehensive examination of the geopolitical strategies and ideological machinations that define Putin s Russia Notable pieces within the collection uncover the mechanisms of authoritarian rule and the narrative of anti Western sentiment standing as a testament to the complex and multifaceted nature of global political dynamics The contributors including the United States Department of Defense the U S Navy and expert Christopher T Gans bring an authoritative perspective to the anthology These authors steeped in both military and scholarly insights contribute a wealth of knowledge that aligns with contemporary geopolitical movements Collectively they offer a mosaic of interpretations and narratives that outline the historical and cultural influences underpinning Russian authoritarianism and its ramifications on international relations This anthology is a crucial resource for those seeking to navigate the intricacies of Russian politico cultural discourse It provides a unique opportunity to engage with myriad perspectives and themes that enhance our understanding of authoritarian regimes and their complexities Readers are invited to explore this collection for its in depth analyses and the rich dialogue it fosters among the different authors interpretations enlightening them to the multi dimensional narratives at play in modern geopolitics

Political Violence against Americans 1999 , NATO's Democratic

Retrenchment Henrik B.L. Larsen, 2019-07-02 Exploring NATO's post Cold War determination to support democracy abroad this book addresses the alliance's adaptation to the new illiberal backlashes in Eastern Europe the Western Balkans and Afghanistan after the alleged return of history The book engages the question of what has driven NATO to pursue democratisation in face of the significant region specific challenges and what can explain policy expansion or retrenchment over time Explaining NATO's adaptation from the perspective of power dynamics that push for international change and historical experience that informs grand strategy allows wider inferences not only about democratisation as a foreign policy strategy but also about the nature of the transatlantic alliance and its relations with a mostly illiberal environment Larsen offers a theoretical conception of NATO as a patchwork of one hegemonic and several great power interests that converge or diverge in the formulation of common policy as opposed to NATO as a community of universal values This volume will appeal to researchers of transatlantic relations NATO's functional and geographical expansion hegemony and great power politics democracy promotion lessons of the past Neoclassical Realism alliance theory and the crisis of the liberal world order

NATO's Post-Cold War Trajectory M. Webber, J. Sperling, M. Smith, 2012-08-20 Two decades since the watershed of the Cold War this book investigates NATO's staying power This book investigates how the Alliance has adapted and managed to attend to new roles and purposes through the lens of International Relations theory The Alliance will continue but will remain subject to ongoing crises and challenges of change

**Anti-Americanisms in World Politics** Peter J. Katzenstein, Robert O. Keohane, 2011-06-15 Anti Americanism has been the subject of much commentary but little serious research In response Peter J Katzenstein and Robert O Keohane have assembled a distinguished group of experts including historians polling data analysts political scientists anthropologists and sociologists to explore anti Americanism in depth using both qualitative and quantitative methods The result is a book that probes deeply a central aspect of world politics that is frequently noted yet rarely understood Katzenstein and Keohane identify several quite different anti Americanisms liberal social sovereign nationalist and radical Some forms of anti Americanism respond merely to what the United States does and could change when U S policies change Other forms are reactions to what the United States is and involve greater bias and distrust The complexity of anti Americanism they argue reflects the cultural and political complexities of American society The analysis in this book leads to a surprising discovery there are as many ways to be anti American as there are ways to be American

**NATO's Security Discourse After the Cold War** Andreas Behnke, 2013 This book provides a critical investigation into the discursive processes through which the North Atlantic Treaty Organisation NATO reproduced a geopolitical order after the end of the Cold War and the demise of its constitutive enemy the Soviet Union

Campaigns Against Western Defence Clive Rose, 1986-12-19

Red Army Faction, A Documentary History J. Smith, André Moncourt, 2009-02-01 The first in a two volume series this is by far the most in depth political history of the Red Army Faction ever made available in English

