Explorers and Exploration, 2005 Presents a comprehensive reference to explorers and topics related to exploration

The Black Soldiers Who Built the Alaska Highway John Virtue, 2012-11-16 This is the first detailed account of the 5 000 black troops who were reluctantly sent north by the United States Army during World War II to help build the Alaska Highway and install the companion Canol pipeline Theirs were the first black regiments deployed outside the lower 48 states during the war The enlisted men most of them from the South faced racial discrimination from white officers were barred from entering any towns for fear they would procreate a mongrel race with local women and endured winter conditions they had never experienced before Despite this they won praise for their dedication and their work Congress in 2005 said that the wartime service of the four regiments covered here contributed to the eventual desegregation of the Armed Forces

The Greatest Show in the Arctic P. J. Capelotti, 2016-05-06

In Gilded Age America Arctic explorers were fabulous celebrities assured of riches and near immortality so long as they reached the North Pole first Of the many attempts to meet that goal three American expeditions launched from the Russian archipelago of Franz Josef Land ended in abject failure their exploits consigned to near oblivion Even so these ventures the Wellman expedition 1898 99 the Baldwin Ziegler 1901 2 and the Fiala Ziegler 1903 5 have much to tell us about the personalities politics and economics of exploration in their day In *The Greatest Show in the Arctic* the first book to chronicle all three expeditions P J Capelotti explores what went right and what in the end went tragically wrong The cast of colorful characters from the Franz Josef Land forays included Walter Wellman a Chicago journalist and bon vivant running from debts his mistress and an illegitimate daughter Evelyn Briggs Baldwin a deranged meteorologist with a fetish for balloons and a passion for Swedish conserves and Anthony Fiala a pious photographer in search of God in the Arctic Featuring an international cast of supporting characters worthy of a three ring circus *The Greatest Show in the Arctic* follows each of the three expeditions in turn from spectacular feats of financing to their bitter ends Along the way the explorers accumulated considerable geographic knowledge and left a legacy of place names Through close study of the expeditions journals Capelotti reveals that the Franz Josef Land endeavors foundered chiefly because of poor leadership and internal friction not for lack of funding as historians have previously suspected Presenting tales of noble intentions novel inventions and epic miscalculations *The Greatest Show in the Arctic* brings fresh life to a unique and underappreciated story of American exploration
