Robert Graves The Years With Laura 1926 194:

Robert Graves Richard Perceval Graves, 1987 **Robert Graves: The years with Laura, 1926-1940** Richard Perceval Graves, 1986 *A History of Ambiguity* Anthony Ossa-Richardson, 2021-12-14 Ever since it was first published in 1930 William Empson's *Seven Types of Ambiguity* has been perceived as a milestone in literary criticism far from being an impediment to communication ambiguity now seemed an index of poetic richness and expressive power Little however has been written on the broader trajectory of Western thought about ambiguity before Empson as a result the nature of his innovation has been poorly understood *A History of Ambiguity* remedies this omission Starting with classical grammar and rhetoric and moving on to moral theology law biblical exegesis German philosophy and literary criticism Anthony Ossa Richardson explores the many ways in which readers and theorists posited denied conceptualised and argued over the existence of multiple meanings in texts between antiquity and the twentieth century This process took on a variety of interconnected forms from the Renaissance delight in the elegance of ambiguities in Horace through the extraordinary Catholic claim that Scripture could contain multiple literal and not just allegorical senses to the theory of dramatic irony developed in the nineteenth century a theory intertwined with discoveries of the double meanings in Greek tragedy Such narratives are not merely of antiquarian interest rather they provide an insight into the foundations of modern criticism revealing deep resonances between acts of interpretation in disparate eras and contexts *A History of Ambiguity* lays bare the long tradition of efforts to liberate language and even a poet's intention from the strictures of a single meaning Lives for Sale Mark Bostridge, 2004-10-12 This is a collection of new essays by many of the best biographers now writing in Britain not only the established names but also the rising stars of the profession These biographers' tales based on personal experience tell of the ups and downs of life writing of shocking discoveries and frustrating dead ends strange literary hauntings and curses bitter professional rivalries and problems with families and friends of biographical subjects and of ways in which the biographer's imagination can be inspired by a sense of place or touch of a letter **BOOK JACKET The Great War and the Missing Muse** Patrick J. Quinn, 1994 This book presents a study of two English writers whose initial friendship developed from a chance meeting in the trenches of the Somme to one of the more important symbiotic soldier poet relationships of the 1920s Robert Graves and Siegfried Sassoon Patrick J Quinn examines both writers' autobiographical works scrutinizing the transitions in their poetry from pre war jottings through post war struggles to find their poetic voices This developmental approach provides an opportunity to evaluate much of their poetry that has hitherto been largely ignored and helps explain why both men turned in the late 1920s to writing autobiographical prose fiction to purge the war and its aftereffects from their lives Both Graves and Sassoon achieved their first real poetic successes during the Great War Linked together as fellow officers and friends and flushed with the promise of greater poetic achievement ahead both writers perceived the war initially as a vehicle by which they could rid themselves of Victorian influences and produce startling results as realists But as

the war continued and both men began to suffer its effects they realized that their verses had failed to alert a victory determined British populace to its jingoistic mentality By mid 1919 both poets were trying to adjust to civilian status and reorganize their lives after the upheaval of the war Graves attempted at first to expiate his memories of the Western Front by writing sentimental verse but dissatisfaction with his marriage and an inability to exorcise his neurasthenic nightmares led him to experiment with psychological self analysis in his poetry Sassoon s response to the war in contrast motivated largely by a homoerotic attachment to the enlisted men under his command and a conviction of social injustice turned him briefly to socialism and social satire for a thematic approach to his poetry in the early 1920s In their joint discontent Sassoon and Graves searched throughout the mid twenties for personal order and artistic direction Graves delved into Eastern philosophy and biblical exegesis until with the arrival of Laura Riding his domestic and creative life was turned around from Riding Graves gained the strength to reject the values imposed upon him by his background and his literary peers Similarly Sassoon struggled to find a poetic cause commensurate with his talents but his disillusionment with the modern world caused him to turn inward for inspiration This introspection led Sassoon to a contemplation of his past through which he was eventually to find the symmetry and positive cultural values that were lacking in the modern world Thus in their individual searches for creative inspiration both Graves and Sassoon severed relations with contemporary British society and each turned to his own form of self imposed exile
