Remembering the Wilderness Sara Rath, 1983 **Best Remembered Poems** Martin Gardner, 2012-06-19 The 126 poems in this superb collection of 19th and 20th century British and American verse range from famous poets such as Wordsworth Tennyson Whitman and Frost to less well known poets Includes 10 selections from the Common Core State Standards Initiative *Remembering the Harlem Renaissance* Cary D. Wintz, 2013-08-21 This volume tracks the many surveys of black literature created during the Harlem Renaissance Noted works by such authors as Sterling Brown Benjamin Brawley and Langston Hughes are covered Retrospectives also appeared in the journal Phylon and many of those also appear in this collection C. S. Lewis Remembered Harry Lee Poe, 2009-05-26 What was it like to have C S Lewis as a teacher Most people know C S Lewis through his writings but in his lifetime he was first and foremost a teacher Now those who were influenced by what they learned from his teaching offer a unique view of one of the most influential Christian writers of all time What was it like to study under C S Lewis when he taught at Oxford and Cambridge How did his influence and teaching create a legacy that has influenced educators since C S Lewis Remembered is a collection of interviews and essays that offer personal perspectives on Lewis the teacher and Lewis the man These recollections portray him in all his humanity both the irascibility and the brilliance both the ferocity of his intellectual precision and the eagerness of his curiosity Some of this book s contributors chose to study with Lewis because of his Christian faith Others admired him as a scholar but never shared Lewis s interest in religion Still others shared his mere Christianity but differed with him over his Protestantism But all of them came into contact with Lewis when they were young adults whether they were students colleagues or those who knew him informally as a teacher Many of them followed in his footsteps and became educators as well Former students such as W Brown Patterson Peter Milward and Peter Bayley talk about what it was like to study under Lewis A recent lecture by Walter Hooper and essays by such noted scholars as Barbara Reynolds offer additional insight on Lewis and his influence Also included are pieces by Lewis s godson Lawrence Harwood a transcript of an interview with Owen Barfield a friend who knew Lewis from the time Lewis returned to Oxford after World War I and who played an important role in Lewis s shift from atheism to belief in God and a hitherto unpublished sketch of Lewis by Mary Shelley Neylan In addition an article that appeared in SF Horizons a magazine for science fiction fans offers a transcript of a taped conversation between C S Lewis Kingsley Amis and Brian Aldiss The Memory of Nature in Aboriginal, Canadian and American Contexts Françoise Besson, Claire Omhové, Héliane Ventura, 2014-06-12 This volume engages the reader s interest in the relationship that binds man to nature a relationship which makes itself manifest through certain literary or visual artefacts produced by Native or non Native writers and artists It ranges from the study of literatures mainly from Canada including Quebec and Acadia but also from Britain the United States of America France Turkey and Australia to the exploration of films photographs paintings and sculptures produced by Aboriginal artists from North America Thanks to a relational paradigm founded on spatial and

temporal enlargement it re imagines the critical outlook on indigenous production by instigating a dialogue between endogenous and exogenous scholars novelists and artists and by weaving together interdisciplinary approaches spanning anthropology geology ecocriticism and the study of myths From the writings by Scott Momaday to those by Tomson Highway from Pauline Johnson to Louise Erdrich or from the photographs by William McFarlane Notman and Edward Burtynsky or the films by Randy Redroad to the paintings by Emily Carr it explores art as the sedimentation of nature It simultaneously interrogates the representation of nature and the nature of representation as a geological and generic process inscribed in the history of mankind Without eclipsing differences and imposing a reified Eurocentric critical discourse upon indigenous productions this volume does not colonize indigenous texts or indulge in cultural appropriation of works of art but looks for historical mythological or geological traces of the past a past characterized by the intimacy between man and animal man and rock or man and plant a past which is allowed to resurface through the creative and critical outlooks that are bestowed upon its subjacent or subterranean existence It resurfaces not as nostalgic memory but as an interactive fertilization giving the present a new life in which the non human provides a key to the understanding of the human bond to nature

