Romain Rolland Stefan Zweig,2017-08-07 THE first fifty years of Romain Rolland s life were passed in inconspicuous and almost solitary labors Thenceforward his name was to become a storm center of European discussion Until shortly before the apocalyptic year hardly an artist of our days worked in such complete retirement or received so little recognition Since that year no artist has been the subject of so much controversy His fundamental ideas were not destined to make themselves generally known until there was a world in arms bent upon destroying them Envious fate works ever thus interweaving the lives of the great with tragical threads She tries her powers to the uttermost upon the strong sending events to run counter to their plans permeating their lives with strange allegories imposing obstacles in their path that they may be guided more unmistakably in the right course Fate plays with them plays a game with a sublime issue for all experience is precious Think of the greatest among our contemporaries think of Wagner Nietzsche Dostoievsky Tolstoi Strindberg in the case of each of them destiny has superadded to the creations of the artist s mind the drama of personal experience

Pierre and Luce Romain Rolland,2007 Paris 1918 Amidst the cries of fanatic patriots bent on war a tender relationship slowly develops between two young Parisians beginning with a first shy encounter and growing into a passionate love that in the end falls victim to the psychological and physical destruction all around them The great French writer Romain Rolland 1866 1944 winner of the Nobel Prize in Literature 1915 wrote his famous tragic love story *Pierre and Luce* at the end of World War I Its protagonists recall the lovers of classical antiquity as well as those of the Middle Ages Above the Battle Romain Rolland,2017-06-18 *Above the Battle* is an anti world war I treatise by Romain Rolland written in 1916 Romain Rolland was a French dramatist novelist essayist art historian and mystic who was awarded the Nobel Prize for Literature in 1915 Romain Rolland was a lifelong pacifist He protested against the first World War in *Above the Battle*

The People's Theater Romain Rolland,2020-09-28 A curious phenomenon has occurred during the past ten years French art the most aristocratic of arts has come to recognize the masses French artists have of course known of the existence of the people before but they have considered them only as subjects of conversation as material for novels plays or pictures An admirable subject to treat in Latin verses But they never took the people into account as a living entity a public or a judge The progress of Socialism has directed the attention of artists to this new sovereign whose politicians up to the present had been its sole spokesmen authors and actors And they have discovered the people discovered I venture to say in much the same manner as explorers discover a new market for their wares The authors wish to import their plays the State its repertory actors and officials It is a comedy in itself with a part for each This is not a fit subject for irony for no one is

quite exempt from its shafts And we must take men as they are nor seek to discourage their conscious or unconscious efforts to combine personal with public gain provided the latter is assured But such is the case and from this movement which progresses so quickly that bad is bound to come hand in hand with good and personal with public profit I wish to call attention to but two points first the sudden importance assumed by the people in art or rather the importance ascribed to the people for they never speak for themselves everyone assumes the role of spokesman for them and second the extraordinary diversity of opinion as to the nature of democratic art itself In fact among those who claim to represent the aims of the people's theater there are two diametrically opposed ideals the adherents of the first seek to give the people the theater as it now exists any theater so long as it is a theater those of the second attempt to extract from this new force the people an entirely new theater The first believe in the Theater the others in the People The two have nothing in common one is the champion of the past the other of the future I need not tell you where the State stands By its very definition the State always belongs to the past No matter how new the forms of life it represents it arrests and congeals them But you cannot fix life once for all It is the function of the State to petrify everything with which it comes into contact and turn living into bureaucratic ideals
