Rob Nixon, The Old White Trader: A Tale of Central British North America William Henry Giles Kingston, 2020-09-28

Picture a wide gently undulating expanse of land covered with tall grass over which as it bends to the breeze a gleam of light ever and anon flashes brightly It is a rolling prairie in North America midway between the Atlantic and Pacific Oceans On either hand the earth and sky seem to unite without an object to break the line of the horizon except in the far distance where some tall trees by a river's side shoot up out of the plain but appear no higher than a garden hedge row It is truly a wilderness which no wise man would attempt to traverse without a guide That man has wandered there the remnants of mortality which lie scattered about a skull and the bare ribs seen as the wind blows the grass aside afford melancholy evidence A nearer inspection shows a rifle now covered with rust a powder flask a sheath knife a flint and steel and a few other metal articles of hunter's gear Those of more destructible materials have disappeared before the ravenous jaws of the hosts of locusts which have swept over the plain Few portions of the earth's surface give a more complete idea of boundless extent than the American prairie Not a sound is heard The silence itself is awe inspiring The snows of winter have lain thickly on that plain storms have swept over it the rain has fallen the lightning flashed the thunder roared since it has been trodden by the foot of man Perhaps the last human being who has attempted to cross it was he whose bones lie blanching in the summer sun that sun which now having some time passed its meridian height is sinking towards the west *Rob Nixon, the*
