

A large, three-dimensional sculpture of the word "LOVE" is the central focus. The letters are white and hollow, with a bright blue light emanating from within each letter, casting a strong blue glow. The sculpture is positioned in a workshop or studio environment. In the background, there are various items on shelves, including what appear to be bags and containers. A ceiling fan is visible above the sculpture. The floor is a light-colored, polished surface that reflects the blue light from the sculpture. The overall atmosphere is artistic and creative.

How did romanticism define its relationship with its sources How has romanticism since been understood and misunderstood across a range of cultural activities These are among the questions taken up in this reexamination of the place of adaptation within romanticism Renegotiating the cultural topography of the period and the place of romanticism in subsequent cultural history the volume focuses on the adaptation of source material by romantic writers and the adaptation in subsequent periods of the tropes and ideologies associated with romanticism In place of a hierarchical distinction between source and text between romanticism and its contexts the collection identifies distinct but overlapping and mutually constitutive genres such as the Gothic and romance Whether their essays deal with early nineteenth century periodical reviews affordable editions of *Pride and Prejudice* aimed at the late nineteenth century mass audience or the ongoing cultural presence of romanticism in late twentieth and early twenty first century debates about embryology and stem cell research the contributors remain cognizant of the tension between the processes of adaptation and the apparent ideology of romantic originality **Love Giants** Alec

Parkin,2011-06-03 Modern advertising has changed dramatically since the early twentieth century but when it comes to food Katherine Parkin writes the message has remained consistent Advertisers have historically promoted food in distinctly gendered terms returning repeatedly to themes that associated shopping and cooking with women Foremost among them was that regardless of the actual work involved women should serve food to demonstrate love for their families In identifying

shopping and cooking as an expression of love ads helped to both establish and reinforce the belief that kitchen work was women's work even as women's participation in the labor force dramatically increased Alternately flattering her skills as a homemaker and preying on her insecurities advertisers suggested that using their products would give a woman irresistible sexual allure a happy marriage and healthy children Ads also promised that by buying and making the right foods a woman could help her family achieve social status maintain its racial or ethnic identity and assimilate into the American mainstream Advertisers clung tenaciously to this paradigm throughout great upheavals in the patterns of American work diet and gender roles To discover why Food Is Love draws on thousands of ads that appeared in the most popular magazines of the twentieth and early twenty first centuries including the Ladies Home Journal Good Housekeeping Ebony and the Saturday Evening Post The book also cites the records of one of the nation's preeminent advertising firms as well as the motivational research advertisers utilized to reach their customers

The Giant's House Elizabeth McCracken, 2013-02-13 McCracken mixes the proper amount of lunacy with exactly the right amount of sorrow The blend is reminiscent of such late 20th century treasures as *The Accidental Tourist* *The World According to Garp* or *A Confederacy of Dunces* Denver Post The year is 1950 and in a small town on Cape Cod twenty six year old librarian Peggy Cort feels like love and life have stood her up Until the day James Carlson Sweatt the over tall eleven year old boy who's the talk of the town walks into her library and changes her life forever Two misfits whose lonely paths cross at the circulation desk Peggy and James are odd candidates for friendship but nevertheless they soon find their lives entwined in ways that neither one could have predicted In James Peggy discovers the one person who's ever really understood her and as he grows six foot five at age twelve then seven feet then eight so does her heart and their most singular romance Praise for *The Giant's House* Remarkable McCracken has wit and subtlety to burn as well as an uncanny ability to tap into the sadness that runs through the center of her characters worlds This book is so lovely that when you're reading you'll want to sleep with it under your pillow Salon A true marvel thoroughly enjoyable from its unlikely beginning to its bittersweet end McCracken knows all kinds of subtle enticing secrets of the heart and conveys them in silky transparent language San Francisco Chronicle Lovely a tribute to the quiet passion of people trapped in isolation Los Angeles Times Fascinating The reader finds herself entangled body and soul in this tender and endlessly strange novel which is in all senses a hymn to human growth gone haywire and to a love so big it can't hold its own magnificent limbs upright Elle Such is the incantatory power of McCracken's eccentric tale that by its close we are completely in the grip of its strangely conceived ardor McCracken is as original a writer as they come I fell in love Daphne Merkin The New Yorker
