Imperial Institutions in Ancient Rome and Early China Michael Loewe, Michael Nylan, T. Corey Brennan, 2025-05-15 Written by the eminent sinologist Michael Loewe and edited for publication by T Corey Brennan and Michael Nylan this book gives an overview of the considerations and practices of two major world empires that together ruled half of the earth's population in the first centuries BCE ancient Rome and Han China Approaching the historical material with a comparative perspective Loewe examines the strengths and weaknesses and the successes and failures which can be seen in the organisation and government of these two political systems Though each empire was largely ignorant of the other the problems they faced were similar given the rudimentary transportation and communication facilities of the time the high mortality rates and the low levels of literacy Yet each empire ruled its people in distinctly different ways with the Roman empire governed largely by military officials in contrast to the Chinese empire whose administration was well stocked with roughly 130 000 highly trained professionals The ten chapters of this book set out to compare the ways that these two contemporary regimes similar in size and population sought to control human activities and

impose a set of regulated discipline over those who were ruled Each chapter concerns the degrees and methods of forming a united people the assumptions that lay behind such attempts the reliance that imperial authority placed on religious practices legal impositions and the structure of institutions and the bases of social cohesion and economic co operation The result is an engaging study of two remarkable empires whose rise and fall are contrasted in a way that deepens our understanding of empire and civilisation

Temple Purity in 1-2 Corinthians Yulin Liu, 2013 Paul s view of the church as the temple and his concern about its purity in 1 2 Corinthians has traditionally been interpreted from the perspective of a Jewish background However Yulin Liu reveals that

the pagans were very aware of temple purity when visiting some temples in the Greco Roman world and the purification concerns of three pagan temples in Corinth are documented in his work The author affirms that the Gentile believers among the Corinthian community were able to grasp Paul's message because of it Also Liu investigates Paul's use of temple purity to address the necessity of unity holiness and faithfulness of the Corinthian Christians in an eschatological sense The separation of God's people from profane matters actually points to a new exodus and a progressive consummation of the construction of the eschatological temple community The Alter-Imperial Paradigm Shane J. Wood,2015-10-27 Many assume the book of Revelation is merely an anti imperial attack on the Roman Empire Yet Shane J Wood argues this conclusion over exaggerates Rome's significance and thus misses Revelation's true target the construction of the alter empire through the destruction of the preeminent adversary Satan Applying insights from Postcolonial criticism and Examinations of Dominance this monograph challenges trajectories of New Testament Empire Studies by developing an Alter Imperial paradigm that appreciates the complexities between the sovereign's and subject's of a society beyond simply rebellion or acquiescence Shane J Wood analyses Roman propaganda Jewish interaction with the Flavians and Domitianic persecution to interpret Satan's release Rev 20 1 10 as the climax of God's triumphal procession Thus Rome provides the imagery Eden provides the target
