The River of Life Renford , Renford,2009-09-30 The River of Life is an allegory with many symbols It is a modern day parable about the eternal nature of being Everything is a cycle and full of purpose The being in fulfillment had no beginning and will have no end It cannot be destroyed Like a cell of the human body which can be cloned the soul is a cell of Universal Being with the same natural power of the whole There is always communication between the whole and the part but we are mostly unaware The language of the mind can only be understood by recognizing the way Inner Being via the subconscious mind communicates with the conscious Only through meditation or dreams when the conscious mind is induced to be quiet can Inner Being communicate and conscious mind benefit

The River of Life Lee Harmon,2014-09-10 Are liberals who call themselves Christian truly Christian Do liberal Christians care about the Bible Why Twice before Lee Harmon has written about Christian topics once on the gospel of John and once on the book of Revelation Lee finds that both conservative and liberal Christians often have a dismissive attitude toward one another and so he sets out not to propose a compromise but to seek understanding He writes as a liberal Christian explaining what Jesus means to him and why he finds the Bible fascinating and even essential This is a book that expresses a vigorous spiritual view but which does so for the purpose of inviting conversation and understanding Perhaps those of us who are in different streams of Christian thought need to consider that others also have something to contribute that their disagreements with us do not represent apostasy or heresy but rather their unique and valuable experience of God The River of Life is suitable for both individual reading and group study and discussion

*A Faith Encompassing All Creation* Tripp York,Andy Alexis-Baker,2014-09-12 Even as evidence accumulates that humans have significantly contributed to global climate change many Christians have questions about what it means to care for creation Some question whether focusing on creation care takes away from a person s spirituality or from caring for other humans Others wonder to what extent we can live peaceably with nonhuman creation Still others wonder whether we should be better stewards of the environment and whether developing better technology might save us from the current crisis The diverse authors of this volume address these questions in an accessible way

*Hope for Creation* Matthew Sleeth,Matthew Sleeth, M.D.,2010-04-12 In this interactive companion to the Hope for Creation DVD Dr Matthew Sleeth provides personal questions practical applications and additional content to help Christ s followers dig deeper into the creation care lessons of Sessions 1 6

**Middle Ages and Early Modern Period** Albrecht Classen, 2025-10-20 Despite the assumption that we live today in a rather rationalist and mechanized world there remain many aspects that neither medicine nor physics can fully explain The Catholic Church continues to pronounce individuals as saints because scientifically confirmed miracles are associated with them If we want to gain a solid understanding of the pre modern history of mentality emotions and everyday culture it proves to be highly revealing to examine what miracles and wonders had meant at that time both in the theological and medical field in the visual arts and literature As a matter of fact people both in the East and in the West have consistently flocked to pilgrimage sites all over the world in the hope that a miracle might happen and solve issues for them The contributors to this volume based on a symposium at the University of Arizona May 2024 approach this critically important topic from many different perspectives taking us from the early Middle Ages to the early modern age examining hagiographical medical literary and alchemical texts discussing both miracles and wonders as relevant themes in the public discourses Both the passage through Inferno and Purgatorio as the crucial pathway toward Paradiso and the experience of women s miraculous conception are identified as deeply impactful for the pre modern world and this both in Christian and Muslim cultures Studying miracles and wonders through a kaleidoscope of different materials and concepts makes it possible to gain a closer understanding of people s mindsets power structures and the debate between medicine and religion These topics were also greatly important in other cultures as several papers on Arabic medieval literature indicate Further pursuing this global issue we recognize easily that the separation line between the Middle Ages and the early modern period is only a modern construct and often not that helpful because the discourse on miracles and wonders has continued and influences even us today

Unleashing Healing Power Through Spirit-Born Emotions Dr. Mark Virkler, Charity Virkler Kayembe, 2017-12-19 Emotions are a language of the heart God lives in our hearts and His Spirit rides out on the emotion of compassion *American Scientific Books, 1962-1963, 1963* "Bula" Man-River Kiang P Lee, 2013-03-06 The parable of the Bula man river is the story of the miraculous life God promises man from the beginning By creating man in His own likeness He forever placed man on a path of living the miraculous life He is divine and we are mortal and whenever the two intersect miracles happen As humans it s impossible for man to experience the glory of God s divine Being so he experiences miracles the divine spark Miracles are foretastes of man s future in the glorious presence of God It s a life of unimaginable awe inspiring wonder both now and future From the beginning Adam and Eve experienced this miraculous life firsthand God lovingly and miraculously planted them a garden home which had all the resources for their survival and happiness God did not point to a jungle and charged Adam with planting a garden himself No God planted it with His own hands This miraculous life was man s destiny from the start and continues to this day The whole earth hanging in the blackness of space is the larger Edenic home we all share as co inhabitants of it But man fails to respond with gratitude to dress and keep it Lost in the jungle of his own narcissistic self man seeks for life s answers which only the BULA man river can supply For those who change into the

likeness of God's love God leads them to a new Eden This is where the miraculous life is lived as naturally as breathing This is what this book is about miracles It begins with the life of the BULA man river He is the product of God's love It begins with love gifts from the Father which form the substance of the three dimensional life of the BULA man river the Miracle Man Read about the two wonderful love gifts of the Father
