Handbook of Interpersonal Commitment and Relationship Stability Jeffrey M. Adams, Warren H. Jones, 2012-12-06

A fundamental assumption underlying the formation of our most important relationships is that they will persist indefinitely into the future As an acquaintanceship turns into a friendship for example both members of this newly formed interpersonal bond are likely to expect that their interactions will become increasingly frequent diverse and intimate over time This expectation is perhaps most apparent in romantically involved couples who through a variety of verbal and symbolic means make explicit pledges to a long lasting relationship In either case it is clear that these relationships represent something valuable to the individuals involved and are pursued with great enthusiasm Virtually all close relationships are formed within the context of mutually rewarding interactions and or strong physical attraction between partners Friends and romantically involved couples alike are drawn to one another because of similarity of attitudes interests and personality and quite simply because they enjoy one another's company This enjoyment coupled with the novelty that characterizes new relationships almost makes the continuation of the relationship a foregone conclusion As relationships progress however their novelty fades conflicts may arise between partners negative life events may occur and the satisfaction that previously characterized the relationships may diminish

Love Online Aaron Ben-Ze'ev, 2004-01-19 Computers have changed not just the way we work but the way we love Falling in and out of love flirting cheating even having sex online have all become part of the modern way of living and loving Yet we know very little about these new types of relationship How is an online affair where the two people involved may never see or meet each other different from an affair in the real world Is online sex still cheating on your partner Why do people tell complete strangers their most intimate secrets What are the rules of engagement Will online affairs change the monogamous nature of romantic relationships These are just some of the questions Professor Aaron Ben Ze'ev distinguished writer and academic addresses in this book a full length study of love online Accessible shocking entertaining enlightening this book will change the way you look at cyberspace and love forever

The Arc of Love Aaron

Ben-Ze'ev,2019-06-11 Is love best when it is fresh For many the answer is a resounding yes The intense experiences that characterize new love are impossible to replicate leading to wistful reflection and even a repeated pursuit of such ecstatic beginnings Aaron Ben Ze ev takes these experiences seriously but he s also here to remind us of the benefits of profound love an emotion that can only develop with time In The Arc of Love he provides an in depth philosophical account of the experiences that arise in early intense love sexual passion novelty change as well as the benefits of cultivating long term profound love stability development calmness Ben Ze ev analyzes the core of emotions many experience in early love and the challenges they encounter and he offers pointers for weathering these challenges Deploying the rigorous analysis of a philosopher but writing clearly and in an often humorous style with an eye to lived experience he takes on topics like compromise commitment polyamory choosing a partner online dating and when to say I love you Ultimately Ben Ze ev assures us while love is indeed best when fresh if we tend to it carefully it can become more delicious and nourishing even as time marches on

Love as Passion Niklas Luhmann,2014-12-08 In this important book Niklas Luhmann one of the leading social thinkers of the late 20th century analyses the emergence of love as the basis of personal relationships in modern societies He argues that while family systems remained intact in the transition from traditional to modern societies a semantics for love developed to accommodate extra marital relationships this semantics was then transferred back into marriage and eventually transformed marriage itself Drawing on a diverse range of historical and literary sources Luhmann retraces the emergence and evolution of the special semantics of passionate love that has come to form the basis of modern forms of intimacy and personal relationships This classic book by Luhmann has been widely recognized as a work of major importance It is an outstanding contribution to

social theory and it provides an original and illuminating perspective on the nature of modern marriage and sexuality **We Found Her Hidden** Paul Hullah,2018-07-16 This newly revised study examines thematic elements in Christina Rossetti's poetry in order to celebrate and explain an important undervalued writer and her remarkable artistic quest to achieve an original voice Critics rightly applaud Rossetti's metrical craftsmanship and song like lyrical phrasings but over attention to formal felicities can impede proper interpretation of content Through detailed readings of selected poems this book demonstrates that Rossetti's rigorously controlled use of language and innovative symbolism combine to create radical hidden inter textual levels of meaning beyond those attainable via biographical decoding making her a singular bridge between Romanticism and Modernism From earliest secular interactions with Romantic and Tractarian thought through *Goblin Market* 1862 and *The Prince's Progress* 1866 Rossetti's verse resists straightforward interpretation by subtly interrogating and subverting the patriarchal traditions of writing that it simultaneously extends love lyric fairy tale quest myth and sonnet Persuasively constructing a case for the inability of male ordained poetics to cope with the expression of active female identity *Monna Innominata* 1881 deconstructs lyric tradition casting together medieval renaissance Romantic and Victorian ideologies This groundbreaking sonnet cycle disturbs poetic conventions and forms the most concentrated sustained demonstration of the struggle to articulate the female self to be found in Rossetti's oeuvre perhaps in literary history The painful sense of irresolution and despair pervading *Monna Innominata* sheds important light upon Christina Rossetti's exclusive production of devotional literature during her final years *A Parent-Partner Status for American Family Law* Merle H. Pratt,M. Kyle Matsuba,2018 *The Life Story Domains of*

Identity and Personality Development in Emerging Adulthood focuses on individuals' formulations of the unique episodes and events of their lives that give one meaning and a sense of personal identity. This book brings the growing research on narrative study and the life story into focus by drawing from the existing research on personality development during emerging adulthood. In this book, authors Michael W. Pratt and M. Kyle Matsuba present a series of chapters exploring how one's life story manifests across the many components of their developing identity, including their religion, morality, vocation, society, and the relationships they have with their parents, peers, and romantic partners. Taking their cue from Erik Erikson's model of adolescent and adult development, the authors show readers exactly how a life story approach can illuminate the distinctive features of an individual's personality and development during this formative phase of life. Organized around a set of life contexts where personality is manifested, i.e., adjustment, personal ideology, close relationships, occupation, and civic life, this book draws on the authors' own longitudinal research on the development of the life story in emerging adulthood. Throughout the book, they incorporate fascinating case studies and historical examples, e.g., Darwin, Pope Francis, Martin Luther King Jr., and Jane Fonda, of individuals' unique development during this period of life in order to better illustrate the application of this approach to understanding the whole person in context.
