

Romantic America

Linda Miles Coppens

Romantic America:

Romantic America Robert Haven Schauffler, 1913 The Romantic Revolution in America: 1800-1860 Vernon Louis Parrington, 2017-07-12 The development of literature between 1800 and 1860 in the United States was heavily influenced by two wars The War of 1812 hastened the development of nineteenth century ideals and the Civil War uprooted certain growths of those vigorous years The half century between these dramatic episodes was a period of extravagant vigor the final outcome being the emergence of a new middle class Parrington argues that America was becoming a new world with undreamed potential This new era was no longer content with the ways of a founding generation The older America of colonial days had been static rationalistic inclined to pessimism and fearful of innovation During the years between the Peace of Paris 1763 and the end of the War of 1812 older America was dying The America that emerged which is the focal point of this volume was a shifting restless world eager to better itself bent on finding easier roads to wealth than the plodding path of natural increase The culture of this period also changed Formal biographies written in this period often gave way to eulogy it was believed that a writer was under obligation to speak well of the dead Consequently scarcely a single commentary of the times can be trusted and the critic is reduced to patching together his account out of scanty odds and ends A new introduction by Bruce Brown highlights the life of Vernon Louis Parrington and explains the importance of this second volume in the Pulitzer Prize winning study Handbook of American Romanticism Philipp Löffler, Clemens Spahr, Jan Stievermann, 2021-07-05 The Handbook of American Romanticism presents a comprehensive survey of the various schools authors and works that constituted antebellum literature in the United States The volume is designed to feature a selection of representative case studies and to assess them within two complementary frameworks the most relevant historical political and institutional contexts of the antebellum decades and the consequent re appropriations of the Romantic period by academic literary criticism in the twentieth and early twenty first centuries *American Women Short Story Writers* Julie Brown, 2014-05-01 This collection of original and classic essays examines the contributions that female authors have made to the short story The introductory chapter discusses why genre critics have ignored works by women and why feminist scholars have ignored the short story genre Subsequent chapters discuss early stories by such authors as Lydia Maria Child and Rose Terry Cooke Others are devoted to the influences race class sexual orientation education that have shaped women s short fiction through the years Women s special stylistic formal and thematic concerns are also discussed in this study The final essay addresses the ways our contemporary creative writing classes are stifling the voices of emerging young female authors The collection includes an extensive five part bibliography **Who's who in America**, 1914 **The Radical Women's Press of the 1850s** Ann Russo, Cherise Kramarae, 2013-10-28 First published in 1991 The volume reprints excerpts from six radical feminist journals of this crucial decade The Lily the Genius of Liberty the Pioneer and Women s Advocate the Una The Woman s advocate and The Sybil Angel Patriots Alexander T. Riley, 2015-03-13 When United Flight

93 the fourth plane hijacked in the September 11 2001 terrorist attacks crashed into a field near Shanksville Pennsylvania the gash it left in the ground became a national site of mourning The flight's 40 passengers became a media obsession and countless books movies and articles told the tale of their heroic fight to band together and sacrifice their lives to stop Flight 93 from becoming a weapon of terror In *Angel Patriots* Alexander Riley argues that by memorializing these individuals as patriots we have woven them into much larger story of our nation an existing web of narratives values dramatic frameworks and cultural characters about what it means to be truly American Riley examines the symbolic impact and role of the Flight 93 disaster in the nation's collective consciousness delving into the spontaneous memorial efforts that blossomed in Shanksville immediately after the news of the crash spread the ad hoc sites honoring the victims that in time emerged such as a Parks Department maintained memorial close to the crash site and a Flight 93 Chapel created by a local Catholic priest and finally the creation of an official permanent crash monument in Shanksville like those built for past American wars Riley also analyzes the cultural narratives that evolved in films and in books around the events on the day of the crash and the lives and deaths of its angel patriot passengers uncovering how these representations of the event reflect the myth of the authentic American nation one that Americans believed was gravely threatened in the September 11 attacks A profound and thought provoking study *Angel Patriots* unveils how in the wake of 9/11 America mourned much more than the loss of life

