GEORGE RUDE

Robespierre Portrait Of A Revolutionary Democrat

Kelly Boyd

Robespierre Portrait Of A Revolutionary Democrat:

Robespierre George F. E. Rudé, 1967 The great lives observed series combines the intimacy of autobiography the immediacy of eyewitness observation and the comparative objectivity of modern scholarship In Robespierre George Rude presents Robespierre's own words the views of his contemporaries and analyses in retrospect by leading historians to create a three fold perspective

Rethinking the French Revolution George C. Comninel, 1987 Historians generally and Marxists in particular have presented the revolution of 1789 as a bourgeois revolution one which marked the ascendance of the bourgeois as a class the defeat of a feudal aristocracy and the triumph of capitalism Recent revisionist accounts however have raised convincing arguments against the idea of the bourgeois class revolution and the model on which it is based In this provocative study George Comninel surveys existing interpretations of the French Revolution and the methodological issues these raise for historians He argues that the weaknesses of Marxist scholarship originate in Marx's own method which has led historians to fall back on abstract conceptions of the transition from feudalism to capitalism Comninel reasserts the principles of historical materialism that found their mature expression in Das Kapital and outlines an interpretation which concludes that while the revolution unified the nation and centralized the French state it did not create a capitalist society

Revolutionary Career of Maximilien Robespierre David P. Jordan, 2013-10-16 In changing forever the political landscape of the modern world the French Revolution was driven by a new personality the confirmed self aware revolutionary Maximilien Robespierre originated the role inspiring such devoted twentieth century disciples as Lenin who deemed Robespierre a Bolshevik avant la lettre Although he dominated the Committee for Public Safety only during the last year of his life Robespierre was the Revolution in flesh and blood He embodies its ideological essence its unprecedented extremes its absolutist virtues and vices he incarnated a new completely politicized self to lead a new wholly regenerated society Yet as historian David P Jordan observes Robespierre has remained an enigma While his revolutionary career embraced the most crucial years of the Revolutions 1789 to 1794 it was little presaged by the unremarkable course of his early life The Jacobin leader to whom the revolutionary masses clung is thus both as mysterious as his remote provincial past and as awesome as the world shaking regicide he inspired Confronted by these extremes historians have often contented themselves to caricature Robespierre as an antichrist a bourgeois manipulator of the rabble or a canny political tactician Jordan looks to Robespierre's own self conception for a true understanding of the man and his Revolution Indeed Robespierre wrote about himself often and at length Influenced by Enlightenment rationalism and the new literary genre of autobiography he left behind a voluminous body of speeches newspaper articles and pamphlets laced with reflections and revelations about his self created destiny as living martyr and revolutionary Everyman From these thoughts and words Jordan attempts to uncover Robespierre to reveal what made this unlikely figure onetime provincial lawyer small town academic and uninspired versifier the most important in revolutionary France

Robespierre Peter McPhee, 2012-03-13 For

some historians and biographers Maximilien Robespierre 1758-94 was a great revolutionary martyr who succeeded in leading the French Republic to safety in the face of overwhelming military odds For many others he was the first modern dictator a fanatic who instigated the murderous Reign of Terror in 1793-94 This masterful biography combines new research into Robespierre's dramatic life with a deep understanding of society and the politics of the French Revolution to arrive at a fresh understanding of the man his passions and his tragic shortcomings Peter McPhee gives special attention to Robespierre's formative years and the development of an iron will in a frail boy conceived outside wedlock and on the margins of polite provincial society Exploring how these experiences formed the young lawyer who arrived in Versailles in 1789 the author discovers not the cold obsessive Robespierre of legend but a man of passion with close but platonic friendships with women Soon immersed in revolutionary conflict he suffered increasingly lengthy periods of nervous collapse correlating with moments of political crisis yet Robespierre was tragically unable to step away from the crushing burdens of leadership Did his ruthless uncompromising exercise of power reflect a descent into madness in his final year of life McPhee reevaluates the ideology and reality of the Terror what Robespierre intended and whether it represented an abandonment or a reversal of his early liberalism and sense of justice