Projectiles for the People starts its story in the days following World War II showing how American imperialism worked hand

in glove with the old pro Nazi ruling class shaping West Germany into an authoritarian anti communist bulwark and launching pad for its aggression against Third World nations The volume also recounts the opposition that emerged from intellectuals communists independent leftists and then explosively the radical student movement and countercultural revolt of the 1960s It was from this revolt that the Red Army Faction emerged an underground organization devoted to carrying out armed attacks within the Federal Republic of Germany in the view of establishing a tradition of illegal guerilla resistance to imperialism and state repression Through its bombs and manifestos the RAF confronted the state with opposition at a level many activists today might find difficult to imagine For the first time ever in English this volume presents all of the manifestos and communiqués issued by the RAF between 1970 and 1977 from Andreas Baader's prison break through the 1972 May Offensive and the 1975 hostage taking in Stockholm to the desperate and tragic events of the German Autumn of 1977 The RAF's three main manifestos The Urban Guerilla Concept Serve the People and Black September are included as are important interviews with Spiegel and le Monde Diplomatique and a number of communiqués and court statements explaining their actions Providing the background information that readers will require to understand the context in which these events occurred separate thematic sections deal with the 1976 murder of Ulrike Meinhof in prison the 1977 Stammheim murders the extensive use of psychological operations and false flag attacks to discredit the guerilla the state's use of sensory deprivation torture and isolation wings and the prisoners resistance to this through which they inspired their own supporters and others on the left to take the plunge into revolutionary action Drawing on both mainstream and movement sources this book is intended as a contribution to the comrades of today and to the comrades of tomorrow both as testimony to those who struggled before and as an explanation as to how they saw the world why they made the choices they made and the price they were made to pay for having done so

The Debate on NATO's Evolution Margarita Assenova, 2003-05

How America Gets Away with Murder Michael Mandel, 2004-07-20 In Kosovo America claimed its war was a humanitarian intervention in Afghanistan self defense and in Iraq it claimed the authority of the Security Council of the United Nations Yet each of these wars was illegal according to established rules of international law According to these rules illegal wars fall within the category of supreme international crimes So how come the war crimes tribunals never manage to turn their sights on America and always wind up putting America's enemies the usual suspects on trial This new book by renowned scholar Michael Mandel offers a critical account of America's illegal wars and a war crimes system that has granted America's leaders an unjust and dangerous impunity effectively encouraging their illegal wars and the war crimes that always flow from them

Russia's Coercive Diplomacy R. Maness, B. Valeriano, 2015-07-13 Russia's place in the world as a powerful regional actor can no longer be denied the question that remains concerns what this means in terms of foreign policy and domestic stability for the actors involved in the situation as Russia comes to grips with its newfound sources of might

The United States and Europe: Policy Imperatives in a Globalizing World Howard M. Hensel, 2017-11-22 This title

was first published in 2002 This provocative volume explores key aspects of the contemporary relationship between the United States and the European powers as they attempt to address common issues as the international community enters a new millennium Representing diverse perspectives opinions analyses and recommendations regarding the regional and global problems and opportunities confronted by both the United States and the Europeans the book is particularly suitable for scholars and policy makers alike who contribute to ongoing discussions concerning this critical relationship

Immaculate Warfare Stephen D. Wraga, 2003-10-30 This volume of essays written by military officers who analyzed the intelligence planned the missions and flew the planes over Iraq Kosovo and Afghanistan offers the most penetrating look to date at the realities of American precision air power When the gun camera footage from air strikes during the Gulf War reached America's television screens people awoke to the astonishing accuracy and power of smart weapons Yet ten years experience has taught what these remarkable weapons can and cannot do and now as American policy makers look to them to win the global war on terrorism it is essential to understand the promise and the limits of immaculate warfare This volume of essays written by military officers who analyzed the intelligence planned the missions and flew the planes over Iraq Kosovo and Afghanistan offers the most penetrating look to date at the realities of American precision air power Topics include The political context of using force from the air The theoretical considerations involved in the use of air power to coerce an enemy An insider's view from General Clark's headquarters as he commanded the Kosovo war effort The tensions between civilian and military leaderships during the Kosovo war Precision weapons and the paradoxes their use involves The debate surrounding when precision weapons ought to be employed
