Ritual Masks Henry Pernet,2006-03-01 Ritual masking is an important institution in many traditional societies and has attracted much attention from Western scholars In *Ritual Masks* Pernet provides a thorough survey of masks and masking traditions in Africa Oceania and the Americas based on a close analysis of the literature in several languages Pernet's approach provides him with an opportunity to examine issues of importance to the history of religion and anthropology These include the influence of theory on the interpretation of prehistoric documents androcentrism in anthropology and the history of religions and Western scholarship's recurrent problems in interpreting preliterate or traditional societies **Ritual, Play, and Belief in Evolution and Early Human Societies** Colin Renfrew,Iain Morley,Michael Boyd,2018 This book presents unique new insights into the development of human ritual and society through our heritage of play and performance

African Masks and Emotions Z. S. Strother,2025-12-23 In this groundbreaking book Z S Strother inspired by dialogues with African masquerade patrons and performers disputes assumptions that masks universally hide reveal or transform In Western European languages the word mask exerts a powerful presence as a figure of speech To masquerade is to pretend to be someone or something one is not By extension unmasking is a heroic metaphor for exposing a hidden truth In this volume art historian Z S Strother counters that narrative using African case studies to offer an alternative vision of masquerading She explores the aesthetic emotions aroused by masks or more precisely by dances of masks joy wonder awe fear and the release of laughing out loud She also investigates the uncanny a sensation of delicious shiveriness triggered when familiar spaces and individuals become strange and changeable Inspired by Strother's studies in DR Congo *African Masks and Emotions* takes a comparative perspective and moves emotion from the periphery to the center of analysis **Mask Makers and Their Craft** Deborah Bell,2014-01-10 Profiling 30 mask makers from around the world this book explores the motivations and challenges of contemporary artists working to bring the traditional methods and conventions of mask making to an evolving global theatre There are 181 photographs including two sections of color plates which illustrate how the mythic iconography of masks is used in the modern fields of dance mime theatre and storytelling Topics include the ways in which mask artists and performers maintain a sense of universality despite varying local customs the legacies of Italian mask makers Amleto and Donato Sartori and of the California based Dell Arte International School of Physical Theatre and the ways in which traditional approaches in mask artistry continue to influence commercial mask performance ventures in film on Broadway and in touring companies *Elgar Encyclopedia of Political Anthropology* Arpad Szakolczai,Paul O'Connor,2025-09-10 This Encyclopedia explores the anthropological underpinnings of politics Featuring biographical entries that reconstruct the life works of key theorists from across the globe alongside topical entries on a range of issues in political anthropology it poses the question what does it mean to be human in contemporary times **Masks** T. H. M. Gellar-Goad,2024 *The Old Testament in Theology and Teaching* Teresa Chai,Dave Johnson,2018-03-23 APTS Press is

privileged to offer this festschrift honoring Dr Kay Fountain who for more than twenty years has served the Lord at the Asia Pacific Theological Seminary APTS in Baguio City Philippines first as a student then as a faculty member and finally as the Academic Dean Our hope is that this book will reflect her passion for teaching and understanding the Old Testament which has instilled in her students that kind of passion for the ministry as well From the Foreword *Theatrical Costume, Masks, Make-Up and Wigs* Sidney Jackson Jowers, 2013-10-15 First published in 2000 Routledge is an imprint of Taylor Francis an informa company **Forms of Practitioner Reflexivity** Hilary Brown, Richard D. Sawyer, Joe Norris, 2016-09-07 This edited volume addresses the different methods professionals use to promote a critical reflective and reflexive stance among practitioners leading to both a reconceptualization of practice and its subsequent change The goal of increased reflection in professional education is intended to expand approaches for professionals to work with diverse others It is also intended to increase their levels of cognitive differentiation and depth of professional consciousness about themselves alongside diverse others in a rapidly changing world This is an important issue in a range of applied professional programs from education to medicine social work to psychology business to criminal justice in nearly every country in the world **Subversive Seduction** Travis Landry, 2013-01-10 Male male rivalry and female passive choice the two principal tenets of Darwinian sexual selection raise important ethical questions in *The Descent of Man* and in the decades since about the subjugation of women If female choice is a key component of evolutionary success what impact does the constraint of women's choices have on society The elaborate courtship plots of 19th century Spanish novels with their fixation on suitors and selectors rivalry and seduction were attempts to grapple with the question of female agency in a patriarchal society By reading Darwin through the lens of the Spanish realist novel and vice versa Travis Landry brings new insights to our understanding of both while Darwin's theories have often been seen as biologically deterministic Landry asserts that Darwin's theory of sexual selection was characterized by an open ended dynamic whose oxymoronic emphasis on passive female choice carries the potential for revolutionary change in the status of women
