Let Slip the Dogs of Love Eugene Kachmarsky,2011-04-06 Eugene Kachnarsky grips your full attention by flinging widely open a few of the infinite portals of perception and awareness to consider why we feel the things we do as he takes a kid s eye view look at the grown up world The intertwined tapestry of stories reveals the sublime ridiculous triumphant and tragic ways in which ordinary people deal with the often extraordinary consequences of their choices and actions These ironic and karmic accounts tell tales of love crime poverty tragedy greed and evil in a thoughtful sometimes playfully humorous youthful voice as they delve with wonder into the depths that lie beneath the surface of all things in a quiet sleepy metropolitan suburb

No Greater Love Etta Donovan,Marie Donovan,2004-01-01 No Greater Love was written throughout the last 40 years I have dedicated this book to my mother grandmother and mother in law Each of these beautiful women contributed such a valuable part to my life and my growth My mother Margaret Frieze was such a loving and tender woman She has left me with so many really fantastic memories I was truly fortunate to have been placed in her life since i was raised by my grandparents i always felt like both a daughter and a sister to my mom it was as we both grew older that our lives became so entwined i always understood her always respected her and always loved her with my entire heart the last words she ever spoke to me were I LOVE YOU My grandmother Marie Jenkins was such a pioneer she was the most dependable reliable and steady person i think i have ever known her death was my first time for losing someone so very special to me she would be followed by my mother in law and stepfather in 1987 my brother Michael in 1990 and then my son Michael and his cousin Matthew Jenkins within 8 weeks of each other in the end of 2002 and beginning of 2003 it is my grandmother to whom i give the most credit for giving me the tenacity to face difficult situations and still remain strong if i hadn4t had her example before me things would have been much more difficult My mother in law Lenora Derryberry was an angel she embodied the essence of love hope faith and caring A more beautiful person you would be wont

to find She was the most wonderful person i ever knew the faith that she shared with me became my foundation when my life has taken a strange twist or two if i did not have my faith i never would have been able to survive this last year So my second book No Greater Love is a testament of what was given me love without reservations unconditional love no matter what we all make mistakes in our life but it is our growth from life's upsets that defines who we are i would like everyone coming

Dinosaurs Weren't Created by God Daniel F. Owsley,2012-03-14 According to some ancient scrolls like the book of giants God didn t directly make the dinosaurs since they unexpectedly came forth through some satanic intervention Even though God made life Genesis 6 2 later on said that there were some fallen sons of God who took mortal women as wives producing some great giants that were called the Nephilim Therefore it only makes sense that Jehovah didn t directly create those giants of old As a matter of fact the book of Genesis also reveals that the Lord stressed to his following animal creations that everything green would serve them to be as their meat And since we know that our Most High is the same yesterday today and tomorrow it s also logical that He never would have created such a blood thirsty creation as a T Rex And those before mentioned scrolls additionally stress that it was partially due to the elimination of those thunder beasts that God brought forth His flood And this book shall also offer evidence that some dinosaurs indisputably lived with man And now days anyone on the internet can easily Google Puluxie dinosaur footprints and see a flawless dinosaur print together with a perfect one from a human Nor is that something that s common knowledge due to suppression from evolutionists For it s very clear that this sole fossil easily blows evolution right out of the water **Catalog of Copyright Entries.