American Sublime Rob Wilson, 1991 Tracing ideas of the sublime in American literature from Puritan writings to the postmodern epoch Rob Wilson demonstrates that the North American landscape has been the ground for political as well as aesthetic transport He takes a distinctly historical approach and explores the ways in which experiences of the American landscape instill desire for other kinds of vastness self expansion national expansion and American political power As Wallace Stevens put it the American will takes dominion everywhere Wilson sets the stage for his genealogy with a discussion of the classical notion of the sublime taken primarily from Longinus and the ways that notion was pragmatically transformed by its American setting and appropriated by American poets He follows this transformation in successive chapters on the Puritans Bradstreet through the Naturalists Livingston and Bryant from the epitome of the American sublime Whitman to the greatest of the modernists Stevens and its present day incarnations Ashbery and others Writing today under the sign of Hiroshima contemporary writers must struggle with the concept of the sublime within a context of spiralling technologies and nuclear force that calls into question the long standing American sacralization of power Throughout *American Sublime* Wilson engages in an original theoretical inquiry into the sublime as term topic complex and controversial idea in literary and critical history Furthermore he undertakes his historical study from an avowedly postmodern perspective one that draws on and extends the work of Jameson Lyotard Foucault Lentricchia Harold Bloom and others The American Jeremiad Sacvan Bercovitch, 2012-04-19 When Sacvan Bercovitch's *The American Jeremiad* first appeared in 1978 it was hailed as a landmark study of dissent and cultural formation in America from the Puritans writings through the major literary works of the

antebellum era For this long awaited anniversary edition Bercovitch has written a deeply thoughtful and challenging new preface that reflects on his classic study of the role of the political sermon or jeremiad in America from a contemporary perspective while assessing developments in the field of American studies and the culture at large [Inter-America](#) ,1919

What American Women Did, 1789-1920 Linda Miles Coppens,2015-07-25 This reference book chronicles what American women did from the emergence of the republic through the end of World War I and the passage of the Nineteenth Amendment A broad spectrum of activities are depicted showing their many accomplishments and how their activities affected the world around them It was an era of great transition for all women A who s who of American women and some men those who showed great support or ironically great opposition to women s reform are described one year at a time beginning with 1789 and ending with 1920 Each year s activities are organized into seven possible categories domesticity work education religion the arts the law and politics and joining forces The book is thoroughly indexed **The Emergence**

of the African-American Artist Joseph D. Ketner,1993 Duncanson persevered With no professional training he taught himself to paint by copying prints and portraits and sketching from nature He began his career as a house painter and decorator eventually graduating to the work that would make him famous in his time landscape painting [The American Review of Reviews](#) Albert Shaw,1912 [American Monthly Review of Reviews](#) Albert Shaw,1913 [Domesticity with a difference](#) , **The Overland Monthly** ,1913 **Overland Monthly, Devoted to the Development of the Country**

,1913 [Overland Monthly](#) Bret Harte,1913 [Searching for Feminist Superheroes](#) Sam Langsdale,2024-09-17 It s no secret that superhero comics have historically included problematic depictions of women racial and sexual minorities and others who do not fit the standard straight white male model of a hero Rather than focus on these negative depictions Langsdale wants to take a more positive approach by looking at recent comics that can be called feminist with female heroes and creators of all genders that tell new types of stories within the genre Although these books have usually been marginalized and have suffered premature cancellation she argues that this marginalization has enabled innovative stories to be told in ways that not only advance the genre but also interact with contemporary social justice concerns Incorporating intersectionality and feminist theory Langsdale analyzes complete stories focused on various heroes Spider Woman America Chavez the Unstoppable Wasp and Ironheart By exploring different elements of these characters e g Spider Woman s pregnancy America s identity as a queer mestiza and the Wasp s creation of a female run STEM facility she examines what makes these texts feminist and how they interact with larger issues of inclusion and social justice in ways that more traditional superhero narratives don t and probably can t She also examines how these characters appearances in other media have played a part in their development By focusing on marginalized runs of comics Langsdale demonstrates how even these can make powerful statements about feminism and the world **Encyclopedia of Women and American Politics,**

Third Edition Lynne Ford,2021-07-01 Encyclopedia of Women and American Politics Third Edition contains all the material

a reader needs to understand the role of women throughout America's political history. This informative A to Z volume contains hundreds of entries covering the people, events, and terms involved in the history of women and politics.