Remembered Words Alastair Fowler,2021-07-22 Remembered Words is a selection of Alastair Fowler s essays on genre realism and the emblem three interrelated subjects published over six decades It offers readers a way to arrive at a sense of how approaches to these subjects have changed over that period Specifically it shows how genre has come to be understood in terms of family resemblance theory Remembered Words argues that realism can be seen as altering historically so that Renaissance realism for example differs from those of later periods Similar changes are traced in the emblem which Fowler shows to be not only a particular genre but an element of various kinds of realism Famous passages in ancient literature are remembered in the familiar emblems of the Renaissance and Renaissance emblems form the basis of metaphors in later literature Meanwhile the general approach of the critic and the reader has been altering over the years as becomes evident when one takes into account the time scale of sixty years an unusually long working life for a critic Modern theoretical approaches which are often casually regarded as self evident may appear less inevitable and more arbitrary This is not to say that they are necessarily wrong just that they need to be argued for Remembered Words is intended for senior undergraduates and for graduate students who may use it to form ideas of Fowler s approach and that of his contemporaries and predecessors over the last half century *Recalling Recitation in the Americas* Janet Neigh,2017-01-01 Spoken word is one of the most popular styles of poetry in North America While its prevalence is often attributed to the form s strong ties to

oral culture Recalling Recitation in the Americas reveals how poetry memorization and recitation curricula shaped by British Imperial policy influenced contemporary performance practices During the early twentieth century educators frequently used the recitation of canonical poems to instill proper speech and behaviour in classrooms in Canada the Caribbean and the United States Janet Neigh critically analyses three celebrated performance poets E Pauline Johnson Tekahionwake 1861 1913 Langston Hughes 1902 1967 and Louise Bennett 1919 2006 who refashioned recitation to cultivate linguistic diversity and to resist its disciplinary force Through an examination of the dialogues among their poetic projects Neigh illuminates how their complicated legacies as national icons obscure their similar approaches to resisting Anglicization Recalling Recitation in the Americas focuses on the unexplored relationship between education history and literary form and establishes the far reaching effects of poetry memorization and recitation on the development of modern performance poetry in North America

The Myth of War in British and Polish Poetry, 1939-1945 Marzena Sokołowska-Paryż, 2002 In recent decades there has been a marked tendency to look at war literature from a perspective that reaches beyond the experiences of particular nations Characteristically though poetry and prose from Poland Hungary and former Czechoslovakia are included in multi national anthologies the war literatures of Eastern Europe seem to have been ignored in critical studies The Myth of War in British and Polish Poetry 1939 1945 aims to fill in this critical vacuum This

study concentrates on the processes through which British and Polish poetry contributed to the shaping of myths of war each offering creative interpretations of historical facts and developments Both poetic traditions are analysed in the context of their national literary heritage and historical background in order to explain the discrepancies characterising these imaginative versions of war Yet the ultimate objective is to discover spheres of convergence within a network of differences This comparative analysis of British and Polish war poetry paves the way for discussions about the relationships between national and individual experiences of history inviting consideration of how seemingly unsurpassable borders can be crossed

A New England Girlhood, Outlined from Memory Lucy Larcom,1889 **Archibald Lampman** Eric Ball,2013-05-01

Treasuring the past savouring the present and wanting to do right by the future Archibald Lampman was a poet keenly focused on the workings of time He was also a thinker of mystical predisposition His goal was not to transcend time but to find redemptive meaning within it Archibald Lampman Memory Nature Progress explores the ways in which Lampman pursued this goal in relation to the three faces of time Memory fascinated Lampman He relished the alchemy by which the dross of past experience could be left behind and the gold preserved Nature compelled his mind and emotions and his clear eyed observations of both countryside and wilderness settings gave rise to a self evolved poetics of inclusiveness In his celebrations of nature in all its manifestations mild or bleak he anticipated the work of iconic Canadian painter Tom Thomson and he forecasted the environmentalism of our own time Progress for Lampman spelled societal rectification By forwarding the cause of social betterment one was part of a movement larger than oneself and this expansion too was redemptive Archibald Lampman Memory Nature Progress is the first book on this foundational figure in Canadian literature to appear in over twenty five years and the first thematically focused study Combining close analysis with biographical context it shows how Lampman s oeuvre was shaped by his responses to his physical surroundings and to his social intellectual milieu as filtered through his stubbornly independent outlook Love, Remember Malcolm Guite,2017-11-30 The bestselling poet Malcolm Guite chooses forty poems from across the centuries that express the universal experience of loss and reflects on them in order to draw out the comfort understanding and hope they offer Some of the poems will be familiar many will be new but together they provide a sure companion for the journey across difficult terrain Some of Malcolm s own poetry is included written out of his work as a priest with the dying and the bereaved and giving to the volume a powerful authenticity The choice of forty poems is significant and reflects an ancient practice still observed in some European and Middle Eastern societies of taking extra special care of a bereaved person in the forty days following a death our word quarantine come from this They explore the nature and the risk of love the pain of letting go and look toward glimpses of resurrection