The Roads to Modernity Gertrude Himmelfarb, 2007-12-18 In an elegant eminently readable work one of our most distinguished intellectual historians gives us a brilliant revisionist history The Roads to Modernity reclaims the Enlightenment an extraordinary time bursting with new ideas about human nature politics society and religion from historians who have downgraded its importance and from scholars who have given preeminence to the Enlightenment in France over concurrent movements in England and America Contrasting the Enlightenments in the three nations Himmelfarb demonstrates the primacy and wisdom of the British exemplified in such thinkers as Adam Smith David Hume and Edmund Burke as well as the unique and enduring contributions of the American Founders It is their Enlightenments she argues that created a social ethic humane compassionate and realistic that still resonates strongly today in America perhaps even more than in Europe The Roads to Modernity is a remarkable and illuminating contribution to the history of ideas

Surrealism, History and Revolution Simon Baker, 2007 This book is a new account of the surrealist movement in France between the two world wars It examines the uses that surrealist artists and writers made of ideas and images associated with the French Revolution describing a complex relationship between surrealism's avant garde revolt and its powerful sense of history and heritage Focusing on both texts and images by key figures such as Louis Aragon Georges Bataille Jacques Andr Boiffard Andr Breton Robert Desnos Max Ernst Max Morise and Man Ray this book situates surrealist material in the wider context of the literary and visual arts of the period through the theme of revolution It raises important questions about the politics of representing French history literary and political memorial spaces monumental representations of the past and critical responses to them imaginary portraiture and revolutionary spectatorship The study shows that a full understanding of surrealism requires a detailed account of its attitude to revolution and that understanding

this surrealist concept of revolution means accounting for the complex historical imagination at its heart Napoleon Frank McLynn, 2011-04-01 Author McLynn explores the Promethean legend from his Corsican roots through the chaotic years of the French Revolution and his extraordinary military triumphs to the coronation in 1804 to his fatal decision in 1812 to add Russia to his seemingly endless conquests and his ultimate defeat imprisonment and death in Saint Helena McLynn aptly reveals the extent to which Napoleon was both existential hero and plaything of fate mathematician and mystic intellectual giant and moral pygmy great man and deeply flawed human being As Napoleon's obsession with his family surfaces and his conviction that every man has his price the emperor emerges as a figure closer to a modern Mafia godfather than a visionary European In this work McLynn brings the reader as never before closer to understanding the much mythologized Napoleon

Encyclopedia of Historians and Historical Writing Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American

historians and debates on gender and subaltern studies **Dictionary of World Biography** Barry Jones, 2025-01-06 Jones Barry Owen 1932 Australian politician writer and lawyer born in Geelong Educated at Melbourne High School and Melbourne University he was a public servant high school teacher television and radio performer university lecturer and lawyer before serving as a Labor MP in the Victorian Parliament 1972-77 and the Australian House of Representatives 1977-98 He took a leading role in reviving the Australian film industry and abolishing the death penalty in Australia and was the first politician to raise public awareness of global warming the post industrial society the IT revolution biotechnology the rise of the Third Age and the need to preserve Antarctica as a wilderness In the Hawke Government he was Minister for Science 1983-90 Prices and Consumer Affairs 1987 Small Business 1987-90 and Customs 1988-90 He became a member of the Executive Board of UNESCO Paris 1991-95 and National President of the Australian Labor Party 1992-2000 2005-06 He was Deputy Chairman of the Constitutional Convention 1998 His books include Decades of Decision 1860-1965 Joseph II 1968 Age of Apocalypse 1975 and Knowledge Courage Leadership Insights Reflections 2016 and he edited The Penalty Is Death 1968 revised and expanded 2022 His bestseller Sleepers Wake Technology and the Future of Work 1982 Fourth edition published in 1995 has been translated into Chinese Japanese Korean Swedish and braille **The Encyclopedia of Political Revolutions** Jack A. Goldstone, 2015-04-29 The Encyclopedia of Political Revolutions is an important reference work that describes revolutionary events that have affected and often changed the course of history Suitable for students and
