DE MENTE, 2010-12-22 The Bizarre

and the Wondrous from the Land of the Rising Sun highlights unique aspects of Japan ancient and modern that have made the country fascinating to Westerners since they first stumbled upon the islands in 1543 These unusual attractions range from high tech robots that do such things as act as tourist guides and perform delicate surgery to festivals that go back more than two thousand years and strike many foreign visitors as being bizarre Among the celebrations that could be labeled as bizarre are annual fertility festivals that feature authentic looking replicas of the male penis carved in wood from purse size versions to ones that are over two meters long and weigh up to 800 pounds The best known of the fertility festivals is the one staged each March 15 by the Tagata Shrine near the city of Nagoya The largest wooden penis is carved anew each year and after the ceremony is kept on display in the main shrine building until the following year when it is sold to private buyers On the day of the festival the large version of the erect male organ is pulled through the streets on a wheeled cart by up to 12 men to the delight of raucous crowds and child bearing age women who try to touch the replica in order to increase their chances of becoming pregnant Other penis replicas are edible versions made like candy and cookies that are sold to visitors as snacks and souvenirs to take home Also on the incredible side is a legend that the young Jewish man now known and worshipped by Christians as Jesus Christ the son of God did not die on the cross that in fact he lived and died in Herai Village in Japan According to the Christian Bible Jesus was born in Israel There is no further mention of him in the Bible until he is 12 years old when he appears at a Jewish synagogue and lambasts the rabbis for their un Christian like behavior The next mention of Jesus in the Bible is when he is in his early 30s and shows up at the Jordan River to be baptized by John a well known Jewish preacher According to the Japanese legend Jesus and his brother Isukiri spent most of those missing years in Japan returning to Judea when Jesus was 34 years old The story goes on to say that after he was betrayed to the Roman authorities he fled back to Japan and it was his brother who was crucified The story adds that Jesus married a Japanese girl became a rice farmer and lived the rest of his life in Herai later renamed Shingo There is a tomb in Herai that has long been known as the burial place of Jesus Jehova the son of Mary In the book De Mente goes on to explain how the legend and the tomb became known to present day Japanese authorities and was publicized in English for the first time in 1935 De Mente says he learned about the story in Tokyo in the early 1950s when he was editor of a monthly cultural magazine including seeing a photograph of documentary evidence from a museum in Herai Other fascinating stories in the book include how the infamous secret agents and assassins known as ninja neen jah became a major part of Japanese history why and how Japan became the first nation in the world to have a national network of roadside inns spaced one day s march apart why the Japanese are so skilled at producing arts and crafts of extraordinary beauty why single Japanese girls and men have a hard time hooking up why Japan s izakaya are more fun than Irish pubs why rice and other vegetables grow on top of buildings how the Japanese came up with a new reason for wearing clothes and some 50 plus other fascinating stories

THE GRAND CANYON ANSWER BOOK! - Everything You Might Want to Know About the Grand Canyon and Then Some!
, *Why the Japanese Are a Superior People!* Boye Lafayette De Mente,2009-07 Boye Lafayette De Mente author of more than 50 books on the business practices cultures and languages of China Japan Korea and Mexico identifies and describes the

cultural elements that made the Japanese an extraordinary people elements based on the fact that the Japanese are right brain oriented but are able to use both sides of their brain with remarkable results that are responsible for their economic prowess their aesthetic prowess and the seductive nature of their culture He pinpoints the areas where the Japanese have conspicuous advantages over Americans and other left brain oriented people A Must Read for anyone interested in understanding the character and mindset of the Japanese for whatever purpose America's Famous Hopi Indians! Boye Lafayette De Mente,2010-05-29 The oral history of Arizona s Hopi Indian tribe tells them that they were the first human beings to inhabit the North and South American continents and that they arrived aboard large rafts island hopping across the Pacific Ocean not by the land bridge that once connected Alaska and Siberia The details of their arrival splitting up into groups and going in different directions to populate the two continents are so detailed that it is hard to believe that they are just myths concocted for some ulterior purpose In this provocative title the author known for his code word books on the cultures of China Japan Korea and Mexico uses key Hopi words as windows to reveal the traditional beliefs customs and spirit of the Hopi people The spiritual based lifestyle they created was in many ways far superior to those that developed in Europe and other parts of the world especially in their understanding of both humans and nature and the cosmos at large Perhaps most astounding of all in the story of the Hopi is their tradition of prophecies and their incredible accuracy THE PLAGUE OF MALE DOMINANCE Boye De Mente,2014-09-12 Human males have been responsible for most of the violence that has plagued humanity since the origin of the species It is something programmed into males by their genes This built in mindset is responsible for the present state of affairs in the United States and the economic social and religious problems in virtually all other societies Virtually all of the male created institutions have traditionally been designed to keep women from using their minds and to repress their natural sexuality and this especially applies to man made religions This book details the overall failures of American culture from economics education entertainment politics and religions to sexual behavior It maintains that human beings cannot achieve even half of their potential until women play an equal if not primary role in the affairs of humanity It also makes other suggestions for overcoming the built in handicaps of humanity Why Ignorance, Stupidity and Violence Plague Mankind! , The Origins of Human Violence! - Male Dominance, Ignorance, Religions & Willful Stupidity! Boyé De Mente,2010-05-24 Despite the ages that have passed since homo sapiens developed the ability to think and behave in ways that transcended our animal origins and in remarkable ways distinguished us from other primates male humans in particular have continued to exhibit animalistic behavior and today remain fixated on violence not only toward other humans but also toward animals other species of life and the Earth itself There is more to the story of why so many human males are prone to engage in violence and remarkably most of this story has to do with attempts by men to establish controls and high standards for human behavior that to an astonishing degree had the opposite effect The author says the reason for this dichotomy is that these religious inspired attempts were based on the misunderstanding misuse and

abuse of human sexuality combined with the fundamental ignorance and willful stupidity of human males He explains why and how this incredible situation developed and continues today and includes some extraordinary recommendations
