Road To Mars:

The Road to Mars Eric Idle,1999 What makes humans bark Is the funny bone funny What is the algebra of comedy Did the sitcom originate with the ape Carlton is an android a 4 5 Bowie Artificial Intelligence Robot who works for Alex and Lewis two comedians from the twenty second century who travel the outer vaudeville circuit of the solar system known ironically as the Road to Mars His problem is that although as a computer he cannot understand irony he is attempting to write a thesis about comedy its place in evolution and whether it can ever be cured And he is also studying the comedians of the late twentieth century including obscure and esoteric comedy acts such as Monty Python s Flying Circus in his search for the comedy gene In the meantime while auditioning for a gig on the Princess Di a solar cruise ship his two employers inadvertently offend the fabulous diva Brenda Woolley and become involved in a terrorist plot against Mars the home of Showbiz Can Carlton prevent Alex and Lewis from losing their gigs help them overcome the love thing and finally understand the meaning of comedy in the universe Will a robot ever really be able to do stand up As Einstein might have said nothing in the universe can travel faster than the speed of laughter The Road to Mars was named one of the best books of 1999 by the Los Angeles Times *The Road to Mars* J. C. L. Faltot,2015-11-27 Mars is colonized Yet its inhabitants are cut off from Earth An event known as the Pulse is eating the light on Earth And Mars has been blamed for it In the years after Darion Wallace and his 10 year old daughter wander the darkened planet Desperate for safe haven Darion searches for a means to get to Mars A legend few believe a being thought to be myth A road leading him from Earth And his humanity The road is open Mars awaits New South Wales Government Gazette ,1907 **Reports and Proceedings of the Municipal Council of the City of Sydney ...** Sydney,1920 *Acts and Joint Resolutions of the General Assembly of the State of South Carolina* ,1907 **Acts and Joint Resolutions of the General Assembly of the State of South Carolina** South Carolina,1907 **The Road to Mars** Eric Idle,2000-10-10 With Monty Python s Flying Circus Eric Idle proved he was one of the funniest people in the world And with The Road to Mars he reaffirms this with a raucously sidesplitting vengence Muscroft and Ashby are a comedy team on The Road to Mars an interplanetary vaudeville circuit of the future Accompanied by Carlton a robot incapable of understanding irony but driven to learn the essence of humor Alex and Lewis bumble their way into an intergalactic terrorist plot Supported by a delicious cast including a micropaleontologist narrator he studies the evolutionary impact of the last ten minutes and the ultra diva Brenda Woolley The Road to Mars is a fabulous trip through Eric Idle s inimitable world a universe expanding at the speed of laughter **Inquiries Concerning the Tactics of the Future** Fritz Hoenig,1899 The Atlantic Monthly ,1899 **The Mauritius Almanac and Colonial Register** ,1870
